Return Reference	Explanation
Schedule G, Part II	The Bill Foege Global Health Awards is an annual event hosted by the Organization to recognize people and organizations whose contributions to the progress of global health measure substantially. The purpose of the event is to gather the leaders of the global health community as well as to raise awareness of the Organization within the global health community. The Organization hosts a Vision Summit periodically, where it invites both donors and prospective donors from all parts of the United States to gather and learn more about the Organization and its activities. The Organization provides updates to attendees regarding the Organization's program activities and informs attendees of new activities and initiatives. Attendees are invited at the discretion of the Organization, and there is no charge to attend the event. There is no expectation that a contribution is required to be made in order to attend the event. Any donations received from attendees at the event are completely voluntary and are given without receiving or expecting to receive goods or services in exchange for the payment, and therefore are treated as contributions by the Organization. In addition to the contributions that are raised at each of the above events (and that are reported on this Schedule G), attendees often become regular contributors to the Organization throughout the year as a result of the information that they receive at these events.

**990 Schedule O, Supplemental Information**

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VIII, Line 1g & Form 990, Part IX, Line 3	<p>Noncash contributions ("gifts in-kind"), including donated pharmaceuticals and medical supplies, are recognized as revenue at their estimated fair value on the date the gifts are received. The Organization only records the value of noncash contributions over which it exercises variance power. In general, the Organization's management estimates the fair value of donated pharmaceuticals using "wholesale acquisition cost," listed in reference materials including the IBM Micromedex RED BOOK, a widely-used drug and pricing reference guide for the pharmaceutical industry in the United States. The Organization's Management may apply discounts to the prices in the RED BOOK depending on the gift's condition or other factors. For gifts in-kind of pharmaceuticals and medical supplies that are sold in the United States market, the Organization has determined that the U.S. is the principal or most advantageous market for purposes of estimating fair value. If prices for a particular item are not available in the RED BOOK, the Organization estimates fair value using other online pricing sources. The Organization considers the valuation practices used for noncash contributions to be consistent with industry standards. The Organization's policy is to distribute donated pharmaceuticals and medical supplies, and those items are recognized as expenses when they are shipped from the Organization's warehouse or the date upon which the Organization no longer exercises practical control over those items.</p>
