Return Reference	Explanation
Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	<p>The Corporation and its related affiliates, except for NorthShore University HealthSystem Insurance International (Insurance International), NorthShore Physician Associates, Inc (NPA), Community Care Partners, LLC (CCP), and NorthShore Physician Associates Value Based Care, LLC (VBC) known as NorthShore Exempt Group, have been determined to qualify as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC). Most of the income received by NorthShore Exempt Group is exempt from taxation under Section 501(a) of the IRC as income related to the mission of the organization. Accordingly, there is no material provision for income tax for these entities. Some of the income received by exempt entities is subject to taxation as unrelated business income. NorthShore and its subsidiaries file federal income tax returns and returns for various states in the U.S. ASC 740-10, Income Taxes, requires that realization of an uncertain income tax position is more likely than not (i.e., greater than 50% likelihood of receiving a benefit) before it can be recognized in the financial statements. Furthermore, this interpretation prescribes the benefit to be recorded in the financial statements as the amount most likely to be realized assuming a review by tax authorities having all relevant information and applying current conventions. This interpretation also clarifies the financial statement classification of tax-related penalties and interest and sets forth new disclosures regarding unrecognized tax benefits. No amount was recorded for the years ended September 30, 2019 or 2018. For the year ended September 30, 2019, the Corporation has a net operating loss carryforward of \$8,153,767, which generated assets of \$2,324,231. These assets are offset by a valuation allowance of \$916,220. For the year ended September 30, 2018, the Corporation has a net operating loss carryforward of \$8,642,741, which generated assets of \$2,463,613. These assets are offset by a valuation allowance of \$1,020,271.</p>

Schedule H, Part I, Line 3c Other Factors Used to Determine Eligibility for Financial Assistance	In addition to the Federal Poverty Guidelines, NorthShore University HealthSystem uses the following factors to determine eligibility for financial assistance asset level, medical indigency, insurance status, underinsurance status, and residency

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	NorthShore University HealthSystem calculated the cost of charity care and means-tested government programs using the cost-to-charge ratio derived from Schedule H, Worksheet 2, Ratio of Patient Care Cost-to-Charges. Amounts in the other benefits section of Line 7 were calculated using costs charged directly to the individual programs from the financial accounting system. An indirect cost allocation factor for hospital shared services was also calculated and included for each program indicated in other benefits.

Form and Line Reference	Explanation
Schedule H, Part II Community Building Activities	NorthShore University HealthSystem (NorthShore) employees are involved in numerous community building activities which promote the health of the communities it serves. NorthShore encourages its employees to serve on community collaboration boards and participate in health advocacy programs to promote the health of the communities served.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Bad debt expense was reported at cost using a cost-to-charge methodology. The Schedule H, Worksheet 2, Ratio of Patient Care Cost-to-Charges calculated to report charity care on Part I, Line 7a was multiplied by the bad debt expense to determine the bad debt expense at cost. Discounts and payments on patient accounts are excluded from bad debt expense in order to reflect the expected amount to be paid.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	NorthShore University HealthSystem (NorthShore) follows the Illinois Fair Patient Billing Act. The collection policy is the same for all patients. Patients are screened for eligibility for financial assistance before collection procedures begin. After a patient meets the qualifications for financial assistance, the account balance is either partially or entirely written off. Any remaining balance would be collected under the existing debt collection policy.