990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 6a	Related Organization Community Benefit Report The community benefit report is prepared by the parent corporation Sinai Health System (36-3166895) Part I, Line 7 Explanation of Costing Methodology The costing methodology utilized throughout this report is the cost to charge ratios based on the Medicare and Medicaid costs reports Total cost per the Medicare Cost Report worksheet B, PT1 column 27 divided by total inpatient gross revenue Part I, Line 7, Column F Explanation of Bad Debt Expense The bad debt expense was included on Form 990, Part IX, Line 25, column A but was subtracted from the total expenses for purposes of calculating the percentage in this column The bad debt expense is \$13,317,972
Part III, Line 2	Methodology Used to Estimate Bad Debt Expense Holy Cross Hospital estimates bad debt expense based upon managements assessment of historical and expected net collections considering historical business and economic conditions, trends in health care coverage, and other collection indicators Management assesses the allowance for uncollectible accounts based upon historical write-off experience Part III, Line 3 Methodology Of Estimated Amount & Rationale For Including Community Benefit Holy Cross Hospital first determines if a patient qualifies for charity care If a patient is classified as charity care they would not be included as bad debt Some patients do not desire to complete the charity care applications and as such can be included in the bad debt amounts One example of a patient population that does not complete charity care applications is undocumented workers The corporation estimates bad debt expense based upon managements assessment of historical and expected net collections considering historical business and economic conditions, trends in health care coverage, and other collection indicators Management assesses the allowance for uncollectible accounts based upon historical write-off experience Part III, Line 4 Bad Debt Expense Per Audited financial statements Note 1 Patient Accounts Receivable, the Corporation maintains allowances for uncollectible accounts for estimated losses resulting from a payors inability to make payments on accounts The Corporation estimates the allowance for uncollectible accounts based upon managements assessment of historical and expected net collections considering historical business and economic conditions, trends in health care coverage, and other collection indicators The corporation recognizes a significant amount of patient service revenue at the time services are rendered even though the Corporation does not assess the patient's ability to pay at that time As a result, the provision for bad debts is presented as a deduction from patient service revenue (net of contractual provisions and discounts) For uninsured patients that do not qualify for charity care, the corporation establishes an allowance to reduce the carrying value of such receivable to their estimated net realizable value Management assesses the adequacy of the allowance for uncollectible accounts based on historical write-off experience After satisfaction of amounts due from insurance, the Corporation follows established guidelines for placing certain past-due balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by the Corporation The Corporation generally does not charge interest on past due accounts A significant portion of the corporation's provision for doubtful accounts relates to self-pay patients, as well as co-payments and deductibles owed to the corporation by patients with insurance Part III, Line 8 Explanation of Shortfall as Community Benefit There was no shortfall this year The costing methodology utilized throughout this report is the cost to charge ratios based on the Medicare and Medicaid cost reports Total cost per the Medicare Cost Report worksheet B, PT1 column 27 divided by total inpatient and outpatient gross revenue Part III, Line 9b Provisions on Collection practices for Qualified Patients Holy Cross Hospitals collection process includes both letter and call series built to inform patients of their outstanding balances and to explain available payment options If the patient is uninsured a discount is applied to the patients account in accordance with the Illinois Patient Uninsured Act In addition, resources are made available to patients throughout the collections process These resources included a charity program targeted to low income individuals residing in Sinai Health System core service area, and non-interest bearing payment plans that start as low as \$25 a month The debt collection practices only apply to charity patients to the extent of the copayments or patient portion balances and not to amounts that have been approved as charity or financial assistance

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 2	<p>Needs Assessment Holy Cross Hospital uses various methods to assess the health care needs of the community it serves. Important information is gathered from the Census Updates, Illinois Department of Healthcare and Family Services, the Department of Public Health, Cook County Department of Public Health, City of Chicago Department of Public Health, University of Chicago Urban Health Initiatives, Churches, community organizations and advocacy groups. Because of the Hospital's close relationship with leaders of the New Communities Program, the Hospital was instrumental in establishing the Healthy Chicago Lawn advocacy coalition. Holy Cross Hospital has served as the host site and primary health resource for the majority of Healthy Chicago Lawn Coalitions planning, education and advocacy initiatives. Healthy Chicago Lawn has prompted the development of many relational, educational and promotional health awareness activities in the Chicago Lawn community. As a result of the partnership with community organizations, Holy Cross Hospital has become more accessible to community groups and residents. There has been an increased awareness of the services provided by the Hospital which has resulted in positive health outcomes in the communities served by Holy Cross Hospital. The Hospital also assesses the needs of the community through the Parish Nurse program. Community Outreach nurses attend church meetings where information is received about the sick parishioners at home and in nursing homes. There are three large Catholic churches in the community that have a formal Holy Cross Hospital Parish Nurse program. The Hospital has designated a nurse to service these churches. The nurse conducts blood pressure screenings and health assessments for 100 regular parishioners. New parishioners, who are uninsured, are assisted with referrals. Also, home visit arrangements are made for at risk seniors. The Hospital also has a volunteer team at churches to assist with health fairs and health education events, such as the MERCK Pharmaceuticals sponsored Diabetes Education program for the Latino community. Another source for assessing the health care needs of the community is through membership in 10 community organizations each of which is deeply invested in addressing one or more social determinants of health, such as housing, violence and youth services. Community groups have requested the Hospital for health care professionals to join their boards and assist with the direction of their advocacy and policies. Unpaid Hospital staff have become board members of these organizations, which has helped the Hospital identify the needs of the community and in turn communicate to the leadership of these organizations that the resources the Hospital has to serve them.</p> <p>Part VI, Line 3 Patient Education Of Eligibility For Assistance Holy Cross Hospital informs patients of the charity care policy through signage in the hospital, written communication, statements and on the Sinai Health Systems website. Each hospital bill, invoice, or other summary of charges to an uninsured patient shall include with it, or on it, a prominent statement that an uninsured patient who meets certain income requirements may qualify for an uninsured discount along with information regarding how the patient may apply for financial assistance.</p> <p>Part VI, Line 4 Community Information Holy Cross Hospital as a part of Sinai Health System and serves a population base of over one million people located on the west side of Chicago.</p>
