Form 990, Part III, Line 4b:

Student Services We know that learning occurs outside, as well as inside, the classroom. Our core values of excellence, faith, leadership and service are fostered through student participation in our residence hall communities and campus organizations, which include academic and professional groups, club and recreational sports, spiritual activities and community service organizations. Marquette's urban location, just blocks from downtown Milwaukee, gives students ample opportunities for internships, co-op experiences and part-time employment. On campus, professionals in the Office of Student Affairs, Student Health Service, Counseling Center and Campus Ministry, as well as faculty and other staff, help students as they navigate the challenges of young adult life. Marquette also has an Educational Opportunity Program, which provides academic opportunity and support to first-generation college students, students from under-represented groups or ethnicities and students from low-income families.

Form 990, Part III, Line 4c:

Academic Support and Library All Marquette undergraduates receive a strong liberal arts foundation through the universitys Core of Common Studies, which includes courses in nine core knowledge areas. Curriculum development is an ongoing process, with faculty support available through the Center for Teaching and Learning and various departmental resources. Programs for faculty development include curriculum enhancement and diversity grants, teaching enhancement wards, fellowship awards for research, young scholar awards and summer faculty fellowships. The Preparing Future Faculty Program encourages the development of graduate students for the multiple roles they will face as faculty members.

The university does not assign or record a value to art works and other collections received as gifts or purchased with contributions restricted for that purpose. Valuations for some collections are updated periodically, and as such, the total value of all fine arts may vary with appraisals and/or auction prices. Accordingly, the value of fine art and other collections has been excluded from the statements of financial position. Proceeds, if any, from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset classes. The art and other collections are subject to a requirement that proceeds from their sales be used to acquire other items for collections. Fine arts are included in insurance coverage for the university property and a separate policy is also secured for fine art of high value and where appraised values are listed.
