990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c FACTORS OTHER THAN FPG	The organization provides medically necessary care to all patients, regardless of race, color, creed, ethnic origin, gender, disability, or economic status. The organization uses a percentage of federal poverty level (FPL) to determine free and discounted care. Patients with income less than or equal to 250% of the federal poverty level (FPL) will be eligible for 100% charity care write off on that portion of the charges for services for which the patient is responsible following payment by an insurer if any. At a minimum, patients with incomes above 250% of the FPL but not exceeding 400% of the FPL will receive a sliding scale discount on that portion of the charges for services provided for which the patient is responsible following payment by an insurer if any. A patient eligible for the sliding scale discount will not be charged more than the calculated amount generally billed (AGB) charges. Uninsured patients who are not eligible for financial assistance or any other program will be provided an uninsured discount of 41%.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means-tested government programs, and other community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.

JOHN HOSPITAL Ascension Southeast Michigan hospital's size means we have a stronger voice when advocating for those who have no voice - the uninsured and poor. Through partnerships, coalitions, and program development and support, our innovative programs increase access to health care services and empower individuals to make informed health choices. Our community health programs include but are not limited to Faith community nursing, school-based health centers, a children's grief support program, the Maternal Infant Health Program, Community Wellness Centers, and other health education services and programs. We promote health and quality of life through our community wellness centers, health screenings, health education, and participation in various local partnerships and collaboratives. Ascension Southeast Michigan Hospitals actively participate in coalitions with Macomb County, Oakland County, St. Clair County, and City of Detroit Health Departments to work toward developing collaborative strategies to address community health issues. It is our calling to serve, and we do it with pride. Our staff of professionals combines the skills of medical experts in various specialties and the talented, compassionate clinical staff to heal and to serve. Also, the Ascension St. John Hospital's family includes hundreds of volunteers and donors who support our health care mission with their generosity. Inventories of some of Ascension Southeast Michigan Hospital's community-building activities include but is not limited to the following Physical Improvements: Ascension Southeast Michigan Hospital Maintenance and Engineering Department provide physical improvements by annually beautifying a main intersection on the Detroit-Grosse Pointe border. The health system helped to build and improve houses through the local Habitat for Humanity and low-income families. They also helped to develop a barrier-free environment for individuals with disabilities. Economic Development: Ascension Southeast Michigan hospital's Administration is active in various Chambers of Commerce in support of general business development throughout our service area. Community Support: Human Resources provides mentoring and job shadowing programs for high school students. There is a Neighborhood Safety Office that helps residents in their service area learn techniques on how to keep themselves and personal property safe. The hospital provides disaster recovery above and beyond the standard requirements. They also offer to mentor students interested in health careers. Also, the hospital participates in health fairs and other community events through participation and sponsorship. Leadership Dev/Training for Community Members: The health system participates in Executive Women International, and the medical department participates in Leadership Development Training for community members in the process of addiction recovery. Engages in other local leadership training such as Leadership Oakland by supporting the program through health system leadership presentations and board membership. Community Health Improvement Advocacy: Administrative leaders support advocacy efforts through their membership and participation in various community-driven collaboratives and organizations. Workforce Development: Ascension Southeast Michigan hospitals promote diversity and strive to ensure that there are qualified individuals from underrepresented minorities in the pool of candidates for open positions. The health system mentors high school students and educates them about careers in the medical field. They also assist with college course selection for medical professions and aid with resume writing and interviewing techniques. Leaders also participate in local career fairs.</p>