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	<p>NorthShore University HealthSystem (NorthShore) informs and educates low-income patients of our Financial Assistance program across many points within the system. We have posted signs--both English and Spanish--in all our facilities' Emergency Departments and at our Central Registration areas. The NorthShore patient information television channel is available to all patients upon admission and a section describes how to obtain Financial Assistance. The NorthShore billing statements describes the Financial Assistance program and necessary contact information. Our collection agencies and billing offices also coordinate charity care to potentially eligible patients. Finally, the NorthShore website (northshore.org) is another useful resource that informs patients about the Financial Assistance program with links to the application process and the actual financial application. NorthShore also has approximately 16 full-time financial counselors and 38 Customer Service agents representing our hospitals, clinics, and physician offices. These counselors and representatives are responsible for helping patients understand their bills and coordinating financial assistance and insurance eligibility when appropriate. Any uninsured patient admitted to our hospitals will have their case reviewed by a financial counselor. NorthShore has also earned Certified Application Counselor Organization (CACO) status with the Centers for Medicare and Medicaid Services (CMS). Our counselors are certified and capable of helping patients navigate Medicaid and Insurance Exchange options. Any patient having difficulty paying their portion of the bill or wanting to know if they are eligible for financial assistance will have their case reviewed by calling our centralized Customer Service billing department. Our Customer Service department responds to approximately 1,400 calls per day from patients with questions about their bill or that are unable to pay. In addition to the formal application process for Financial Assistance, NorthShore may also grant Financial Assistance on a presumptive basis. Presumptive Financial Assistance approvals are based upon individual life circumstances such as enrollment in low-income government programs with income eligibility below 200 percent of federal poverty level income guidelines or verification of financial indigence through a credit rating agency and their calculated healthcare credit score.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 4 Community information	NorthShore University HealthSystem (NorthShore) has four hospital facilities located in the northern suburbs of Chicago, Illinois. The NorthShore service area has a total population size of approximately 1.6 million. The median household income is approximately \$85,000. During fiscal year 2019, approximately 3% of NorthShore's patients had no insurance and 7% qualified for Medicaid. Within NorthShore's service area, there are four federally-designated medically underserved areas. NorthShore's service area also includes 10 other hospitals.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5 Promotion of community health	<p>NorthShore University HealthSystem (NorthShore) extends medical staff privileges to all qualified physicians in the NorthShore community. A majority of the NorthShore Board members also reside in NorthShore's service area and are not employees, independent contractors, or family members thereof. NorthShore also uses surplus funds to add new buildings and renovate existing facilities to better serve patients and the community. Additional programs conducted by NorthShore to help promote the health of the community include Residency and Education Programs - NorthShore is committed to excellence in its academic mission and supports teaching and research in its role as the principal teaching affiliate of the University of Chicago Pritzker School of Medicine. NorthShore also has additional teaching affiliation agreements with Rush University Medical Center, University of Illinois-Chicago, Stroger Hospital, and Northwestern University Feinberg School of Medicine. NorthShore has an extensive selection of training programs and fellowships to offer physicians at its teaching and research facilities. During fiscal year 2019, 222 resident and fellow full-time equivalents (FTEs) participated in NorthShore and affiliate-based programs. The NorthShore residency program areas include Dentistry, Family Medicine, Internal Medicine (Categorical, Preliminary, and Transitional), and Pathology. The NorthShore fellowship program areas include Cardiology, Endocrine Surgery, Family Medicine-Sports Medicine, Gastroenterology, Maternal-Fetal Medicine, Musculoskeletal Imaging, Simulation-Emergency Medicine, and Urogynecology. The affiliate-based residency program areas include Anesthesiology, Emergency Medicine, General Surgery, Neurology, Neurosurgery, Obstetrics and Gynecology, Ophthalmology, Orthopaedic Surgery, Otolaryngology, Pediatrics, Plastic Surgery, Podiatry, Psychiatry, Radiology, and Urology. The affiliate-based fellowship program areas include Cardiothoracic Surgery, Child Psychiatry, Colon Rectal Surgery, Gynecology-Oncology, Hematology-Oncology, Mammography, Maternal-Fetal