Form and Line Reference	Explanation
Schedule H, Part I, Line 3c factors other than fpg	Patients with demonstrated financial needs with income greater than 400% of the FPL may be eligible for consideration under a "Means Test" for some discount of their charges for services from the Organization based on a substantive assessment of their ability to pay. Ascension Mid-Michigan Region providers will consider Medical Indigence for applicants exceeding 400% of the FPL. When the total outstanding medical debt exceeds the gross household income for the past year the patient will be eligible for financial assistance not to exceed 95% write off. A Patient eligible for the "Means Test" discount will not be charged more than the calculated AGB charges.
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means-tested government programs, and other community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.

Accounts receivable are written off after collection efforts have been followed in accordance with the Corporation's policies. After applying the cost-to-charge ratio, the share of the bad debt expense in fiscal year 2020 was \$8,706,186 at charges, (\$3,330,405 at cost).

Schedule H, Part V, Section B, Line 11 Facility , 2	<p>Facility , 2 - ASCENSION ST. MARY'S HOSPITAL - PARTII. Ascension St. Mary's Hospital Executive Leadership Team, in collaboration with the Ascension St. Mary's CHNA Steering Committee, assessed how the eight (8) FISCAL YEAR 2020 Saginaw County Community Health Assessment (CHA) prioritized needs aligned with both current and projected Ascension St. Mary's programs and initiatives to inform the prioritization of three (3) of these as primary areas of focus for the next three years: Priority Area 1: Mental Health Rationale: Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood. Over the course of your life, if you experience mental health problems, your thinking, mood, and behavior could be affected. Many factors contribute to mental health problems, including: biological factors, such as genes or brain chemistry; life experiences, such as trauma or abuse; and family history of mental health problems. Addressing mental health issues includes not only providing services to those who need them but also addressing prevention education and providing tools to create a more trauma aware community. Mental health efforts should aim to provide wrap-around services for individuals, families and communities in order to address the ripple impact that they can have through communities. Goal: Increase awareness and access to mental and behavioral health services within Saginaw County. -Strategy 1.1: Increase awareness of Adverse Childhood Experiences (ACEs) by providing trauma informed care education and training to community members at-large, including Ascension St. Mary's Hospital associates. -Strategy 1.2: Expand access to mental and behavioral health services for hospital-based patients through community and clinical linkages and tele-behavioral health. -Strategy 1.3: Expand access to mental health services in outpatient primary care provider offices by integrating behavioral health strategies. Priority Area 2: Obesity Related Chronic Disease Rationale: Obesity is a common, serious and costly disease. Obesity related conditions include heart disease, stroke, type 2 diabetes and certain types of cancer. While adult obesity rates in Saginaw County decreased 4% from the 2014-2016 BRFSS to the 2015-2017 BRFSS - more than 1 in 3 adults in Saginaw is still considered obese. Goal: Improve health of individuals in Saginaw County by providing chronic disease prevention & management programs and healthy lifestyle education & resources. -Strategy 2.1: Improve health behaviors and outcomes of individuals at-risk of developing or who have Type 2 diabetes through Ascension St. Mary's Diabetes Education Center outpatient programs, Ascension Medical Group (AMG) Care Management, and MiHIA virtual Diabetes Prevention Program (DPP). -Strategy</p>

Section C. Supplemental Information for Part V, Section B.Provide descriptions required for Part V, Section B, lines 1j, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility , 2	<p>egy 2.2: Increase awareness & knowledge, and influence attitudes & beliefs about healthy l ifestyle changes through Ascension St. Mary's Center of HOPE programs and community partne rships. Priority Area 3: Violence & Neighborhood Safety Rationale: Violence can be experie nced in a multitude of ways - from witnessing it to being a direct victim of it. Any level of exposure to violence has been linked to a variety of negative health outcomes from dea th from injuries sustained by violence to mental health distress and chronic pain conditio ns from injuries to a higher body mass index linked to living in an unsafe environment. Pe rceived and actual safety in our neighborhoods is important to the well-being of Saginaw r esidents. Feelings of insecurity can influence residents' behavior and change how they int eract with others. Fear of crime may limit everyday mobility, outdoor activities and acces s to resources. Goal: Prevent violence & injury and improve neighborhood safety in Saginaw County.</p> <p>-Strategy 3.1: Increase awareness and community involvement in SLive, a hospital- based, community-focused violence intervention initiative, through protocol, training, and education to community members at-large including Ascension St. Mary's Hospital associate s. NEEDS THAT WILL NOT BE ADDRESSED Ascension St. Mary's will not directly address the fol lowing prioritized needs within its FY 2020 CHNA Implementation Strategies: Infant Mortali ty, Transportation, Lack Of Job Opportunities, Drug & Alcohol Addiction, or Housing & Home lessness. While critically important to overall community health, these specific prioritie s did not meet internally determined criteria that prioritized needs by either continuing or expanding current programs, services and initiatives to steward resources and achieve t he greatest community impact. For the areas not chosen, there are other service providers in the community better resourced to address these priorities. Ascension St. Mary's will w ork collaboratively with these organizations as appropriate to ensure optimal service coor dination and utilization.</p>
