UNCERTAINTIES IN INCOME TAXES	<p>SCHEDULE D, PART X, LINE 2 The Association follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the consolidated financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. The Association is exempt from federal income tax under Code Section 501(c)(3), though it is subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. The Association has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated business income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and, to identify and evaluate other matters that may be considered tax positions. The Association has determined that there are no material uncertainties in tax positions that require recognition or disclosure in its consolidated financial statements. In addition, the Association has not recorded a provision for income taxes for the years ended March 31, 2020 and 2019, as it has no material tax liability from unrelated business income activities.</p>
