Form 990, Part VIII, Line 1g & Form 990, Part IX, Line 3:	<p>Noncash contributions ("gifts in-kind"), including donated pharmaceuticals and medical supplies, are recognized as revenue at their estimated fair value on the date the gifts are received. The Organization only records the value of noncash contributions over which it exercises variance power. In general, the Organization's management estimates the fair value of donated pharmaceuticals using "wholesale acquisition cost," listed in reference materials including the IBM Micromedex RED BOOK, a widely-used drug and pricing reference guide for the pharmaceutical industry in the United States. The Organization's Management may apply discounts to the prices in the RED BOOK depending on the gift's condition or other factors. For gifts in-kind of pharmaceuticals and medical supplies that are sold in the United States market, the Organization has determined that the U.S. is the principal or most advantageous market for purposes of estimating fair value. If prices for a particular item are not available in the RED BOOK, the Organization estimates fair value using other online pricing sources. The Organization considers the valuation practices used for noncash contributions to be consistent with industry standards. The Organization's policy is to distribute donated pharmaceuticals and medical supplies, and those items are recognized as expenses when they are shipped from the Organization's warehouse or the date upon which the Organization no longer exercises practical control over those items.</p>