Medicine, Medical Microbiology, Molecular Genetics Pathology, Neonatal-Perinatal Medicine, Nephrology, Neuroradiology, Orthopaedic Hand, Orthopaedic Sports, Palliative Medicine, Peripheral Vascular Surgery, and Surgical Oncology. NorthShore also offers a comprehensive Pharmacy residency program, with resident positions located at all four hospitals. The Pharmacy residency program includes both clinical and administrative exposure focusing on inpatient practice. The program consists of a multitude of experiences that reinforce residents' knowledge and skills and help them advance into well-rounded practitioners. During fiscal year 2019, 20 residents participated in the program. The NorthShore School of Nurse Anesthesia operates out of Evanston Hospital and is affiliated with DePaul University. The program has full accreditation from the Council of Accreditation of Nurse Anesthesia Educational Programs. The mission of the school is to prepare qualified professional registered nurses for the advanced practice of nurse anesthesia in a variety of practice settings. The graduate nurse anesthetist demonstrates the knowledge, skills, and attitude necessary to take on leadership roles in the practice of nurse anesthesia. During fiscal year 2019, 68 students participated in the program. NorthShore also provided clinical training and internships during the 2019 academic year for 753 high school and college students. Students interned in various areas including Nursing, Physical Therapy, Laboratory, Radiology, Occupational Therapy, Medical Social Work, and Speech Pathology. Community Advisory Committees - The Community Advisory Committees' (CAC) role is to advise hospital administration on services and initiatives from a community perspective. The CACs are structured to ensure NorthShore's accountability to the community and to assist in the fulfillment of the community relations vision, that the more NorthShore and the community connect, the stronger and healthier both will become. The CACs are primarily comprised of community members, along with hospital administrative and professional staff. NorthShore strives for diverse membership to include business, faith community, social services, civic organizations, government officials, elected officials, as well as interested citizens. The CACs meet quarterly and help to identify gaps in healthcare services within the community and seek opportunities for partnerships between the hospitals and community organizations. In addition, the CACs assist NorthShore with the community health needs assessment process. Be Well Lake County - Be Well Lake County is a collaboration between NorthShore and Lake County Health Department/Community Health Center that provides greater access through a coordinated network of healthcare targeting the underserved diabetes population in Lake County. Funding also allows for increased staff.</p>

Form and Line Reference	Explanation
Schedule H, Part VI, Line 6 Affiliated health care system	<p>NorthShore University HealthSystem (NorthShore) is a comprehensive, fully integrated, healthcare delivery system that includes four hospitals, as well as numerous outpatient departments and clinics. In addition to the hospital organization, there are the following affiliates that help to meet the needs of the community:</p> <p>NorthShore University HealthSystem Foundation - The NorthShore University HealthSystem Foundation (Foundation) seeks to obtain the philanthropic support required to ensure that NorthShore can provide medical care, advanced research, and state-of-the-art facilities and equipment. The Foundation builds relationships with individuals and the community to increase awareness of NorthShore's high-quality services and giving opportunities.</p> <p>NorthShore University HealthSystem Research Institute - The NorthShore University HealthSystem Research Institute (Research Institute) was organized in 1996 to provide a means for integrating leading-edge research into improved clinical care. The Research Institute also creates an environment to recruit and retain externally-funded research leadership in order to achieve the mission and goals of the organization. The Research Institute now houses more than 250 principal investigators who currently occupy 95,000 net square feet of research space and work on 247 active research protocols. Total external funding is now approximately \$93 million. The Research Institute builds on NorthShore's promise to deliver excellence in all aspects of patient care. Efforts are directed to research initiatives that make a difference across multiple disciplines. From oncology and neurology to orthopaedics and cardiovascular care, the Research Institute focuses on areas of inquiry that have the potential to make the greatest impact on improving and saving lives. NorthShore