Executive incentive compensation is determined by several key metrics that are established by the Nebraska Medical Center Board of Directors. These metrics are inclusive of strategic, financial, operational and quality outcomes. On an annual basis, the Nebraska Medical Center Board of Directors reviews achievement of present targets and approves incentives when warranted. These performance payments are in lieu of a typical executive's base pay. The Board of Directors and executives determined it is in the best interest of the Organization to have a portion of their base pay subject to forfeiture unless the pre-determined financial and non-financial factors discussed above are achieved.
