Form 990 (2017)

#### Form 990, Part III, Line 4a:

See Schedule OScott & White Hospital - College Station dba Baylor Scott & White Medical Center - College Station (BSW College Station) is a faith-based, nonprofit, 119 bed acute care hospital providing exemplary patient care to the residents of Brazos County and the surrounding communities since 2013 BSW College Station is affiliated with Baylor Scott & White Health (BSWH), a faith based nationally acclaimed network of acute care hospitals and related health care entities providing quality patient care, medical education, medical research and other community services to the residents of North and Central Texas. As the largest not-for-profit health care system in Texas and one of the largest in the United States, BSWH was born from the 2013 combination of Baylor Health Care System and Scott & White Healthcare Today, BSWH includes 50 hospitals, over 1,100 patient care sites, more than 7,500 active physicians, approximately 48,000 employees and the Scott & White Health Plan BSW College Station provides a Level III neonatal intensive care unit (NICU), neurosurgery, intraoperative robotic surgery, plastic surgery, orthopedics, comprehensive cardiac services, endoscopic, labor and delivery, pharmacy, and imaging During the fiscal year, BSW College Station admitted 6,564 patients resulting in 23,116 patient days, delivered 1,201 babies, and received 29,582 emergency department visits. Additionally, BSW College Station provided community benefits (as reported to the Texas Department of State

Health Services and in accordance with the State of Texas Statutory methodology) of \$15,299,160 and provided community benefits (as reported on the Internal Revenue Service (IRS) Form 990. Schedule H) of \$9.111.502 during the tax year. The Texas Annual Statement of Community Benefit Standard includes approximately \$4.505,204 of unreimbursed cost of Medicare that is not included in the IRS Form 990, Schedule H See Schedule H for more information regarding these services and how BSW College Station promotes the health of the communities

Part I, Line 3c	and Line 3b In addition to providing free care to financially indigent patients at 200% of the federal poverty guidelines ("FPG"), the organization provides discounted care to the medically indigent which is based on both the FPG (up to 500%) and the percentage of the patient's total bills from all Baylor Scott & White Health related providers in relation to the patient's annual income		
Part I, Line 6a	The organization prepares and files an Annual Report of Community Benefit Plan with the Texas Department of State Health Services This report is made available through the organization's website at http://communityneeds.		

Form and Line Reference Explanation A ratio of patient care cost to charges, as determined in Worksheet 2, was used to report the amounts in Part I, Line 7 Part I, Lines 7a - 7d For amounts reported on lines 7e - 7k, actual expenses for each community benefit activity are tracked and reported using both community benefit software and/or the organization's cost accounting system Part I, Line 7b, Column (d) Includes payments from the State 1115 Medicaid Waiver Program for uncompensated care, which funds are to be used to expand indigent care

Part I. Ln 7 Col(f)

The amount of bad debt expense included on Form 990, Part IX, line 25, but removed for Schedule H. Part

I, Line 7, Column (f) totaled \$0

Part III, Line 4	As stated in the combined audited financial statements, "The System maintains allowances for uncollectible accounts for estimated losses resulting from a payor's inability to make payments on accounts. The System assesses the reasonableness of the allowance account based on the historical write-offs, cash collections, the aging of the accounts and other economic factors. Accounts are written off when collection efforts have been exhausted. Management continually monitors and adjusts its allowance associated with its receivables. Bad debt does not include amounts for patients who are known to qualify under the organization's charity care policy. The amount of bad debt attributable to patient's accounts is net of contractual allowance, payments received and recoveries of bad debt previously written off. The Organization has entered zero on Schedule H, Part III, Line 3, however, based on prior experience and certain demographics and other information obtained during admission, the organization believes a portion of the bad debt expenses (estimated to range from 1-5%) would be attributable to patients that would otherwise qualify for charity care. Despite all of the effort and ways the organization educates patients about qualifying for its charity care program as demonstrated in Part VI, question 3 below, many uninsured patients either refuse or fail to complete a charity care application or provide sufficient information at the time of admission, during their stay or after being discharged to qualify for assistance under the organization's charity care policy.
Part III, Line 8	The amount reported on Part III, Section B, line 7 was calculated in accordance with the Schedule H instructions utilizing the organization's allowable cost reported in the Medicare cost report based on a cost to charge ratio. However, the allowable costs in the Medicare cost report do not reflect the actual cost of providing care to patients since the Medicare cost report excludes many direct patient care costs that are essential to providing quality care to these patients. For example, certain coverage fees to physicians, cost of Medicare C, and D, and other similar direct patient care expenses are specifically excluded as allowable.

