Form and Line Reference	Explanation
Part I, Line 3c:	The methodology used to determine eligibility for financial assistance takes into consideration income, net assets, family size and resources available to pay for care. In addition, presumptive charity care may be applied in situations where all other avenues have been exhausted.
Part I, Line 7:	A combination of costing methodology was used to calculate the amounts reported in the table. A cost accounting system was used to calculate Medicaid and Means-tested Government Program expenses and shortfalls and Subsidized Health Services for our tertiary medical center. A cost to charge ratio derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges was used to calculate charity care at cost for all entities and Medicaid and Means-tested Government Program expenses and shortfalls and Subsidized Health Services for any operations outside of the tertiary medical center. For all other amounts, costs and revenues as reflected by the general ledger system were used.

Part II, Community Building Activities:	The community building activities include monetary assistance to organizations that focus their efforts on providing furniture for low income families, neighborhood improvement projects in high needs areas, children and youth development programs, local economic development, and job creation and training programs.
Part III, Line 2:	The amount on line 2 represents implicit price concessions. The Organization determines its estimate of implicit price concessions based on its historical collection experience with the respective class of patients and residents.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4:	The footnote to the Organization's financial statements that describes implicit price concession is located in the audited financial statement report on pages 17 and 18.
Part III, Line 8:	Medicare allowable costs of care are based on the Medicare Cost Report. The Medicare Cost Report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services. Avera Sacred Heart follows the CHA guidelines in reporting community benefits and therefore any Medicare shortfall (as calculated including our non-cost report entities) is excluded from our community benefit report. However, Medicare is the Organization's largest payer and patients with Medicare coverage are accepted regardless of whether or not a surplus or deficit is realized from providing the services. This basis therefore means providing Medicare services promotes access to healthcare services which is a key advantage for our community.

Avera organizations will allow all individuals 120 days from the first post discharge statement to apply for financial assistance before sending the uncollected account to an outside collection agency. Avera will provide the patient with a statement or final notice that contains a listing of the specific collection action(s) it intends to initiate, and a deadline after which they may be initiated no earlier than 30 days before action is initiated. If the patient qualifies for 100% charity care, no further bills will be sent. A letter will be sent instead indicating that the patient's bill has been completely forgiven.
Part VI, Line 2:	Avera Sacred Heart Hospital includes community members on committees, boards and advisory groups to allow community reaction and input in the actions we take.
