Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	<p>The Hospital is a not-for-profit corporation pursuant to Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes on related income pursuant to Section 501(a)</p> <p>Accordingly, no provision for income taxes is required for the Hospital in the consolidated financial statements. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded. The Hospital is no longer subject to examination by U.S. federal taxing authorities for years before 2011 and for all state income taxes through 2012. The Hospital does not expect the total amount of unrecognized tax positions to significantly change in the next 12 months. The Hospital has no amounts accrued for interest or penalties as of December 31, 2017 and 2016.</p>

<p>Schedule H, Part V, Section B, Line 11            HOW THE HOSPITAL IS ADDRESSING            THE SIGNIFICANT NEEDS IN CHNA</p>	<p>REHABILITATION HOSPITAL OF INDIANA ACTIVITIES TO ADDRESS PRIORITIES Rehabilitation Hospital of Indiana provides various avenues to assist community residents in improving their health knowledge and care. In addition, Rehabilitation Hospital of Indiana partners with other community organizations in healthcare, wellness, outreach, and other services to address our communities' health needs. Among the many programs focused on priority areas identified, we list a few examples here that take Rehabilitation Hospital of Indiana beyond the clinic walls and into the community. Access to healthcare * On Tuesday, June 27th, RHI partnered with a number of local hospitals and health care organizations to co-sponsor the third annual "Strike Out Stroke" event at Victory Field. The focus of this event was to educate the community about the prevalence and symptoms of stroke and send the message that quick action in the event of a suspected stroke can save lives. Volunteer efforts included distributing promotional giveaways as well as providing stroke education information and blood pressure readings to attendees prior to the game. We also had a very strong showing of RHI employees and previous patients coming out in support of this fantastic event. * RHI offers free monthly support groups related to stroke, brain injury, and spinal cord injury providing education, training and coping skills to both survivors and their caregivers. Additionally, these programs help to decrease social isolation and increase support in the community. Nutrition and Healthy Weight * RHI Sports' Annual Water Ski Clinic is a two day program held at Morse Reservoir. This clinic provides individuals with physical disabilities the opportunity to participate in the thrilling sport of water skiing, helping to increase the participant's overall physical fitness and self-confidence while decreasing feelings of isolation and helplessness. The two day event serves community individuals with physical disabilities. * * On Thursday, June 1st, RHI team members volunteered at Arsenal Tech High School as we partnered with IU Health to provide free sports physicals for IPS students from local schools. Volunteer activities included screening for vision and measuring the height, weight and blood pressure of 135 students. Because of these collaborative efforts, we have helped a large number of Marion County high school students stay active by passing their physicals that will allow them to participate in sports activities. * RHI Sports Community Fitness Program occurs twice weekly at our main hospital location. In recognizing that an individual with a disability needs to continue leading a healthy lifestyle, RHI makes the therapy gym and specialized equipment available at no cost to all members of the community that have a physical disability. Behavioral Health and Substance Abuse * Targeting mental health issues, RHI partnered with Mental Health America of Greater Indianapolis to sponsor fifteen Mental Health First Aid scholarships for Marion County community members (teachers, social workers, youth group leaders, etc.) to be trained to recognize the potential risk factors and warning signs for a range of mental health problems and provide guidance for those undergoing crisis to receive necessary resources, support, and treatments to achieve recovery. Community Revitalization * On Saturday, April 22nd, Team RHI partnered with numerous community members for the 2017 Great Indy Cleanup. Sponsored by Keep Indiana Beautiful, this is an anti-litter program in partnership with the City of Indianapolis that is designed to assist individuals and community groups combat heavy litter and debris that has accumulated in public spaces. Our team's efforts concentrated on the school grounds of Jonathan Jennings Elementary School and the surrounding neighborhoods on the west-side of Indianapolis. * On September 26th and 27th, the RHI therapy team partnered with Junior Achievement of Central Indiana and numerous industry leaders to support the second annual JA JobSparks event at the Indiana State Fairgrounds. The focus of this two day event was to offer Marion County students insights on what industries interest them, what specific jobs are like, and what education is required to perform them successfully. Research has shown that when a student has a real idea of what they want to do after high school, they are much more likely to stay in school and graduate. Because of the efforts of team RHI, we have provided a "spark" in positively impacting more than 8,700 Indianapolis students by sharing with them our clinical expertise and providing insights into physical, occupational and speech therapy careers. * On Friday, October 6th, Team RHI members partnered with Greater Indy Habitat for Humanity to spend the day in helping build two homes on the East side of Indianapolis as part of the Eastern Star Church ROCK Initiative. Our volunteers did an absolutely incredible job of working together.</p>

Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	<p>The provision for bad debts is based upon management's assessment of historical and expected collections of accounts receivable considering business and economic conditions, trends in health care coverage, and other collection indicators. Accounts receivable are written off and charged to the provision for bad debts after collection efforts have been made in accordance with the Hospital's policies. Recoveries are treated as a reduction to the provision for bad debts. Accounts receivable are reduced by an allowance for doubtful accounts. Periodically, management assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by major payor category. Data about the major payor sources of revenue is analyzed to establish an appropriate allowance for uncollectible receivables and provision for bad debts. For receivables associated with services provided to patients who have third-party coverage, contractually due amounts are analyzed and compared to actual cash collected over time to enhance the quality of the estimate of the allowance for doubtful accounts and the provision for bad debts (for example, for expected uncollectible deductibles and co-payments on accounts for which the third-party payor has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and co payment balances due for which third-party coverage exists for part of the bill), a significant allowance for doubtful accounts is recorded on the basis of historical experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. An estimate of the difference between contracted rates and amounts actually collected, after all reasonable collection efforts have been exhausted, is charged to the provision for bad debts and credited to the allowance for doubtful accounts.</p>

Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Any cost incurred for treatment of a patient in which the total amount of revenue was not collected, is reported as a shortfall. By continuing to treat patient eligible for Medicare, hospitals alleviate the federal government's burden for directly providing medical services. The shortfall is due to continued cuts in Medicare reimbursement while RHI continues to invest in state-of-the-art equipment and facilities to meet the challenging healthcare needs of the community. Medicare allowable costs were determined based on the cost to charge ratio from the FY 2017 Medicare cost report.