cost in the cost reports. The organization believes that all of the shortfall should be considered as a community benefit for the following reasons First, the IRS Community Benefit Standard includes the provision of care to the elderly and Medicare patients IRS Revenue Ruling 69-545 provides, in part, that hospitals serving patients with governmental health benefits, including for example Medicare, is an indication that the hospital operates for the promotion of health in the community. Second, the organization provides care to Medicare patients regardless of this shortfall, i.e., loss, and thereby relieves the state and federal government of the burden of paying the full cost for the care of Medicare beneficiaries Medicare does not provide sufficient reimbursement to cover the entire cost of providing care to these patients causing the organization to use other surplus funds to cover the shortfall. It is expected that reimbursement under the Medicare program will continue to decline and therefore may

further limit access to care due to the anticipated reduction of participating Medicare providers in the community As a result, the care for these patients will likely increase at, and rest on the shoulders of, nonprofit hospitals or county hospital districts. Third, many of the Medicare participants have low fixed incomes and therefore would qualify for charity care or other means tested government programs absent being enrolled in the Medicare program Fourth, Texas nonprofit hospitals must provide a minimum level of community benefit in order to obtain exemption from state and local taxes. According to the current Texas Health and Safety Code, the unreimbursed cost of Medicare is considered to be a community benefit in determining these state statutory requirements as it helps relieve a governmental burden of providing this care that would otherwise be provided through the county hospital system in Texas

Part III, Line 9b	The organization's patient billing and collection policy prohibits any collection efforts for the portion of the account balance that qualifies for financial assistance under the organization's financial assistance policy For any remaining balances due, the same policy contains the actions that may be taken in the event of nonpayment, which are applied equally to all patient types. The policy is made widely available to the public on the organization's website https://www.bswhealth.com/financialassistance.

During the fiscal year ending June 30, 2016, the Organization conducted a Community Health Needs
Assessment (CHNA) to assess the health care needs of the community for each of its licensed hospital
facilities and developed an implementation strategy to address the needs identified in the CHNAs. The
CHNAs were conducted in accordance with state and federal guidelines including Internal Revenue Code
Section 501(r) and the Texas Health and Safety Code Section 311. These CHNAs and implementation
strategies have been made widely available to the public and are located on the Organization's website at

Part VI, Line 3	The organization is committed to promoting health in the community including providing or finding financial assistance programs to assist patients. Patients who may qualify for financial assistance through the organization's charity care program or other federal, state and local government programs are informed and educated about their eligibility in several ways including, but not limited to, the following 1) posting signs and notices regarding the financial assistance policy in the emergency departments, admitting areas and business offices located throughout the organization 2) annual posting regarding the organization's financial assistance program in the local newspapers 3) information regarding financial assistance, including the organization's financial assistance policy, is posted on the organization's website 4) notices about the organization's financial assistance policy is posted on each bill sent to patients including providing a phone number to access the customer service unit dedicated to answering patients billing questions, as well as provide information regarding financial assistance and 5) the organization may provide free financial counselors to help inpatients determine how to meet their financial obligations for services provided. Specifically financial counselors assist patients in applying for government assistance programs such as Medicaid or the organization's financial assistance program. Any patient may request to speak to a financial counselor when being treated at the organization. Uninsured patients who are admitted to the hospital will automatically receive help from a financial counselor. These services are provided in writing and through interpretation services in the primary language of the patient requesting assistance. The organization has the 501(r) policies available on its website in eight languages. English, Spanish, Russian, Korean, Vietnamese, Arabic, French and Chinese. The organization can also accommodate other languages including American Sign Language as needed.

77840 College Station - 2,381 people The sixty-five plus cohort was the smallest but is expected to
experience the most growth over the next five years, adding nearly 8,000 seniors to the community
Growth in this population will likely contribute to increased utilization of services as the population
continues to age Meanwhile, 45 and 64 year old cohort is expected to decrease except in Brazos County
where it is expected to grow by 2,500 lives Diversity in the community will increase as minority
populations are expected to grow the fastest. The white population is expected to remain relatively flat,
however, the black population is projected to decline by 4 4% over the next 5 years. The Asian / Pacific
Islander, multi-racial and American Indian / Native American populations are all expected to experience
growth over the next 5 years. Total population can be analyzed by race or by Hispanic ethnicity. The
graphs below display the community's total population breakdown by race (including all ethnicities) and
also by ethnicity (including all races) The growth of the Hispanic population in the community is projected
to far exceed that of the non-Hispanic population with 24,012 Hispanic individuals being added to the
community over the next 5 years The median household income for the community served was \$45,802
Forty-one percent (41%) of the community was privately insured, which is equivalent to 165,363 covered
lives The population purchasing insurance through the health insurance exchange marketplace is
expected to increase from 10% of the privately insured to 20% by 2020 Medicaid covers 39,927 (11%)
In the second control of the second control

lives, 154,382 (39%) are uninsured, and 41,231 (10%) are covered by Medicare or are Medicare Dual Eligible The uninsured population is not projected to experience any change over the next 5 years