Schedule H, Part VI, Line 2 Needs assessment	<p>Communities are dynamic systems in which multiple factors interact to impact the quality of life and health status. In addition to the formal CHNA conducted every three years, the Ascension Southeast Michigan Community Health department helps to lead a community round table whose purpose is to assess needs within the community, prioritize action and work in partnership to address identified challenges. The coalition works closely with its member organizations, which come from multiple sectors of the community, including local government, business, education, faith communities, public health, health care providers, and other social and human service organizations. Also, the coalition works closely with other coalitions as well as the local and state health departments to stay abreast of changing needs within the community and to identify evidence-based and promising practices to address these needs. Ascension Southeast Michigan Community Health assesses the health care needs of the communities by utilizing data from local, national, state, and hospital. The data and statistics were obtained from internal as well as external sources to identify health-specific trends. The reports from these sources included but not limited to: County Data (for all 5 counties we serve Wayne, Oakland, Macomb, Livingston, St. Clair and City of Detroit), Michigan Behavioral Risk Factor Surveillance System (MiBRFSS), Hospital Data (for Providence Hospital, Southfield and Novi Campus, Macomb-Oakland Hospital, Warren and Madison Heights campus, River District, and St. John Hospital), Emergency data and Ambulatory data. In addition to data, other ways Ascension Providence Hospital as part of Ascension Southeast Michigan Hospitals identifies the needs of the community include: Feedback from community partners on trends observed in the population seeking care/services in their agencies. Reports and other white papers received from local health departments, and other nonprofit health organizations such as the kidney foundation, American heart association greater Detroit area health council etc. Assessments of social determinant of health needs performed in resident clinics. Feedback from board members and advisory councils on trends and observations of community needs. Feedback from multidisciplinary Ascension associates such as case managers, strategic planning, etc. These sources aid in Ascension Southeast Michigan Community Health and Ascension Southeast Michigan hospitals development of programs and services throughout the five counties we serve.</p>

Schedule H, Part VI, Line 5 Promotion of community health	<p>Ascension Providence Hospital, As part of Ascension Southeast Michigan hospitals, promotes the health of its communities by striving to improve the quality of life within the community. Research has established that factors such as economic status, employment, housing, education level, and built environment can all be powerful social determinants of health. Additionally, helping to create higher capacity within the community to address a broad range of quality of life issues also impacts health. Ascension Southeast Michigan Hospital administrators and staff have provided leadership and participated on collaborative initiatives with Greater Detroit Area Health Council, Wayne County Health Department, The City of Detroit Department of Health and Wellness Promotion, Michigan Crime Victim Services Commission, The Michigan Department of Health and Human Services, Michigan Primary Care Association, area Federally Qualified Health Centers, and other community organizations to identify community needs and address community problems. Ascension Southeast Michigan Hospitals have a demonstrated history and strong foundation built upon its Mission, Vision, and Values. It is this spirit that leads the institution and drives health care services. Often patients, family members, friends, and the like are pleased with our position of care - to heal the body, mind, and spirit, have experienced it first-hand, and wish to show their appreciation by making a gift to support the care of others that are vulnerable. The spiritual essence that's woven into the fabric of our daily operations allows members of the community to comfortably and directly impact the lives of others through philanthropy. We work to create an ethical legacy for emphasizing the critical value of community and encourage the compassionate generosity of others to make gifts that enhance the exemplary care that we have been recognized for in the health care system. The hospitals promote the health of the community in a variety of ways, either directly providing services or in partnership and/or collaboration with other organizations serving the community. We directly serve