Part VI, Line 5	<p>Promotion of Community health Holy Cross Hospital, as a part of Sinai Health System, has a board comprised of respected leaders in banking, finance, manufacturing, legal, health care and other industries. Holy Cross hospital extends medical staff privileges to all qualified physicians for all departments. Holy Cross Hospital invests any surplus funds into improving patient care. Holy Cross also participates in the following community benefit programs:</p> <ul style="list-style-type: none"> Parish Nurse Program - Through the Hospital's Parish Nurse Program, the Hospital has dedicated a nurse to conduct blood pressure screenings and ongoing health assessments for approximately 100 regular parishioners. The nurse also attends church meetings where she receives information about the sick parishioners at home and in nursing homes. Arrangements are made to assist the sick parishioners. The hospital participates with seven catholic churches in conducting health education workshops and assist the uninsured with referrals. There are 30 senior groups that meet once a month for diagnostic testing, health assessments and health education. Most of these seniors are in their 80s and 90s and the Hospital assists them with having ongoing physician appointments and helping them with their medical needs, by ongoing health assessment and transition to assisted living or homemaker referrals. Vaccine for Children Program with CDPH - The Hospital works closely with grade school and high school nurses in the community. The purpose of this program is to assist children who are in need of recommended immunizations to remain in school. Vaccines are administered during school hours. Most of these children are on Medicaid or have no insurance. The vaccines are obtained from CDPH and the parents are not charged for administering the vaccines. The Hospital also documents in the state I CARE REGISTRY all immunizations given and assists the school nurses with medical immunizations by verifying the students immunizations found in the state system. Community Health Fairs - The Hospital's representatives attend community group events and fairs. The Hospital provides free health screenings and health education materials at these events. On average, there are approximately 40 events per year. Influenza Program - The Hospital administers flu immunizations during the year. These flu shots were administered at senior group meetings, churches and health fairs for community groups. We formed a Joint influenza program with Walgreens who provided free influenza vaccines to people with no insurance and ten area churches. Hospital Referrals for At Risk Seniors - Under this program, in certain situations, the Hospital's health care professional will make a home visit to assess an at risk seniors living situation after discharge from the Hospital. Participation in Community Health Speakers Bureau - The Hospital's health care professionals participate in promoting healthy lifestyles by volunteering to be speakers whenever Community and civic groups ask for assistance in having a speaker for their events. <p>Part VI, Line 6 Affiliated Health Care System Roles Holy Cross Hospital is part of the Sinai Health System. The Sinai Health System is a unique health care delivery system on the West and Southwest sides of Chicago. Mount Sinai Hospital was founded in 1919 to provide care to Eastern European Jewish immigrants in the area as well as to create a place for Jewish doctors to practice. The Sinai Health System now serves predominantly Black and Latino communities, but our mission has remained the same. This mission addresses our desire to make a difference in both the individuals and the communities we serve. As we develop innovative and effective ways to do this, we strive to become the national model for the delivery of urban health care. Along with Holy Cross Hospital, the system includes Mount Sinai Hospital, Schwab Rehabilitation Hospital, Sinai Childrens Hospital, Sinai Medical Group, the Sinai Community Institute, and the Sinai Urban Health Institute. Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 5	<p>In 2015 Holy Cross Hospital facilitated focus groups with community members to better understand the needs and assets of the community that makes up its primary service area. Focus group participants were selected to represent medically underserved, low income, marginalized and minority populations. The purpose of the focus groups were to gain insight on the most pressing health conditions affecting each community, the barriers to overcoming those conditions, and how a community hospital such as HCH might help improve the community's health. These groups were held in both English and Spanish, as appropriate. Many people contributed to the CHNA report, including the staff of the Sinai urban health institute. These are all people trained in public health (most are graduates of schools of public health with MPH or PhD degrees). We thus believe that the public health credentials of the authors of this report are substantial and notable. SCHEDULE H, PART V, SECTION B, LINE 7A - CHNA WEBSITE HTTP://WWW.SINAI.ORG/CONTENT/COMMUNITY-HEALTH-NEEDS-ASSESSMENTS-CHNA SCHEDULE H, PART V, SECTION B, LINE 11 Holy Cross Hospital is now using the implementation plan that was created as part of June 2016 CHNA. The CHNA identifies significant health needs and barriers faced by the communities served by HOLY CROSS HOSPITAL. HOLY CROSS HOSPITAL leaders developed an implementation plan and rollout strategy that aligns with the hospital's strategic plan and will be implemented over the course of three years. Holy Cross is addressing the following significant health needs - Diabetes - Cardiovascular Health - Asthma - Cancer - Access to mental health services - Gun Violence. Holy Cross has implemented projects such as providing community education around asthma, breast health, diabetes, maternal and child health, and violence prevention. In the hospital, we have conducted HIV screening programs, worked on a quality improvement project to address COPD readmissions, and assisted patients with social service needs. It is our goal to provide the best care possible to address the needs of our community. The CHNA and its implementation plan have assisted in guiding our work on how to address the needs of our community. Holy Cross Hospital remains fully engaged in implementing the strategies and expects to substantially complete the identified plans by the time of the next CHNA.
