Return Reference	Explanation
Part I, LineS 3 AND 4B & Part II-COL (C)	As it relates to the compensation from Montefiore Medicine Academic Health System, Inc. The Compensation Committee reviews and approves all forms of compensation and benefits provided to each executive (except those generally provided to all management level employees) with the assistance of a national independent compensation consulting firm. The consulting firm assists the Compensation Committee with its decision-making process to ensure executive compensation levels are reasonable and appropriate relative to those of other similar organizations. Base salaries in Column B(i) are determined based on competitive market practices for comparable positions with similar size organizations and scope of responsibilities. Bonus and incentive compensation in Column B(ii) is based on the achievement of performance goals. The executives' compensation program has a significant pay-at-risk component to ensure the alignment of pay and organizational performance. Goals are set in advance in areas such as quality of care, patient satisfaction, community services and financial performance. Compensation is at risk if the goals established by the Compensation Committee are not met. In a manner designed to qualify for the "rebuttable presumption of reasonableness" the Compensation Committee of the Montefiore's Board of Trustees expressly reviewed and approved these retirement benefit arrangements for its senior executives in a manner that qualified under the intermediate sanctions rules of the Federal tax law, and in recognition of (a) the executives' years of service to the organization and (b) the significant contributions to enhancing the ability of the organization to achieve its charitable mission in a manner consistent with financial solvency. Accordingly, this benefit should be viewed as applying to years of service for the organization. Supplemental executive retirement plan accrued and unpaid service costs Christopher S. Panczner - \$604,174
