Supplemental Information

Return Reference	Explanation
Part X, Line 2:	<p>University Health Care, Inc. (UHC) is exempt from income tax, though it is subject to tax on income unrelated to its exempt purposes, unless that income is otherwise excluded by the internal revenue code (the code). UHC files a federal informational return each year. UHC files a federal and state income tax return due to unrelated business income. Calendar years 2016, 2017, and 2018 are open to examination under federal and state statute of limitations. e-Care is a wholly-owned disregarded entity of UHC. As such, e-Care does not have a federal or a state income tax filing requirement. The company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The company has applied the uncertain tax position guidance to all tax positions for which the statute of limitations remained open. There are no material unrecognized tax benefits taken or expected to be taken in a tax return that have been recorded on the company's financial statements for the year ended December 31, 2019. As it was determined that all tax positions taken meet the more likely than not threshold. The company recognizes, if necessary, interest and penalties related to unrecognized tax benefits in the provision for income taxes. There were no interest or penalties related to income taxes that have been accrued or recognized as of and for the year ended December 31, 2019.</p>