the community through 25 school-based health centers in the Southeast Michigan area. The schools are selected based on a minimum of 70% of students receiving free or reduced lunch, indicating a lower family income. Services to these students include physical and psychosocial support. We partner with a mobile dental service to provide onsite dental services to improve access to needed care. The school team consists of a nurse or nurse practitioner, a medical assistant, and a mental health therapist. There are special programs for students identified with asthma including an annual free asthma camp for students. Noting that heart disease is a leading cause of death in the entire hospital service area, the health system has an annual heart health fair at selected hospitals to provide onsite health screening and assessment by a team. Grief support and support for victims of crime are provided to children and youth through a special initiative at our Detroit based hospital. Partnerships with over 80 churches are a vehicle that provides health education and screening to the general community through the faith community nursing initiative. There are four community wellness centers offering enhanced fitness and other physical and educational sessions offered to the general population of three counties in the service area. In FY 2020, the four community wellness centers had over 17,000 encounters. Also, monthly programming and health education classes are offered at seven parks and recreation centers and senior centers in our service areas. Ascension has instituted a nationally recognized initiative to help eradicate human trafficking. Our team of specifically trained master's level social workers are subject matter experts in the human trafficking. As content experts, they provide training to Ascension emergency department staff, nurses on the inpatient units, case managers and social workers on how to identify possible victims, initiate human trafficking protocols and protect themselves from retaliation. We partner with other agencies serving the general community to promote health, including Gleaners food bank and Forgotten Harvest to address food insecurity. We partner with the local federally qualified health centers via participation in the Southeastern Michigan FQHC council and membership in the Michigan primary care association. We partner with the local chapter of the Kidney Foundation to provide diabetes prevention and diabetes management education in several community locations. Other partnerships/collaboration include Detroit Wayne Mental Health Authority, the local sane (sexual assault network), several domestic violence shelters, Southeastern Michigan infant mortality reduction task force, Greater Detroit Area Health Council, Detroit, Wayne, Oakland, St. Clair and Macomb health departments</p>

The health system publishes and distributes over 80,000 bimonthly educational newsletters called "CareLink" targeting adults 55 and older, which includes informative articles as well as a schedule of educational classes on topics such as CPR, diabetes, preventing falls, heart health, and other health topics. All classes are open to the public, and the majority are free of charge. Further, the health system has two mobile units that provide mammography services to uninsured and underserved women and a heart and vascular mobile unit that provides a basic heart profile at churches, community centers, corporations, and other locations. The structure of the health system calls for a statewide governing board that includes members from the local hospital service area. Further, we have several advisory committees composed of residents and agencies serving the community, such as the parent and separate student advisory groups for the school-based health centers, the local mission committee, the local foundation boards, and other services specific advisory groups. Medical staff by-laws for each hospital guide offerings to qualified physicians in the communities surrounding each of the hospitals. Each teaching hospital has a medical education department for the training of residents and fellows. Each site hosts an annual research day. This long-standing tradition, which has been in existence for over 80 years at some of our sites, brings clinicians and graduate medical students together to discuss current medical research being conducted at the hospital. This work encompasses everything from retrospective medical chart review to analysis of the latest therapeutics and medical devices. The primary goal is to teach residents and fellow researchers how to research to improve patient care and advance the practice of medicine. Examples of this work include the following; "lack of screening for intimate partner violence in primary care settings"; an effort to reduce 30-day readmission rates in chronic obstructive pulmonary disease"; and "telemedicine" and "tighter blood pressure control" to name a few. Also, the medical staff participates in an annual summer biomedical exposure program for 20 area college students. The program introduces the students to the broad field of medicine. In all, the department supports ongoing research by residents, fellows, and physicians and provides Research and EIB review as well as oversight and guidance to remain in compliance with current rules and regulations.</p>

