Part X, Line 2:	The Company and its affiliates have been determined to be tax-exempt organizations as desc ribed in Section 501(c)(3) of the Internal Revenue Code (the Code) and, accordingly, are e xempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been recorded in the accompanying consolida ted financial statements for these tax-exempt organizations. The Captive is a limited liab ility company (LLC) under the Federal Income Tax Code and as an LLC passes its income or loss for federal and state tax purposes to its members. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by FASB, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Company has sevaluated the tax positions taken on its filed tax returns. The Company has concluded no

uncertain income tax positions exist at June 30, 2020.

Part I, Line 7:	Charity care is billed at no more than the "amount generally billed" i.e. the average of the commercial rates and Medicare rates for emergency and other medically necessary services, and is included in net patient service revenues. Cost and expenses incurred in providing these services are included in operating expenses. Charges for services rendered to individuals from whom payment is expected and ultimately not received are written off and included as a reduction of revenue as part of the provision for bad debts. The organization's bad debt expense cost is calculated using gross charges less discounts generally allowed all private pay patients. We currently allow a discount of 18% for all self paid patient bills. If bills are paid promptly other discounts are allowed.
Part I, Ln 7 Col(f):	Bad debt expense is treated as a reduction of gross patient revenues according to generally accepted accounting principles.

Part II, Community Building Activities:	MaineGeneral Health and Affiliates offers a variety of classes and community health outreach events to support and build our community. Such events range from cancer survivor classes, a safe babysitter program and parenting education. The organization provides a wide range of programs to support a healthy and well educated community throughout all ages and health care situations. The organization offers diabetes care and smoking cessation classes, along with support groups for area individuals with a variety of health problems including Alzheimer's disease, bariatric surgery needs, brain injury, stroke and

Part III, Line 2:	A provision for charges for services rendered to individuals from whom payment is expected and

A provision for charges for services rendered to individuals from whom payment is expected and ultimately not received is written off and included as a reduction of operating revenues, recorded as provision for bad debts. The organization's bad debt expense is calculated using gross charges, reduced to reflect discounts allowed to all private payment patients.

Explanation

In May 2014, the FASB issued a new standard related to revenue recognition. MGH adopted the new standard effective July 1, 2018, using the full retrospective method. The adoption of the new standard did not have an impact on the recognition of revenues for any periods prior to adoption. The most significant impact of adopting the new standard is the presentation of the consolidated statements of operations where the "provision for bad debt" is no longer presented as a separate line item and "net patient service"

revenue" is presented net of estimated implicit price concession revenue deductions. The related

	sheets as a result of the adoption of the new standard.
,	In accordance with the Affordable Care Act, individuals, once identified as eligible for the Organization's uncompensated care program, will be billed no more than the amount generally billed i.e. the average of the three best, negotiated commercial rates and Medicare rates for emergency and other medically

necessary services.

Part VI, Line 3:	For inpatient stays, the Medical Center Patient Registration Department provides a written notice regarding the availability of the uncompensated services program to inpatients upon admission or, in the case of an emergency, before discharge. In those rare cases where the notice was not given to the patient at admission or upon discharge due to unavoidable circumstances, a charity care notice was sent with the initial patient bill. All outpatient departments including provider based practices provide patients access to the written notice of availability of the uncompensated services program at the time of service. Initial patient bills include a notification to patients on the availability of the uncompensated services program. Subsequent patient billings also include notices to patients about the availability of the program. During
	this process, if it appears that a patient is qualified for the government programs, the program application is provided to the patient and a patient financial services representative provides any assistance required in educating the patient on properly preparing the application. The Hospital makes all reasonable efforts to communicate the contents of the income guidelines to persons that it has reason to believe cannot read the notice.					
Part VI, Line 4:	MaineGeneral Medical Center's service area consists of a population of approximately 180,000 residents covering 120 square miles living in 82 communities. This population represents 100% of Kennebec County, 87% of Somerset County, 24% of Waldo County and 35% of Knox County population. The primary service area (PSA) is defined as the zip codes where MGH has the majority of discharges. The secondary service area (SSA) is defined as zip codes where MGH has 15% or greater, but less than a					

majority of total discharges.

Part VI, Line 5:

MaineGeneral Health and Affiliates supports the health of the community by being involved with several of the non-profit organizations in the area. Several of our staff serve on the board of directors of these organizations, as well as volunteer their time in other capacities for local non-profit organizations. Our staff also commit their time to serving in several health care leadership organizations. They provide their knowledge and experience to prompte higher quality health care throughout our community.

Form and Line Reference	Explanation					
MaineGeneral Medical Center	Part V, Section B, Line 5: The CHNA was a collaborative effort including the State of Maine Center for Disease Control, Maine Health System, MaineGeneral Health, Central Maine Health and Northern Light Health System. As a result of this collaboration significant statistical data from federal and state sources were used to identify state wide and community focused health needs. Through this collaboration it was ensured that broad interests of the local community were represented; stakeholder feedback was solicited on prioritizing significant health needs and identified local assets and resources that could address health priorities. The planning process included the district liaison from the Maine CDC and representatives from participating Maine hospitals in the region. The leaders reached out to community benefit leadership among other local not-for-profit hospitals, local public health departments, and other organizations and community sectors whose work impacts the health of the communities in the district and/or county. This outreach resulted in the formation of committees which reflected the populations that need to be engaged and included individuals with diverse expertise or community roles, including representatives from the following sectors: Public healthCommunity health coalitionsHealthcare providers, including oral and behavioral healthcare providers, Minority populations (e.g. Maine NAACP members, Latino student club and immigrant services), Business and civic leadership (e.g. local employers, civic organizations and community leaders), Funding agencies (e.g. local philanthropic organizations, bank and credit union services), local and state government, non-profit organizations, including hospitals, colleges and universities and low-income and/or medically underserved people. The MSCHNA committee collected input as resources allowed through the best methods determined locally.
