Schedule H, Part V, Section B Hospital Websites	Part V, Section B During the course of the tax year and/or prior to the filing of the return for the taxable year, the filing organization, which is part of a larger health system, transitioned from a separately hosted website (or websites), to being a part of the health system's centrally hosted hospital website. This transition was intended to facilitate public access to information, including enabling the health system to better manage and monitor compliance requirements that IRC Section 501(r) information be made widely available to the public. During and as a result of the migration of hospital facility information to the new central website, it is possible that there may have been brief instances of web access interruption. If so, the filing organization believes that any such interruptions would have been minor and inadvertent, and due to reasonable cause, and that any such instances would have been immediately addressed when identified. The filing organization and health system have established procedures in place as part of its centralized monitoring and management processes that are reasonably designed to address, monitor and promote compliance with the requirements of IRC Section 501(r). In an effort to be fully transparent, the filing organization has chosen to pro-actively disclose on this Form 990 this possibility of very minor and inadvertent web access interruptions that could have occurred in the normal course of migrating locally maintained hospital facility information to an improved centrally managed website. In so disclosing, the organization is not reporting that interruptions in the nature of a Section 501(r) violation in fact occurred Rather, the organization is pro-actively disclosing that the migration process was undertaken and that, in completing that process, it is possible that brief interruptions in web access may have occurred as the hospital facility data was relocated to the central website.

Schedule H, Part VI, Line 2 Needs assessment	Communities are dynamic systems in which multiple factors interact to impact the quality of life and health status. In addition to the formal CHNA conducted every three years, the Ascension SE MI Community Health department helps to lead a community round table whose purpose is to assess needs within the community, prioritize action and work in partnership to address identified challenges. The coalition works closely with its member organizations, which come from multiple sectors of the community, including local government, business, education, faith communities, public health, health care providers, and other social and human service organizations. Also, the coalition works closely with other coalitions as well as the local and state health departments to stay abreast of changing needs within the community and to identify evidence-based and promising practices to address these needs. Ascension SE MI Community Health assesses the health care needs of the communities by utilizing data from local, national, state, and hospital. The data and statistics were obtained from internal as well as external sources to identify health-specific trends. The reports from these sources included but not limited to. County Data (for all 5 counties we serve Wayne, Oakland, Macomb, Livingston, St. Clair and City of Detroit), Michigan Behavioral Risk Factor Surveillance. System (MBRFSS), Hospital Data (for Providence Hospital, Southfield and Novi Campus, Macomb-Oakland.

Hospital, Warren and Madison Heights campus, River District, and St. John Hospital), Emergency data and Ambulatory data These sources aid in Ascension SE MI Community Health and Ascension SE MI hospitals development of programs and services throughout the five counties we serve

It is this spinit that leads the institution and drives health care services Often patients, family members, friends, and the like are pleased with our position on care - to heal the body, mind, and spirit, have experienced it first-hand, and wish to show their a preciation by making a gift to support the care of others that are vulnerable. The spirit ual essence that's woven into the fabric of our daily operations allows members of the community of others to make gifts that enhance the exemplary care that we have been recognized for in the health care system. The hospitals promote the health of the community in a variety of ways, either directly providing services or in partnership and/or collaboration with other organizations serving the community. We directly serve the community through 20 school-based health centers in the counties of Wayne, Oakland, and Macomb. The schools are selected based on a minimum of 70% of students receiving free or r

The struct ure of the health system calls for a statewide governing board that includes members from the local hospital service area. Further, we have several advisory committees composed of residents and agencies serving the community, such as the parent and separate student advisory groups for the school-based health centers, the local mission committee, the local foundation boards, and other services specific advisory groups. Medical staff by-laws for each hospital guide offering privileges to qualified physicians in the communities surrounding each of the hospitals. Each teaching hospital has a medical education department for the training of residents and fellows. Each site hosts an annual research day. This longstan ding tradition, which has been in existence for over 80 years at some of our sites, brings clinicians and graduate medical students together to discuss current medical research being conducted at the hospital. This work encompasses everything from retrospective medical chart review to analysis of the latest therapeutics and medical devices. The primary goal is to teach residents and fellow how to research to improve patient care and advance the practice of medicine Examples of this work include the following, "lack of screening for intimate partner violence in primary care settings", an effort to reduce 30-day readmission rates in chronic obstructive pulmonary disease", and "telemedicine" and "tighter blood priessure control" to name a few. Also, the medical staff participates in an annual summer bi omedical exposure program for 20 area college students. The