Schedule H, Part V, Section B, Line 5 Facility A, 1	<p>Facility A, 1 - Facility Group A. Ascension Southeast Michigan Community Health was responsible for leading the Community Health Needs Assessment (CHNA) process for all Ascension Southeast Michigan hospitals. The Center for Population Health, Southeastern Michigan Health Association (SEMHA) was contracted to provide extensive local, national, state, and regional health data and statistics to assist the CHNA steering committee in prioritizing the needs of our service areas. Ascension Southeast Michigan began working on the CHNA on July 1, 2018 (FY 2019, Tax Year 2018). At the onset of our work, we convened our internal CHNA steering committee. The CHNA Steering Committee members included the VP of Community Health, the directors of community health, and two community health leads. The Association for Community Health Improvement (ACHI), Community Health Assessment toolkit, and IRS guidance was used as a guide for the process of completing the FY 2019 CHNA. Next, the steering committee agreed to hire the Center for Population Health to gather the secondary data for the Ascension Southeast Michigan service areas. The committee had several face-to-face meetings to define the community, compose the community health survey, distribution and implementation of the survey, and instruct the data consultant on the secondary data needs. The survey was distributed widely throughout the Ascension Southeast Michigan service area via the Ascension Southeast Michigan Community Health department. Paper and online surveys were sent to community members and key stakeholders from June 2018 - December 2018. The public survey was administered at the following: physician offices, community health fairs, community health wellness centers (Southfield, Riverview/Detroit, and Livingston), and the Annual Christmas store located at Ascension Providence Hospital, Southfield campus. The key stakeholders' survey was administered at the following, local public health department leaders, faith-based organization leaders, principals, and superintendents from the schools where our school-based health centers are located. Federally Qualified Health Center leaders, hospital presidents, other southeast Michigan health system community benefit leaders (i.e., Beaumont, Henry Ford), Ascension Southeast Michigan associates, and Ascension Southeast Michigan leadership. On April 1, 2019, a prioritization meeting of key stakeholders convened to provide guidance and oversight in the development of the CHNA priorities. The meeting attendees included the directors from the local health departments, Detroit, Macomb County, Oakland County, Livingston County, and St. Clair County. Also, individuals from a variety of health professions such as public health, physicians, nurses, finance, health planning, communications, behavioral health, and faith-based leaders. The secondary data, as well as primary data (community survey), enabled the meeting attendees to gain further insight into the needs and gaps.</p>

Schedule H, Part V, Section B, Line 11 Facility A, 1	<p>Facility A, 1 - Facility Group A - Part 1. The priority needs identified in the 2019 CHNA are Obesity reduction and Diabetes Prevention, Mental Health/Substance Abuse, and Improving Maternal/Infant Health. For each selected priority, strategies have been developed that focus on outreach and education, evidence-based interventions, or advocacy. Prioritized Need: Obesity reduction and Diabetes Prevention. (1): Increase access to weight reduction programs/services for individuals living with excess weight (overweight and obesity) (*Over weight and obesity definition: Weight that is higher than what is considered as a healthy weight for a given height is described as overweight or obese. Body Mass Index, or BMI, is used as a screening tool for overweight or obesity.) The implementation strategy for Goal (1): Utilize the Ascension Southeast Michigan Wellness centers to implement physical activities through exercise classes, creation of dedicated walk paths on hospital campuses for associates and the public, and partnerships with other fitness organizations to increase awareness, knowledge, and behaviors for preventing and reducing obesity. (2): To identify pre-diabetic adults (age 18 years and older) and provide education, programs and services to delay the onset of type 2 diabetes. The implementation strategy for Goal (2): Implement the Centers for Disease Control and Prevention (CDC) Diabetes