offers some 1,000 active clinical trials of various types, from innovative surgical procedures to the latest drug therapies. NorthShore's clinical research portfolio focuses on a range of conditions, including cancer, neurologic disorders and stroke, cardiovascular disorders, and a wide range of pediatric and gynecologic conditions. Additionally, major clinical trial programs in advanced imaging and medical genetics are also offered. The Research Institute is also a member of the Illinois Precision Medicine Consortium (IPMC), which is part of a national landmark longitudinal All of Us Research Program (AoURP) cohort program to improve the ability to prevent and treat disease based on individual lifestyle, environment, and genetics. NorthShore will enroll over 9,000 NorthShore patients in the study, and participants in NorthShore's AoURP will be asked to share a wide-range of health, environmental, and lifestyle information. The NorthShore Program for Personalized Cancer Care (PPCC) is pioneering new strategies in cancer care. The PPCC uniquely focuses on the genetic pattern of an individual's hereditary DNA to derive a personalized cancer risk assessment profile. Based on the inherited risk of developing a given cancer, the PPCC is beginning to implement personalized cancer care strategies that encompass the entire spectrum of disease. The PPCC believes this approach will lead to more efficient use of health care resources by targeting prevention and screenings toward individuals at greater risk of developing cancer, earlier cancer detection, and, ultimately and most importantly, reduced cancer deaths and suffering.</p> <p>NorthShore University Health System Home and Hospice Services - NorthShore University HealthSystem Home and Hospice Services (Home and Hospice) offers the full spectrum of home and hospice care, including skilled nursing, physical and occupational therapy, and home medical equipment. The Home and Hospice caregivers represent a wide range of medical specialties and work with the patient, family, and physician to tailor home care to meet the individual needs of each patient.</p> <p>NorthShore University HealthSystem Faculty Practice Associates - NorthShore University HealthSystem Faculty Practice Associates (FPA) represents almost 1,000 physicians with over 130 offices in virtually every specialty all on staff at NorthShore hospitals. The primary function and activity of FPA is to employ, supervise, and conduct employment-related activities with respect to physicians who provide professional health care services directly for NorthShore patients. FPA physicians also conduct medical education and research activities on behalf of NorthShore.</p> <p>Radiation Medicine Institute - Radiation Medicine Institute (RMI) employs, supervises, and conducts employment-related activities with respect to physicians who provide professional health care services directly for NorthShore patients. RMI physicians also conduct medical education and research activities on behalf of NorthShore.</p>

Return Reference	Explanation
Schedule I, Part I, Line 2 Procedures for monitoring use of grant funds	NorthShore University HealthSystem (NorthShore) provides cash and non-cash assistance to organizations that help support NorthShore's mission to preserve and improve human life. Requests to support an outside organization must be reviewed and approved by the Community Relations department and NorthShore management to ensure the organization is aligned with NorthShore's mission and charitable purpose. NorthShore also provides cash grants to sub-recipients of grant awards. NorthShore requires all sub-recipients to sign a consortium agreement stating that the sub-recipient understands and agrees to all applicable compliance requirements. NorthShore meets with the sub-recipients on a regular basis and reviews the sub-recipients' A-133 reports. In addition, NorthShore provides cash support to related organizations. Support to related organizations is monitored through the NorthShore budget and reporting procedures for the consolidated financial statements. NorthShore also provides nursing scholarships to individuals. The scholarship amount depends on the degree sought, and the number of scholarships awarded depends on the available funds for each year. Scholarships are awarded on an annual basis to applicants that meet the eligibility criteria. Applicants must be current employees of NorthShore as a staff nurse or other related clinical position. Applicants must also be currently enrolled in a nursing degree program, and enrollment must be maintained for the year the scholarship is received. In addition, applicants must sign a Scholarship Agreement to work for NorthShore as a staff nurse or in a related clinical position for one year following receipt of the scholarship.

