PART X, LINE 2	Under ASC Topic 740-10, Accounting for Uncertainty in Income Taxes, the Committee may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the combined financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Management evaluated the Committees tax positions and concluded that the Committee had taken no uncertain tax positions that require adjustment to the combined financial statements to comply with the provisions of ASC 740-10. Generally, the Committee is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before September 30, 2016.