Prevention Program (DPP) as a community wide education and evidence-based intervention that prevents and reduces the complications of diabetes in communities, including those that are diverse and underserved. (3): Identify children living with obesity in the Tri-county area (Oakland, Macomb, and Wayne) through a Ascension Southeast Michigan school-based health center. The implementation strategy for Goal (3): Implement 5-2-1-0 as an age-appropriate community wide education and evidence-based intervention that improves awareness, knowledge and behaviors for preventing and reducing obesity in communities, including those that are diverse and underserved. The obesity reduction and diabetes prevention priority area is being addressed by educating school-aged children on the prevention of obesity and educating adults about obesity and diabetes prevention by providing pre-diabetes education classes and offering physical activity classes through our wellness centers. Ascension Southeast Michigan Community Health department partnered with the National Kidney Foundation to teach the Center for Disease Control (CDC) Pre-Diabetes program. The Diabetes Prevention Program (DPP) is a structured, year-long, and group-based program that meets weekly for four months, then monthly for the remainder of the year. The goal of the DPP is to make it easier for people with pre-diabetes to participate in affordable, high-quality lifestyle change programs to reduce their risk of type 2 diabetes and improve their overall health. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility A, 1	<p>pre-diabetes risk could be reduced by 5-7% when those at high risk make modest lifestyle changes, explicitly losing 5-7% body weight and being physically active 5 days a week for at least 30 minutes. In FY 2020 (Tax year 2019), 5 DPP cohorts were completed, and 73% of adult participants decreased their weight by 5-7%, which is the recommendation from the CDC for reducing the risk of pre-diabetes. For school-aged children, an evidence-based program called 5-2-1-0 (5 or more servings of fruits and vegetables, 2 or fewer hours of recreational screen time, 1 or more hours of physical activity, and 0 sweetened beverages), which is a community-based, multi-setting childhood obesity prevention program designed for children up to the age of 18 was administered to 215 students in FY 2020. The six-week curriculum aims to: limit unhealthy choices for snacks and provide healthy options; limit or eliminate sugary drinks and increase water consumption; prohibit the use of food as a reward; provide opportunities to get physical activity every day and limit recreational screen time. At the end of the program, the students increase their knowledge of healthy eating and physical activity by 98% and increase their healthy diet and exercise by 96%. Prioritized Need: Mental Health/Substance abuse prevention. There are two goals for the need: mental health/substance abuse prevention. (1): Provide access to mental health programs/services for children, youth, and adults. The implementation strategy for Goal (1): Increase access to mental health programs/services for children, youth, and adults, through the Ascension Southeast Michigan Community health school-based health centers and referrals to Eastwood clinics from the Ascension Southeast Michigan hospitals and physician offices. (2): Decrease youth risk factors for suicide, depression and substance abuse. The implementation strategies for Goal (2): Strategy (1) Implement the Rapid Assessment for Adolescent Preventive Services (RAAPS) as a suicide risk screening and provide mental health education, counseling, and referral for youth in partner schools. Goal (2) Strategy (2): Implement Red Flags mental health education, counseling, and referral for youth in partner schools. The Mental Health/Substance Abuse prevention need is being addressed by increasing access to mental health programs/services for children and adults. For youth in particular, the focus is to screen them for depression and suicide. The Ascension Southeast Michigan School Based Health Centers utilizes the Rapid Assessment for Adolescent Preventive Services (RAAPS) as a risk screening for depression and suicide for students. In turn, based on the results students are counseled or referred externally for mental health treatment. In FY 2020 (Tax year 2019), 815 students were screened, 61 students counseled for depression, 20 students counseled for suicide, and 3 students referred for external mental health treatment. To increase access to mental health</p>