Part VI, Line 5	With the oversight of the organization's board and Baylor Scott & White Holdings, the organization's ultimate parent, the organization's hospital facilities and/or other health care facilities have promoted health and benefited the community by providing exemplary health care, medical education, research and other community services. The organization's governing body includes volunteer community representatives that provide leadership and governance for the organization. The members of the governing body contribute their wisdom, insights, and expertise to ensure the organization is fulfilling its mission and charitable purpose while providing efficient administrative support services and direction for the organization The members are well respected residents and/or own businesses in the organization's primary or secondary service area and understand the needs of the community. The medical staff of the organization is open to all physicians in the community who meet membership and clinical privilege requirements. As a nonprofit organization surplus funds are continuously invested back to the community and are utilized to maintain access to limited patient services or expand access points of care to patients throughout the community. These efforts are generally targeted to meet the community health needs identified in the community health needs assessment conducted by each of the hospital's facilities. Baylor S&W Med Ctr - College Station	Part V, Section B, Line 5 Focus groups with a total of six (6) participants, as well as nine (9) key informant interviews, were conducted September through November 2015 in order to take into account the input of persons representing the broad interests of the community served. The focus groups and interviews were conducted to solicit feedback from leaders and representatives who serve the community and have insight into community needs. The focus group is designed to familiarize participants with the CHNA process and gain a better understanding of priority health needs from the community's perspective. Focus groups were formatted for individual as well as small group feedback and also helped identify other community organizations already addressing health needs in the community. Truven Health also conducted key informant interviews for the community served. The interviews were designed to help understand and gain insight into how participants feel about the general health status of the community and the various drivers contributing to health issues. In order to qualitatively assess the health needs for the community, participation was solicited from at least one state, local, tribal, or regional governmental public health department (or equivalent department or agency) with knowledge, information, or expertise relevant to the health needs of the community, as well as individuals or organizations serving and/or representing the interests of medically underserved, low-income, and minority populations in the community. In order to ensure the input received also represented the broad interests of the community served, participation was also sought from community leaders/groups, public health organizations, other healthcare organizations, and other healthcare providers (including physicians). The following is a list of the groups consulted. Clinic Patients, Burlesoi County Health Resource Commission, City of College Station, Central Health, Catholic Charities of Central Health.

Return Reference	Explanation
Part I, Line 1a	Tax indemnification and gross-up payments-The organization provides tax indemnification where the BSW Holdings' CEO, COO or CFO determines there is justification to reimburse an individual for the tax impact on certain taxable, non-cash benefits provided to them. All tax indemnification payments provided are treated as taxable compensation. Seven of the persons listed in the Form 990, Part VII, Section A, received this benefit during the tax year. Discretionary spending account-The organization provides eligible employees who travel frequently in their personal vehicle an auto expense allowance in lieu of reimbursement for business mileage under the organization's business travel and expense reimbursement policy. All auto expense allowances are treated as taxable compensation. One person listed in the Form 990, Part VII, Section A, received this benefit during the tax year.
Part I, Line 3	Process for determining compensation. The organization, a controlled affiliate of BSW Holdings, recognizes that those chosen to lead the organization are vital to its ongoing success and growth. Thus, it must attract, retain and engage the highest quality officers and key employees to lead the organization and help the organization maintain its national reputation for achieving high targets for medical quality, patient safety, and patient satisfaction. A significant portion of the organization's officers and key employees' total compensation is based on significant performance achievements. This strategy places a greater emphasis on the

