Line 2 - Economic development - As the largest employer in Southwest Virginia, Carilion participates in programming and supports local Chambers of Commerce, improving economic development efforts through pro-business advocacy. Carilion takes an active role in local economic development endeavors by investing in research and technology and conversing with local businesses about the region's current business climate and prospects. CNRV takes an active role in local economic development through participation in OnWARD NRV, a regional economic development organization working to attract jobs and talent to the New River Valley. Line 3 - Community support - Research demonstrates the strong connection between social determinants of health such as transportation, housing and education, and the overall health and well-being of communities. Support is provided in a variety of ways for nonprofit organizations that address barriers to good health arising from these social determinants. Through support of local partners, Carilion can help provide better education and opportunities for children and families as well as improved housing, better nutrition and additional supportive resources for its neighbors in need, removing a range of obstacles to good health. Carilion New River Valley Medical Center is deeply involved with a variety of health and social determinant-related initiatives and supports local organizations through coordination of activities and participation as volunteers and on boards in addition to providing financial support. For example, Carilion leaders dedicate their time to impact the need for quality childhood education by participating on the First Steps, on the Montgomery County Prevention Partners coalition Financial donations also support various causes and organizations including Alliance for Better Childcare Strategies, |

| Schedule H, Part VI, Line 2 Needs<br>assessment | In addition to conducting regular Community Health Needs Assessments, Carilion closely monitors community health indicators and responds to needs as they arise. Each year, Carilion updates scorecards with refreshed County Health Rankings indicators provided by the Robert Wood Johnson Foundation. Carilion is also responsive to needs identified through clinical data and departments. Carilion's call center is available for community members to ask questions and to direct callers to community resources as issues are raised. The Planning department monitors data such as self-pay and Medicaid rates, patient origin and travel time, and age and income distributions to drive Carilion's access to care strategies. Carilion Clinic's community health improvement process was adapted from Associates in Process Improvement's Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists of five steps. (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years. Needs are also identified through advisory boards and focus groups conducted, on occasion, in key neighborhoods or aligned with community initiatives. Through ongoing collaboration with community stakeholders, regular communication of community needs occurs and partners can respond cohesively. Carilion Clinic fosters community development in its CHNA and community health improvement processes by using the Strive Collective Impact Model for the CHAT. This evidence-based model focuses on solving problems together with coalitions of cross-sector partners and has been proven to lead to large-scale changes. It focuses on relationship-building between organizations and the progress towards shared strategies. A rich mix of urban and rural communities, the New River Valley boasts scenic views and thriving communities complete with restaurants, arts and culture offerings and an abundance of outdoor recreation and relaxation opportunities (https://www.newrivervalleyva.org/). Key safety net providers in the region in addition to Carilion Clinic include the New River Health District, Community Health Center of the New River Valley, a federally qualified health center, free clinics, and other service organizations. Despite the presence of these entities, there remain thousands of low-income, uninsured, and underinsured residents who do not have access to affordable health care services. The 2018 New River Valley Community Health Needs. Assessment (NRVCHNA) revealed distinct communities with significant differences in size and population and significant disparities both in health and in social determinants. The 2014-2018 American Community Survey, Table S0102 Survey (ACS) found the total population of the New River Valley to be 182,341 and the population of Wythe County to be 28,940 (U.S. Census Bureau, 2014-2018 5-year American Community Survey, Table S0101 https://data.census.gov/cedsci/table?q=S01018tid=ACSSTSY2018 S01018hidePreview=true). The City of Radford had 17,630 residents (U.S. Census Bureau, 2014-2018 5-year American Community Survey, Table S0101 https://data.census.gov/cedsci/table?q=S01018tid=ACSSTSY2018 S01018hidePreview=true). | Schedule H, Part VI, Line 6 Affiliated health care system | Carilion New River Valley Medical Center is wholly owned by Carilion Clinic, a not-for-profit health care organization based in Roanoke, Virginia Through a comprehensive network of hospitals, primary and specialty physician practices, and complementary services, Carilion provides exceptional care for nearly one million Virginians. With an enduring commitment to the health of the region, Carilion also seeks to advance care through medical education and research, help its community stay healthy and inspire the region to grow stronger. In the mid-2000s, Carilion made the strategic decision to transform from a collection of hospitals to a physician-led, integrated health care system. It was a courageous move. In every moment since, Carilion has worked to evolve further-developing a multi-specialty physician group, transforming our primary care practices into patient-centered medical homes, implementing electronic health records system-wide, creating a robust partnership with Virginia Tech, and opening a medical school and research institute. Each decision, each adaptation, has fundamentally changed the way Carilion collaborates and provides care (https://www.carilionclinic.org/about-carilion-clinic) Carilion's Community Health and Outreach (CHO) department is the health system's engine for providing collaborative opportunities to improve and promote the health of the community. The department's Community Health Assessments process helps identify the strengths and barriers impacting health. It's community-based programs reflect the Robert Wood Johnson Foundation's framework of four main influences of health health behaviors, social and economic factors, clinical care access and quality, and physical environment. CHO is also the driving force for the health systems many partnerships with cross-sector organizations that create a collaborative culture of community health and wellness. Community stakeholder collaborations known as "Community Health Assessment Teams" (CHAT) lead the CHNA projects. The CHAT consists of health and human service agency leaders, per sons with special knowledge of, or expertise in, public health, the local health department, and leaders, representatives, or members of populations who are medically underserved, low-income, minority, and suffer from chronic diseases. The following organizations served on the CHAT for the 2018 (tax year 2017) New River Valley Community Health Needs Assessme nt (NRVCHNA) CHIP of NRV, Community Health Center of the New River Valley, Community Housing Partners, New River Community Action, New River Valley Agency on Aging, New River Vall ev CARES, Virginia Department of Health - Mount Rogers Health District, Virginia Department of Health - New River Health District, Virginia Tech. In addition to the CHAT, the NRVCH NA conducted focus groups among stakeholders and target populations and administered a com munity health survey During the CHNA process, community stakeholders, leaders, and provid ers were encouraged to complete the Stakeholder Survey (print and electronic versions avail lable) This survey provided an additional perspective about the health needs and barriers facing our community Stakeholder focus groups were conducted with the Community Health A ssessment Team, the Montgomery County Sheriff's Office, the NRV CHIP staff, the Palliative Care Partnership of the NRV, and the Pulaski County Sheriff's Office Target population focus groups were conducted to capture the story of needs and barriers to health for the un insured, underinsured, low-income, minority, senior, and chronically ill populations. Focu s group locations were chosen based on their proximity and convenience to target populations. Nine target population focus groups were held and participants discussed health needs and barriers to health, as well as access to primary, oral, and mental health care Target population focus groups were conducted with Community Health Center of New River Valley p atients in two different clinic locations, Children's Health Investment Partnership (CHIP) clients, Carillon New River Valley Medical Center Environmental Services Staff, New River Valley Agency on Aging Friendship Cafe groups in multiple localities and with the YMCA In ternational Women's group. A 38-question Community Health survey was developed including gluestions about socioeconomic factors, access to medical, dental, and mental health care, health behaviors, physical environment, health outcomes, and demographics. The survey included commonly used questions and metrics from previously validated community surveys, includding (1) Community Themes and