Schedule H, Part V, Section B, Line 11 Facility A, 1	<p>services, we expanded into 3 school-based health centers. Also, our Eastwood clinics that specialize in mental/behavioral health services converted over 35% of referrals to scheduled appointments.</p> <p>Prioritized Need: Improving Maternal and Infant Health. There is one goal for the need: improving maternal and infant health. (1) Improve the health and well-being of women and infants. The implementation strategies for the goal are: Strategy (1) Implement the Maternal Infant Health Program (MIHP), which provides evidence-based services to improve awareness, knowledge, and behaviors for preventing maternal mortality and infant mortality for communities, including vulnerable and at-risk populations. Strategy (2) Increase access and participation to parenting classes for pregnant women and mothers with infants less than a year. The improving maternal and infant health priority is utilizing the Maternal Infant Health Program (MIHP) to address the needs of mothers and infants in southeast Michigan areas. The Maternal Infant Health Program, is an evidence-based approach to promoting the importance of healthy pregnancies, nutrition and breastfeeding and infant safety. In FY 2020 (Tax Year 2019), we worked to ensure mothers received adequate prenatal care (7 to 13 prenatal visits). 69% of our mothers achieved adequate prenatal care. Also, we also increased their knowledge on breastfeeding and safe sleep practices. The parenting classes serve at-risk pregnant women and their families in an effort to produce healthy maternal outcomes, as well as reduce the number of infant deaths at birth and during the first year of life. In FY 2020 we increased participation in our parenting classes over 25%.</p> <p>Needs That Will Not Be Prioritized In our FY 2019 CHNA planning, other needs were present from our primary and secondary data. However, after completing the Hanlon method the following are needs we decided we would not prioritize in this CHNA. Access to care was identified as a need by the Hanlon Method prioritization. However, the CHNA steering committee confirmed through the final prioritization assessment that it is a low priority need. Due to MI Medicaid expansion, a large amount of the population in the Southeast Michigan area have health insurance and a primary care provider. Also, it would be challenging to make a measurable impact on health insurance cost. Also, the utilization of a primary care provider, and routine check-ups are behavioral activities that can be encouraged through education from the main three priorities. However, we continue to collaborate with a local Federal Qualified Health Center to support access to specialty and dental care. A sub-category under Access to care is adequate prenatal care that will be addressed under the Improving Maternal/Infant Health priority.</p>

Form 990 Part V Section C Supplemental Information for Part V, Section B.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 1j, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility A, 2	Facility A, 2 - Facility Group A - Part 2. Healthy behaviors priority included the sub-categories of smoking and safe sleep identified from the Hanlon Method prioritization. Based on the CHNA steering committee final prioritization assessment, this is a priority that coincides with the subcategories of the main three priority areas. It would be more feasible to address healthy behaviors under the top three priority areas. Other health issues identified by the Hanlon Method that were not selected as a top priority were cancer, cardiovascular disease, arthritis, and asthma. These health issues were identified but not selected as a priority because of the following: These health issues ranked lower on the Hanlon Method scoring than other health issues. The CHNA steering committee evaluated each issue and concluded that there is an inability to measure impact for cancer, cardiovascular disease, and arthritis. The health issue of Asthma continues to be addressed in our school-based health centers through our Asthma Camp and Deep Breathing programs.

Form 990, Part VI, Line 15a Process For Determining Compensation of Top Management Official	THE PROCESS FOR DETERMINING COMPENSATION OF THE ORGANIZATION'S CEO, EXECUTIVE DIRECTOR, OR TOP MANAGEMENT OFFICIAL, AS WELL AS THAT OF ANY OTHER OFFICERS OR SENIOR EXECUTIVES (IF A NY), IS DIRECTED BY A RELATED ORGANIZATION. THE RELATED ORGANIZATION'S BOARD COMMITTEE RESPONSIBLE FOR COMPENSATION OVERSEES THE PROCESS, UTILIZING INDEPENDENT DELEGES WITHIN THE ORGANIZATION AS APPROPRIATE, DEPENDING ON THE ROLE. IN SOME CASES, THE PROCESS MAY UTILIZE COMPARABILITY DATA AND ANALYSIS FROM A NATIONAL THIRD-PARTY COMPENSATION FIRM; OR, IF MORE APPROPRIATE FOR THE ROLE, IT MAY INSTEAD UTILIZE OTHER APPLICABLE SOURCES OF MARKET COMPARABILITY DATA AS NEEDED TO VERIFY REASONABLENESS. THE PROCESS ALSO INCLUDES CONTEMPORANEOUS SUBSTANTIATION OF THE ANALYSIS AND DECISION REGARDING THE COMPENSATION ARRANGEMENT. COMPENSATION IS REVIEWED AT LEAST ANNUALLY AND THE PROCESS IS ADMINISTERED TO ASSURE INDEPENDENCE, AVOID CONFLICTS OF INTEREST, ENSURE REASONABLENESS AND MARKET COMPARABILITY OF TOTAL COMPENSATION, AND TO OTHERWISE ABIDE BY PERTINENT LAWS AND REGULATIONS.
