| Part X                   | FIN48 Footnote   | In June 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No 48, Accounting for Uncertainty in Income Taxes-an interpretation of Fasb Statement No 109, Accounting for income Taxes (FIN 48), which creates a single model to address uncertainty in tax positions and clarifies the accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. Under the requirements of FIN 48, tax-exempt organizations could now be required to record an obligation as a result of a tax position they have historically taken or various tax exposure items. Prior to FIN 48, the determination of when to record a liability for tax exposure was based on whether a liability was considered probable and reasonably estimable in accordance with SFAS No 5, Accounting for Contingencies. On July 1, 2007, the parent company, WellSpan Health, adopted FIN 48. WellSpan Health determined that it does not have any uncertain tax positions through June 30, 2018. |  |  |  |  |  |  |

Assessment (CHNA) processes in Lancaster County First, WellSpan-Ephrata Community Hospital maintained its partnership with the Lancaster Health Improvement Partnership (LHIP) and its partner organizations to conduct an ongoing CHNA across the county Using the Conduent-Healthy Communities Initiative model, these entities regularly collect available secondary data on diverse topics including community demographics, health behaviors and conditions, vital statistics, and, community conditions (i.e., air and water quality). Public health experts and various community stakeholders review this data and provide comments and recommendations based on county data and the clients they represent. The individuals consulted with represent diverse sectors of the Lancaster County community including mental health, city and county government, health care organizations, the state health department, nursing homes, public health entities, homeless facilities, pregnancy services, faith-based, low-income service agencies, the local chamber of commerce, chronic disease and health-related organizations (HIV prevention, cancer prevention, immunization), and, racial/ethnic community-based organizations. In addition, to better understand the health needs of its

service market, WellSpan-Ephrata Community Hospital Community conducted a CHNA with other WellSpan Health entities across its region, with a focus on the primary market served by WellSpan-Ephrata Community Hospital Information collected through the CHNA was then shared with diverse community stakeholders to educate about current needs, identify areas of focus, and garner collective support for future strategy development and implementation. Community organizations represented

included Cocalico Area Senior Center, Ephrata Area School District, Ephrata Area Senior Center, Ephrata Chamber of Commerce, Ephrata Community Hospital Foundation, Good Samaritan Shelter,

Philhaven, WellSpan Medical Group, and, Welsh Mountain Federally Qualified Health Center (FQHC) In addition, an individual representing the local Plain Population participated in the process CHNA data is

revisited regularly to guide implementation strategies and progress toward achieving identified

| Part V, Line 11 - Explanation of Needs Not | In reviewing the top twenty indicators detected in the CHNA, many are related to the root causes of |  |  |

chronic diseases that are addressed by our two adopted focus areas. There are other areas that are Addressed and Reasons Why not addressed by the hospital's action plan. Some indicators go beyond the scope of a community hospital's services, such as workers who drive alone to work, unemployed workers in civilian labor force, and households without a vehicle. In these cases the hospital would lack an effective approach

to elicit any meaningful impact

| Part V, Line 13h - Other Factors<br>Used in Determing Amounts<br>Charged Patients   | WellSpan Health is committed to caring for all the members of its communities, regardless of their ability to pay. In recent years, overall charity care has decreased slightly as more people have obtained health insurance coverage through the Affordable Care Act and the expansion of Pennsylvanias Medical Assistance (Medicaid) program. WellSpan is proud to be a leading partner in the Healthy Community Network, which works to address the needs of uninsured and underinsured individuals in our community. In addition, the health system recently enhanced its financial assistance policy and the discounts that it provides on services. For example, if a patients income is less than 300 percent of the federal poverty level, that patient would be eligible for a 100 percent discount on the services provided. Additionally, significant discounts are available for patients whose income is between 300 percent and 400 percent of the federal poverty level.