Return Reference	Explanation
Form 990, Part III, Line 4a Program Service Description - Patient Care	<p>NorthShore University HealthSystem (NorthShore) is a comprehensive, fully integrated, healthcare delivery system serving the Chicago region. NorthShore, headquartered in Evanston, Illinois, includes four hospitals - Evanston Hospital, Glenbrook Hospital, Highland Park Hospital, and Skokie Hospital. NorthShore also includes a 900 physician multispecialty group practice, NorthShore University HealthSystem Faculty Practice Associates, with more than 140 locations in the Chicagoland area. NorthShore is a Magnet-recognized organization, the first in Illinois to receive this prestigious honor as an entire system that demonstrates excellence in nursing and high standards in patient care. NorthShore also is a national leader in the implementation of innovative technologies, including an Electronic Medical Record (EMR) system. In 2003, NorthShore was among the first in the country to successfully implement a system-wide EMR with demonstrable benefits in quality, safety, efficiency and service to patients. NorthShore has been recognized by multiple national organizations for this notable achievement. As the principal teaching affiliate for the University of Chicago Pritzker School of Medicine, NorthShore is dedicated to excellence in medical education and research. Combined with NorthShore's established reputation for advanced information technology and its strong clinical environment, this affiliation represents an exciting advancement in patient care for the Chicagoland area. NorthShore's health system includes significant capabilities in a wide spectrum of leading clinical programs, including Kellogg Cancer Center, NorthShore Neurological Institute, NorthShore Orthopaedic Institute, North Shore Cardiovascular Institute, Neaman Center for Personalized Medicine and High-Risk Maternity. All four NorthShore hospitals received grades of "A" in new ratings from The Leapfrog Group, a national organization that focuses on quality and safety in American health care. The Leapfrog Hospital Safety Grade uses 28 measures of publicly available hospital safety data to assign grades to more than 2,600 U.S. hospitals twice per year. NorthShore hospitals were named to the Healthgrades America's Best Hospitals list. NorthShore was listed among the 250 Best Hospitals, recognized for being among the top 5% of hospitals nationwide for clinical excellence. Such hospitals demonstrate superior clinical outcomes across the majority of common inpatient conditions and procedures, according to Healthgrades. NorthShore was recognized as one of the nation's 100 Top Hospitals and a Top 15 Major Teaching Hospital by IBM Watson Health, formerly Truven Health Analytics, a leading provider of data-driven analytics and solutions to improve the cost and quality of healthcare. NorthShore is the only hospital in the U.S. to achieve this honor 20 times during the award's 26-year history. Presumptive Financial Assistance approvals are based upon individual life circumstances such as enrollment in low-income government programs with income eligibility below 200 percent of federal poverty level income guidelines or verification of financial indigence through a credit rating agency and their calculated healthcare credit score. NorthShore Evanston Hospital - Evanston Hospital continues to serve the community as a comprehensive acute-care facility and the nucleus of NorthShore. Principal home to NorthShore Cardiovascular Institute and Kellogg Cancer Center, Evanston Hospital also offers a variety of surgical specialties: neurosurgery, gynecological surgery, robot-assisted surgery, surgical oncology and urology surgery. Evanston Hospital is certified by the Joint Commission in palliative care and as a Primary Stroke Center - providing an acute stroke team 24 hours a day, seven days a week for rapid diagnosis and treatment. Evanston Hospital also is a premier Level I Trauma Center in the northern suburbs with a recently renovated and expanded Emergency Department. Physicians work alongside leading researchers to translate the latest technology, treatment and research into improved patient care. As the regional center for high-risk obstetrics, the Infant Special Care Unit and the Women's Hospital offer a comfortable birthing environment where high-risk mothers and their babies have access to the latest technology and a highly trained staff. Evanston Hospital also offers leading-edge lab capabilities and serves as a home base for NorthShore's pioneering Neaman Center for Personalized Medicine, which customizes a patient's care and treatment plan based on the individual's unique genetic characteristics and health history. It also houses the Grainger Center for Simulation and Innovation, which provides nurses, physicians, residents, paramedics, firefighters and police with simulated clinical care, trauma and emergency preparedness training in a controlled environment. During fiscal year 2019, Evanston Hospital total admissions were 18,706, and total patient days were 93,316.</p>

