Supplemental nonqualified retirement	Eligible executives participate in a program that provides for supplemental retirement benefits. The payment of benefits under the program, if any, is entirely dependent upon the facts and circumstances under which the executive terminates employment with the organization. Benefits under the program are unfunded and non-vested. Due to the substantial risk of forfeiture provision, there is no guarantee that these executives will ever receive any benefit under the program. Any amount ultimately paid under the program to the executive is reported as compensation on Form 990, Schedule J, Part II, Column B in the year paid. No individuals received payment from the supplemental nonqualified retirement plan in the current year.