Regulation 53 4958-6, as summarized below. When making compensation decisions, the organization compares itself to similarly-sized, and structured businesses. including other integrated health care service systems and other similarly-sized organizations, both locally and nationally. Each year the BSW Holdings Board of Trustees and the Compensation Committee, on behalf of the organization through reserved powers held by BSW Holdings, works directly with an independent compensation expert(s) to identify reasonable and competitive market rates as well as provide an annual review of the total compensation of the organization's top management officials and other officers and key employees to ensure total compensation is within a fair market range. The annual review included management ranges, earned incentives, and/or benefit offerings for the organization's President, other officers and/or key employees to be comparable to similar organizations for similar services and/or positions. Furthermore, the Compensation Committee is charged with the responsibility of reviewing annually the major elements of the executive compensation program to assure designs remain consistent with the business needs, market practices, and compensation philosophy. As part of the decision making process, the Compensation Committee will often meet in executive session to discuss and review recommendations made by the independent compensation expert(s). No officer or key employee whose compensation is being reviewed is present during these discussions. All decisions are properly documented in the minutes of the meetings Part I, Line 4b In order to recruit and retain key talent, BSW Holdings and certain tax exempt affiliates (BSWH) offers a supplemental non-qualified retirement plan to eligible

employees. The plan provides an annual benefit (based on a percentage of compensation) to the employee that is paid to the employee on a future date upon vesting in the plan. The following individual(s) participated in and/or received payments (noted in parenthesis) from BSWH's supplemental non-qualified retirement. plan during the tax year Angel Caldera, M.D., Erin Bird, M.D., Jason Jennings, Madhava R. Beeram, M.D., Mark Montgomery, M.D., Michael D. Reis, M.D., Michael L Middleton, M D , Patricia M Currie, Robin W Watson, M D , Timothy Bittenbinder, M D , Tresa McNeal, M D and William L Rayburn, M D Also, certain senior officers, as designated by the BSW Holdings' governing body, are eligible to participate in a Long Term Incentive Plan that is designed to recognize key senior leader's value and contribution to BSWH as well as align their compensation to the long term strategy of BSWH Performance targets are based upon a percentage of the participant's base salary and are developed by independent third party expert(s) using market competitive data within the guides of reasonableness. The plan is based on BSWH's three-year performance against its peers, determined based on peer rankings or percentile rankings in quality, patient satisfaction and financial performance At the end of three years, awards are determined by BSW Holdings' governing body for participants Payouts are partially made in cash and the

The organization has adopted and implemented BSW Holdings', the organization's ultimate parent, Annual Incentive Program to provide a market competitive total cash compensation incentive program that is designed to attract and retain key leaders and establish greater individual accountability and alignment to business performance Payout targets are based upon a percentage of base pay and are developed by independent third party expert(s) using comparable market competitive data within the bounds of reasonableness and that are reviewed and approved by BSW Holdings' governing body. Payout levels are based upon a combination of system, entity, and individual performance using various metrics related to quality, patient satisfaction, employee retention, and financial stewardship BSW Holdings' governing body may approve modifications to annual incentive awards provided under the program consistent with market

Supplemental Information Governing Body Compensation The members of the governing body serve on a voluntary basis and receive no cash compensation from the organization for these duties as a member of the governing body. Some, but not all, members may have received modest benefits incident to their service on the board and/or multiple board committees or received compensation as an employee of a related organization. Form 990, Part VI, Section B, line 15	Process for determining compensation. The organization, a controlled affiliate of BSW Hold ings, recognizes that those chosen to lead the organization are vital to its ongoing succe ss and growth. Thus, it must attract, retain and engage the highest quality officers and key employees to lead the organization and help the organization maintain its national reputation for achieving high targets for medical quality, patient safety, and patient satisfaction. A significant portion of the organization's officers and key employees' total compensation is based on significant performance achievements. This strategy places a greater emphasis on the importance of the organization achieving targeted improvements in the areas of people, quality, patient satisfaction and financial stewardship, annually. Total execultive compensation is part of an integrated talent management strategy developed by the BSW Holdings Board of Trustees and its Compensation Committee to attract, motivate, and retain the best leadership resources for the organization. Executive compensation is determined pursuant to guidelines outlined in the intermediate sanction rules under IRC Section 4958 including taking steps to meet the rebuttable presumption standard of reasonableness under in Treasury Regulation 53 4958-6, as summarized below. When making compensation decisions, the organization compares itself to similarly-sized, and structured businesses including of their integrated health care service systems and other similarly-sized organizations, both locally and nationally. Each year the BSW Holdings Board of Trustees and the Compensation Committee, on behalf of the organization through reserved powers held by BSW Holdings, works directly with an independent compensation expert(s) to identify reasonable and competitive market rates as well as provide an annual review of the total compensation expert of the organization's top management officials and other officers and key employees to ensure total compensation is within a fair market range.
