## Form 990, Part III, Line 4a:

Programmatic Supports The Fund's work includes investments in supporting principals and aspiring principals through programming, actionable data and public reporting. Fund programs serve leaders in schools across the city, representing a diversity of school types including elementary, high school, charter and district. Each year, we leverage real-time data on school needs and outcomes to implement the most effective programs for our participating educators. The COVID-19 pandemic impacted students and communities across the city. The State of Illinois issued a stay-at-home order on March 17, 2020 and school buildings were closed. In this context, Chicago's 652 principals played an important role in ensuring that students were healthy, supported, and ready to return to school. The Fund doubled down on our supports for school leaders during this time. Our partners quickly modified their in-person coaching sessions to virtual formats. They adapted their support to meet principals' more immediate needs, such as focusing on remote learning and family engagement strategies. In total, 254 principals and 106 aspiring principals in 284 schools across the city completed Fund programming in June of 2020. These efforts ensured that the majority of program participants (84%) continued to engage with our partners after remote learning began. This included 59 assistant principals in APs Rising, a suite of targeted development opportunities through The Chicago Principal Partnership (The Partnership), designed to support assistant principals (APs) interested in future principal roles. By July 2020, three APs in the program had secured principal contracts. Over 120 principals and 50 aspiring principals participated in 25 principal-led Professional Learning Communities (PLCs). Each PLC is facilitated by a high-performing principal with known expertise in a specific topic area. The Fund also supported 57 principal-led teams through our eighth annual Summer Design Program (SDP), a unique professional development opportunity that offers school teams the space, time and expertise to pursue innovative solutions to some of their most pressing challenges. Through the 2020 SDP, principal-led teams worked directly with expert partners from Fulcrum Education and the National SAM Innovation Project around instructional leadership. In March, Fulcrum and NSIP adjusted their supports to focus on remote learning and other immediate needs. Thirty-two out of the 36 school teams working with NSIP mostly or fully met the benchmarks for continuing the program's time tracking systems in a remote setting. We also partnered with the CPS Office of Early Childhood Education (OECE) and nonprofit partner VOCEL to launch the Building Early Learning Leaders (BELL) program, an early-learning pilot to support higher quality early learning by fostering alignment between school leaders and early-grades teachers. In addition, The Fund's work included efforts to improve the retention of Chicago's top-performing principals through the Chicago Principals Fellowship (The Fellowship), The Cahn Fellows Program and the Executive Principal Program. The Fellowship, which is a partnership between The Fund, Crown Family Philanthropies, Chicago Public Schools and Northwestern University, is an executive-level leadership development program intended to grow the skills of top principals and further expand their leadership capacity. Twenty-six high-performing principals completed the sixth cohort of The Fellowship in 2020, committing to lead in Chicago through at least 2022. The Cahn Fellows Program at Teachers College, Columbia University, offered programming to seven Chicago principals. The Cahn Fellows Program is a national program that recognizes top principals and develops their capacity as leaders. In 2020, eight principals participated in the Cahn Fellowship. Lastly, the Executive Principal Program served 14 principals in 2020. This program is a unique year-long opportunity for two principals to work and grow together through an intensive mentorship relationship. Across all our program investments, we doubled down on our organizational commitment to equity. This included prioritizing supports for the schools that need it the most through the South Side Education Alliance, which serves eight elementary schools on Chicago's South Side through a collaborative approach - the group shares data, defines common outcomes and tests solutions in partnership with schools and communities. We also decided to extend programs that provided coaching for school leaders into the 2020-21 school year, including SDP, SSEA and PLCs among others.

## **Form 990, Part III, Line 4b:**

Systems, Data and Policies In 2020, The Fund applied its research capacity to try to anticipate the impact the pandemic would have on students and what that might mean for how planning happens at the school and system level. We interviewed more than 50 principals, reviewed more than 20 studies on the impact of school disruption, and analyzed plans from more than a dozen other districts and states to glean insights into how school leaders could leverage time and staff capacity to serve their students effectively and safely. Informed by this analysis, we provided expert capacity to CPS leadership and Network teams around creative school scheduling techniques that would make remote learning effective and we made available a set of tools and resources for schools to help with school scheduling based on their context and needs. In addition to scheduling, we also published a report that featured innovative budgeting practices for principals to meet the needs of their communities. This report was the third in our series on equitable funding and budgeting in Chicago public schools. We also continued to provide actionable data to CPS and other partners. We built Customer Relationship Management (CRM) functionality into our Principal Data Warehouse to allow for more real-time use by principal managers and district leaders. We also continued to engage Local School Council (LSC) members through our focus group that addressed needs like hiring principals and navigating school budgets.

### **Form 990, Part III, Line 4c:**

Educator EngagementThe Fund always seeks to engage perspectives from diverse educators to inform its program and policy efforts and to develop a theory on what high-performing principals need to lead successfully. In 2020, we applied this approach to help understand the impact the pandemic was having on our school communities and support school leaders as they responded to their students' needs. We interviewed dozens of principals over the course of the year, and 1) listened to what they said they needed and adjusted our programming to meet them where they were; 2) highlighted the promising practices of principals in the field; and 3) provided strategic and financial support to our partners who work directly with principals. At the start of the 2020-21 school year, education funders and foundations in Chicago came together to create a COVID-19 Comeback Fund to support schools as they started a new school year in remote learning. The Fund played a role by facilitating the disbursement of flexible funding up to \$10,000 to over 200 public schools in neighborhoods most hit by the pandemic. The program provided us an opportunity to engage with school leaders as they navigated remote learning with their teams, students and families. We gleaned promising trends and interviewed principals to document learnings in case studies. Finally, The Fund celebrated educators citywide through our fourth annual Principal Appreciation Campaign. Given the ongoing pandemic restrictions, this included a social media campaign, wellness gifts for principals and a virtual event that featured stories of resilience from school leaders.

**Supplemental Information**

Return Reference	Explanation
Part X, Line 2:	<p>The Fund is generally exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and applicable state law. In addition, The Fund qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed on a tax return should be recorded in the financial statements. Under this guidance, The Fund may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of The Fund and the various positions related to the potential sources of unrelated business taxable income. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Fund does not believe that there are any unrecognized tax benefits or tax liabilities that should be recorded for the reporting periods presented in these financial statements.</p>

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VI, Section B, line 12c	<p>Officers, directors, and key employees complete a questionnaire to disclose annually any business transactions or relationships they or a family member may have had with The Fund or any of its officers, directors, or key employees.