During fiscal year 2019, Skokie Hospital total admissions were 7,995, and total patient days were 31,298.</p> <p>NorthShore University HealthSystem Faculty Practice Associates - NorthShore University HealthSystem Faculty Practice Associates (FPA) is comprised of about 900 primary and specialty care physicians located in Chicago and many of the northern suburbs. With more than 140 locations, the primary care team includes experts in internal medicine, family medicine, pediatrics and obstetrics and gynecology. Our primary care team works in close collaboration with physicians in over 50 specialty services in every field of medicine, including cancer, orthopaedics, neurological and cardiovascular care. Additionally, in late 2017, NorthShore advanced primary care by integrating genetics into patient care plans to more precisely guide medical management. Patients who see a FPA primary care physician, now receive a Genetic and Wellness Assessment as part of a patient's annual physical. This personalized medicine tool helps the doctor better identify risk factors and detect diseases at their earliest, most treatable stages. Through NorthShore's teaching affiliation with the University of Chicago Pritzker School of Medicine, FPA physicians hold academic appointments at the Pritzker School of Medicine, helping to teach and train the physicians of tomorrow.</p> <p>NorthShore University HealthSystem Foundation - NorthShore University HealthSystem Foundation (Foundation) is dedicated to attracting and stewarding philanthropy in support of NorthShore's mission to "preserve and improve human life." Generous donations of time, talent and treasure - from individuals, foundations and corporations - help to ensure that world-class healthcare is available close to home. Philanthropy was integral to the founding of NorthShore in 1891, and is simply a part of NorthShore - past, present and future.</p> <p>NorthShore University HealthSystem Home and Hospice Services - NorthShore University HealthSystem Home and Hospice Services (Home and Hospice) offers the full spectrum of home and hospice care, including skilled nursing, physical and occupational therapy and home medical equipment. Form 990, Part III, Line 4c Program Service Description - Research	<p>The NorthShore University HealthSystem Research Institute (Research Institute) was organized in 1996 to provide a means for integrating leading-edge research into improved clinical care. The Research Institute also creates an environment to recruit and retain externally-funded research leadership in order to achieve the mission and goals of the organization. The Research Institute now houses more than 250 principal investigators who currently occupy 95,000 net square feet of research space and work on 247 active research protocols. Total external funding is now approximately \$93 million. The Research Institute builds on NorthShore's promise to deliver excellence in all aspects of patient care. Efforts are directed to research initiatives that make a difference across multiple disciplines. From oncology and neurology to orthopaedics and cardiovascular care, the Research Institute focuses on areas of inquiry that have the potential to make the greatest impact on improving and saving lives. NorthShore offers some 1,000 active clinical trials of various types, from innovative surgical procedures to the latest drug therapies. NorthShore's clinical research portfolio focuses on a range of conditions, including cancer, neurologic disorders and stroke, cardiovascular disorders, and a wide range of pediatric and gynecologic conditions. Additionally, major clinical trial programs in advanced imaging and medical genetics are also offered. The Research Institute is also a member of the Illinois Precision Medicine Consortium (IPMC), which is part of a national landmark longitudinal All of Us Research Program (AoURP) cohort program to improve the ability to prevent and treat disease based on individual lifestyle, environment, and genetics. NorthShore will enroll over 9,000 NorthShore patients in the study, and participants in NorthShore's AoURP will be asked to share a wide-range of health, environmental, and lifestyle information. The NorthShore Program for Personalized Cancer Care (PPCC) is pioneering new strategies in cancer care. The PPCC uniquely focuses on the genetic pattern of an individual's hereditary DNA to derive a personalized cancer risk assessment profile. Based on the inherited risk of developing a given cancer, the PPCC is beginning to implement personalized cancer care strategies that encompass the entire spectrum of disease. The PPCC believes this approach will lead to more efficient use of health care resources by targeting prevention and screenings toward individuals at greater risk of developing cancer, earlier cancer detection, and, ultimately and most importantly, reduced cancer deaths and suffering.</p>