Ascension SE MI Community Health School-Based Health Centers implements the Rapid Assessment for Adolescent Preventive Services (RAAPS) RAAPS is a risk assess ment addressing the risk behaviors impacting health, well-being, and academic success in youth. Our goal is to utilize RAAPS as a suicide risk screening and provide mental health e ducation, counseling, and referrals for youth in the schools Also, this priority has a go al to decrease post-traumatic stress disorders in childhood. By utilizing the Trauma Sympt oms Checklist for Children (TSCC) we will be able to identify youth with risk factors for post-traumatic stress and provide appropriate counseling and referrals Ascension SE MI Co mmunity Health Open Arms program provides grief and trauma support for children. The program specializes in working with children and with others touched by homicide or other viole nt crime, providing individual and group therapy in hospitals, at schools, and in the work place. The goal is to help families cope with loss or trauma by finding healthy ways to ha ndle feelings of sadness, anger, or frustration, eventually returning family members to their day-to-day activities. Open Arms are used to help children that identify risk factors for trauma on the TSCC. In the most recently completed FY 2019 CHNA (Tax year 2018), the p riority areas identified are Obesity reduction and diabetes prevention, Mental health/subs tance abuse prevention, and Improving Maternal/Infant Health These three new priorities will be addressed through the development of our implementation plan. The plan focuses on outreach and education, evidence-based interventions, or advocacy to tackle each priority o ver the next three years Prioritized Need #1 Obesity reduction and Diabetes Prevention G oal 1 Increase access to weight reduction programs/services for individuals living with excess weight (overweight and obesity) \*Overweight and obesity definition. Weight that is higher than what is considered as a healthy weight for a given height is described as overweight or obese Body Mass Index, or BMI, is used as a screening tool for overweight or obe sity Strategy Utilize the Ascension SE MI Wellness centers to implement physical activities through exercise classes, the creation of dedicated walk paths on hospital campuses

fo r associates and the public, and partnerships with other fitness organizations to increase awareness, knowledge, and behaviors for preventing and reducing obesity. Goal 2. To ident ify pre-diabetic adults (age 18 years and older) and provide education, programs, and services to delay the onset of type 2.

diabetes Strategy Implement the Centers for Disease Cointrol and Prevention (CDC) Dia

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 11, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc. Form and Line Reference Explanation Schedule H, Part V, Section B, Line 11 betes Prevention Program (DPP) as a community-wide education and evidence-based interventi on that prevents and reduces the complications of diabetes in communities, including those that are diverse and Facility A, 2 underserved Goal 3 Identify children living with obesity in the Tri-county area (Oakland, Macomb, and Wayne) through an Ascension SE MI school-based health centers. Strategy. Implement 5-2-1-0 as an age-appropriate community-wide education and evidence-based intervention that improves awareness, knowledge, and behaviors for preventing and reducing obesity in communities, including those that are diverse and underserved Prioritized Need #2 Mental Health/Substance abuse prevention Goal 1 Increase access to men tal health programs/services for children, youth, and adults. Strategy 1 Increase access to mental health programs/services for children, youth, and adults through the Ascension S E MI Community health school-based health centers and referrals to Eastwood clinics from t he Ascension SE MI hospitals and physician offices. Goal 2. Decrease youth risk factors foir suicide. depression, and substance abuse Strategy 1 Implement the Rapid Assessment for Adolescent Preventive Services (RAAPS) as a suicide risk screening and provide mental health education, counseling, and referral for youth in partner schools. Strategy 2. Implement Red Flags mental health education, counseling, and referral for youth in partner schools Prioritized Need #3 Improving Maternal and Infant Health Goal Improve the health and well-being of pregnant women and infants Strategy 1 Implement the Maternal Infant Health Program (MIHP), which provides evidence-based services to improve awareness, knowledge, and behaviors for preventing maternal mortality and infant mortality for communities, including vulnerable and at-risk populations. Strategy 2. Increase access and participation in p arenting classes for pregnant women and mothers with infants less than a year The following needs will not be addressed in the most recently completed CHNA report. Access to care was identified as a need by the Hanlon Method prioritization. However, the CHNA steering c ommittee confirmed through the final prioritization assessment that it is a low priority n eed. Due to the MI Medicaid expansion, a large amount of the population in the SE MI area has health insurance and a primary care provider Also, it would be challenging to make a measurable impact on health insurance costs. Also, the utilization of a primary care provi der, and routine check-ups are behavioral activities that can be encouraged through education from the main three priorities. A sub-category under Access to care is adequate prenat all care that will be addressed under the Improving Maternal/Infant Health priority Health v behaviors priority included the sub-categories of smoking and safe sleep identified from the Hanlon Method prioritization. Based on the CHNA steering committee final prioritization.

assessment, this is a prior

If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc. Form and Line Reference Explanation ity that coincides with the sub-categories of the main three priority areas. It would be more feasible to Schedule H, Part V, Section B, Line 11 Facility A, 2 address healthy behaviors under the top three priority areas. Other health issues identified by the Hanlon Method that were not selected as a top priority were cancier, cardiovascular disease, arthritis. and asthma These health issues were identified but not selected as a priority because of the following 1 These health issues ranked lower on the Hanlon Method scoring than other health issues 2 The CHNA steering committee eval uated each issue and concluded that there is an inability to measure the impact of cancer, cardiovascular disease, and arthritis 3. The health issue of Asthma continues to be addr essed in our school-based health centers through our Asthma Camp and Deep Breathing progra ms. An existing Michigan initiative titled AIM, Asthma Initiative of MI is addressing strategies for common issues in asthma 4 The priority, Obesity reduction, and Diabetes preve ntion will address the prevention of secondary/tertiary outcomes of cardiovascular disease
