Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	Alegent Creighton Health's financial information is included in the consolidated audited f inancial statements of CommonSpirit Health, a related organization. CommonSpirit Health's FIN 48 (ASC 740) footnote for the year ended June 30, 2019, reads as follows. "CommonSpirit thas established its status as an organization exempt from income taxes under the Internal I Revenue Code Section 501(c)(3) and the laws of the states in which it operates, and as such, is generally not subject to federal or state income taxes. However, CommonSpirit's exempt organizations are subject to income taxes on net income derived from a trade or busin ess, regularly carried on, which does not further the organizations' exempt purposes. No significant income tax provision has been recorded in the accompanying consolidated financial statements for net income derived from unrelated trade or business. CommonSpirit's forprofit subsidiaries account for income taxes related to their operations. The for-profit subsidiaries recognized deferred tax assets and liabilities for temporary differences betwee in the financial reporting basis and the tax basis of their assets and liabilities, along with net operating loss and tax credit carryovers, for tax positions that meet the more-likely-than-not recognition criteria. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs. Income tax interest and penalties are recorded as income tax expense. For the years ended June 30, 2019 and 2018, CommonSpirit's taxable entities recorded an immaterial amount of interest and penalties as part of the provision for income taxes. CommonSpirit's taxable entities did not have any material unrecognized income tax benefits as of June 30, 2019 and 2018. CommonSpirit reviews its tax positions quarterly and has determined that there are no material uncertain tax positions tha			

t require recognition in the accompanying consolidated financial statements"

Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Using essentially the same Medicare cost report principles as to the allocation of general services costs and "apportionment" methods, the "CHI Workbook" calculates a payers' gross allowable costs by service (so as to facilitate a corresponding comparison between gross allowable costs and ultimate payments received). The term "gross allowable costs" means costs before any deductibles or co-insurance are subtracted. Alegent Creighton Health's ultimate reimbursement will be reduced by any applicable copayment/ deductible. Where Medicare is the secondary insurer, amounts due from the insured's primary payer were not subtracted from Medicare allowable costs because the amounts are typically immaterial. Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility ont to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients. In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory). Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report). True costs of Medicare computed using this methodology. Total Medicare Revenue. \$47,804,471. Total Medicare costs. \$101,480,566 Surplus or Shortfall (\$53,676,095) Alegent Creighton Health believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons. Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. ŧ1 501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such c

Specific populations at higher health risk or that have poorer health outcomes were identified in this community as low-income, low-education, Hispanic, Native American, and elderly residents. In addition to using existing relationships with organizations who work with these populations to distribute targeted community surveys, representatives from these organizations also participated in community meetings throughout the assessment process.

The following outlines the current implementation plan priorities and Facility B, 1 strategies. This plan is posted publicly on www.chihealth.com/chna. The community identified the following priorities as top health needs through a MAPP process. Six needs were originally identified by NCDHD, and CHI Health prioritized the same needs as the community based on existing initiatives, potential for impact, and the interest of the community Top Health Needs (from 2018 CHNA) 1 Aging 2 Mental Health 3 Nutrition, Physical Activity, & Weight 4 Screening for Chronic Disease 5 Substance Abuse 6 Youth Behaviors For this plan the hospital prioritized the following health needs. Priority Health Need #1Behavioral Health (includes Mental Health and Substance Abuse) To address this need the hospital will implement the following strategies in 2019-2021 \*Support internal and external efforts to promote mental health services and reduce substance abuse through early intervention and education by sustaining a behavioral health coalition to address behavioral health issues and connect service providers Priority Health Need #2 Chronic Disease Prevention, Detection and Management (includes Nutrition, Physical Activity &Weight Status) To address this need the hospital will implement the following strategies in 2019-2021  $\,\,^*$ Expand access to healthy foods and recreational opportunities and increase awareness of risk factors for chronic disease by aligning hospital efforts and financial support with Pierce County community partners The hospital will not address the following health needs for the following reasons. In acknowledging the range of priority health issues that emerged from the CHNA process, CHI Health Plainview prioritized the health issues above in order to most effectively focus resources and meaningfully impact the selected health issues. The hospital took into consideration existing partnerships, available resources, the hospital's level of expertise, existing initiatives (or lack thereof), potential for impact, and the community's interest in

> the hospital engaging in that area in order to select the priorities. CHI Health Plainview selected the same top health needs as identified by the community and will address each of those needs as described in the

Korn Ferry reviewed both cash and total compensation for overall reasonableness, for adherence to Catholic Health Initiatives' compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review was delivered by Korn Ferry to the CHI HR committee of the Board of Stewardship Trustees annually at their September meeting and minutes shared with the full board at the December meeting. The last review was September 25, 2018.
