Before you check Box D, E, or F below, see whether you received any Form(s) 1099-B or substitute statement(s) from your broker. A substitute statement will have the same information as Form 1099-B. Either will show whether your basis (usually your cost) was reported to the IRS by your broker and may even tell you which box to check.

Part II Long-Term. Transactions involving capital assets you held more than 1 year are generally long-term (see instructions) For short-term transactions, see page 1

Note: You may aggregate all long-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS and for which no adjustments or codes are required. Enter the totals directly on Schedule D, line 8a, you aren't required to report these transactions on Form 8949 (see instructions)

You must check Box D, E, or F below. Check only one box. If more than one box applies for your long-term transactions, complete a separate Form 8949, page 2, for each applicable box If you have more long-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need

(D) Long-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS (see Note above)

Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

What's New

Refundable minimum tax credit. For tax years beginning in 2018 and 2019, a corporation is allowed an AMT refundable credit amount equal to 50% (100% for tax years beginning in 2019) of the excess minimum tax credit over the corporation's regular tax liability. The corporation can make an election to take 100% of the refundable credit in 2018. If the corporation makes this election, no credit is allowed for 2019. See section 53(e). Also, see the instructions for line 3.

Purpose of Form

Corporations use Form 8827 to figure the minimum tax credit, if any, for AMT incurred in prior tax years, the refundable AMT credit amount, and to figure any minimum tax credit carryforward.

Who Should File

Form 8827 should be filed by corporations that had a minimum tax credit carryover from 2018 to 2019.

Line 2

Enter the corporation's 2019 regular income tax liability, as defined in section 26(b), minus any credits allowed under Chapter 1, Subchapter A, Part IV, subparts B, D, E, and F of the Internal Revenue Code (for example, if filing Form 1120, subtract any credits on Schedule J, Part I, lines 5a through 5c, from the amount on Schedule J, Part I, line 2).

Line 3

The minimum tax credit limitation is increased by the AMT refundable credit amount. If the corporation did not make an election under section 53(e)(5) to take the entire refundable credit amount in 2018, 100% of the available minimum tax credits in excess of the 2019 regular tax liability is refundable for 2019. If the corporation made the election under section 53(e)(5) no refundable credit is allowed for 2019.

If applicable, complete the Worksheet for Calculating the Refundable Minimum Tax Credit Amount, later in the instructions. Enter the amount from line 3 of the worksheet on Form 8827, line 3.

Note: A corporation with a short tax year (less than 12 months) must prorate the refundable credit based on the number of days in their tax year. See section 53(e)(4).