There, through a comprehensive network of hospitals, primary and specialty physician practices, wellness centers and other complementary services, the system provides quality caire close to home for nearly one million Virginians. Carilion's roots go back to 1899, when a group of dedicated citizens came together and built a hospital to meet the healthcare nieds of the community Today, Carilion is a key anchor institution focusing on more than just healthcare, Carilion is dedicated to its mission of improving the health of the communities we serve. With an enduring commitment to the health of our region, Carilion advances care through clinical services, medical education, research and community health investments. Carilion believes in service, collaboration and caring for all Through ongoing invest ment in discovering and responding to the health needs of the community comes the underst anding that the involvement of additional stakeholders is essential to effectively address community health issues and create change. The purpose of this implementation strategy is to describe what Carilion New River Valley Medical Center (CNRV) plans to do to address the community health needs identified in the 2018 New River Valley Community Health Needs A ssessment (NRVCHNA). After all primary and secondary data collection was completed, the CH AT reviewed all data then identified and prioritized the ten most pertinent community need is using the Robert Wood Johnson Foundation framework for what influences health. | Schedule I, Part I, Line 2<br>Procedures for monitoring use of<br>grant funds | The Hospital donates funds to other tax-exempt organizations and public schools with a similar health or community improvement mission. Such organizations also have community boards which oversee the expenditure of such funds. For Carilion Clinic's Community Grant Program, each grantee must sign a letter of agreement with Carilion Clinic that delineates the terms and specific objectives of the project. By accepting a Carilion award, grantees are asked to acknowledge the support of Carilion Clinic in all materials and/or related special events or fundraisers throughout the award cycle where other donors are publicly recognized. One mid-cycle progress report and a final program evaluation are required for every funded project. Site visits may be made to grantees. Program evaluation includes alignment with Community Health Assessment priorities, program impact, organizational effectiveness and community benefit through collection of data including clients served, cost effectiveness of the program (cost per client or service), tangible community or client outcomes, and specific efforts to cultivate diverse funding sources for program |                          |                          |                                  |   |                                       |

sustainability Each grantee must agree to submit requested data and reports on a timely basis and to complete the evaluation process as requested

| used to establish the top management official's compensation | The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation, including that of the organization's Hospital Vice President, is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonus, "at-risk" and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, the list of which was reviewed by the Committee The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives. |

| Supplemental nonqualified retirement plan | Mr Arner, Dr Bishop, Mr Conte, Mr Halliwill, and Mr Vaughan participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer, at the discretion of Carilion Clinic's Compensation Committee, makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. Unvested contributions made to the DC SERP in 2018 are included on the Form 990 as "retirement and other deferred compensation." No distributions were made under this plan in the reporting year. Ms. Agee participated in an executive flexible benefit plan, in which an allowance is provided annually to the participant for use in obtaining certain insurance benefits. In prior years, the amount of allowance in excess of elected benefits was credited to a capital accumulation account with a deferred vesting date of at least two years from the first day of the plan year, distributable upon vesting while employed by a Carilion Clinic affiliate, death, disability, or 24 months following certain qualifying separations from service. Deferrals no longer occur under this plan No distributions of prior deferred amounts were made under this plan in the reporting year. |

| payments         | The organization pays annual "at-risk" compensation to certain members of management based on performance of an applicable scorecard. While the scorecard contains a formula as a basis for determining overall performance, in certain cases, senior managers have discretion to include additional elements in their assessment of managers reporting to them. In addition, for top management, the actual non-fixed payment awarded is in the discretion of the Carilion Clinic Board of Directors Compensation Committee, although it is based on the scorecard measures. |

The student volunteers are accompanied by adult volunteers and guest services staff and do a great job impacting our patient experience. The youth also participated in fund raising activities this past year. We are very proud of our volunteers and how their work enhances our patient and guest experience. Hospice volunteers serve in a variety of different roles. Patient care volunteers provide socialization and emotional support for patients and families. They provide respite so family members can run errands or just take a break from the caregiving role. We also have a "We Honor Veterans Program" which honors all veteran patients with a pinning ceremony performed by a veteran volunteer. Veteran volunteers also participate in local veteran days parades. We also present all WWII veteran patients with a patriotic quilt in recognition of their service. Our office volunteers help with stuffing envelopes, organizing and printing of manuals, assist with making patient birthday bags and then delivering them to the homes. Weekly tuck in calls are also made by volunteer staff to check in with our patients prior to the weekend related to any needs the y may have. Bereavement Volunteers assist the Bereavement Coordinator to plan our annual memorial service and attend our weekly Grief Support groups. |   |                                |   |

| Form 990,<br>Part VI, