Part II-B, Line 1	While UC Healthcare System does not spend a substantial amount of resources or time participating in lobbying activities, UC Healthcare System does maintain a government relations office that is focused on improving and expanding interactions with local, state, and federal government appointed and elected officials relating to health reimbursement and grant/funding issues. During fiscal year 2019, UC Healthcare System's government relations office incurred \$237,675 in expenses relating to various lobbying activities. Certain members of management and faculty meet with and educate local, state and federal officials relating to health, reimbursement, and grant/funding issues. The value of their time spent performing lobbying activities is not quantifiable. Additionally, lobbying expenses of \$31,288 represent a portion of the dues paid to national and state hospital and academic medical center associations that is specifically allocable to lobbying. UC Healthcare System does not participate in or intervene in (including the publishing or distributing of statements) any political campaign on behalf of (or in opposition to) any candidate for public office.

When a patient receives their balance due statement, the back of the statement provides information regarding programs and eligibility. During the collections process, representatives will also offer financial assistance information if a patient notifies them that they do not have the ability to pay. Finally, UC Healthcare System provides the Financial Assistance Policy, Financial Assistance Application, Financial Assistance Plain Language Summary and other detailed information online, to educate patients of programs that are available.
