Name: Exeter Hospital Inc

Form 990 (2018)

Form 990, Part III, Line 4a:

In fiscal year 2019, Exeter Hospital served the community by providing care to 5,362 acute inpatients, 187,049 outpatient visits, 27,832 emergency room visits and 548 births. In 2019, Exeter Hospital supported its mission by supporting \$9,591,862 in community outreach, benefits and financial assistance to the community excluding \$38,997,109 in uncovered Medicare and Medicaid expenses. Exeter Hospital supports health care access in its service area by offering a robust financial assistance program that covers the cost of 100% of care provided to area residents based on income and family size. In 2019, the charity care program helped people access the health system as Exeter Hospital incurred a cost of \$1,024,845 to provide financial assistance. In addition we provide support to vital community programs like our Healthreach Diabetes and Paramedicine programs and for providing access to contracted mental health professionals in our emergency room. We also supported access to the health system and the development of healthy life styles through our community education programs and our financial support of important healthcare related community based not for profits such as Lamprey Healthcare and Families First.

Form 990, Part III, Line 4b:

Exeter Hospital's acute care program provides acute inpatient and outpatient observation level care in our 99 staffed inpatient beds. Our inpatient services treat emergent, acute, elective surgical and palliative care patients. Approximately 74% of our admissions come from the emergency room. We offer inpatient acute services for medical and surgical diagnoses for adults as well as pediatric and obstetrical inpatient services. Exeter Hospital is fully accredited by DNV Healthcare, Inc. (an officially deemed Medicare and Medicaid Credentialing agency), earned the Magnet designation from the American Nurses Credentialing Center, which is the most prestigious distinction a healthcare organization can receive for nursing excellence and high quality patient care as well as many other service level specific national accreditations. Our practice model is guided by a series of collaborative Best Practice Committees that engage nurses and physicians in the development of the best possible evidence based care protocols. Exeter Hospital supports the safety of our patients and the efficiency of the care provided through the deployment of a 24/7 Hospitalist program that manages the majority of the medical needs of our patients during their admission. In our 10 bed ICU we also use an intensivist service to ensure that our most acute patients receive the most highly coordinated care possible, resulting in significantly lower than expected infection rates, ICU readmission rates and shorter ICU stays. For our patients at the end of their lives we ensure their safety and comfort through a physician led, highly coordinated palliative care program.

Form 990, Part III, Line 4c:

Exeter Hospital's Surgical program provides a full range of both inpatient and outpatient surgical services for patients of all ages from across our service area. Available surgical specialties include, orthopedics, general, ENT, gynecological, urological, plastics, ophthalmologic and vascular.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4	<p>Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the Hospital analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a significant provision for bad debts in the period of service on the basis of its past experience, which accounts for patients who are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the discounted rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. The Hospital's allowance for doubtful accounts for self-pay patients decreased from 95% of self-pay accounts receivable at September 30, 2018 to 94% of self-pay accounts receivable at September 30, 2019. The Hospital's self-pay bad debt write-offs increased approximately \$564,000 from \$2,976,000 in 2018 to \$3,540,000 in 2019. The net change in the allowance as a percentage of self-pay accounts receivable and bad debt write-offs was a result of collection trends and a shift in payor mix.</p>

The Executive Committee of the Exeter Health Resources, Inc's Board of Trustees conducts an annual review of the compensation of the CEO, other listed officers and key employees. In doing so, the Committee retains a qualified independent compensation consultant to conduct competitive market analysis of the market ranges of base, incentive, and total cash compensation, and to provide advice concerning the reasonableness of the compensation of the CEO, other listed officers and key employees. The Committee utilizes that analysis and other appropriate information in connection with its annual review and makes recommendations to the full board of Exeter Health Resources, Inc for adjustment of the CEO's compensation and the compensation for other listed officers. In addition, the committee determines if the threshold requirements for incentive awards are met, consisting of the organization's performance results for quality, operating system excellence and financial performance.
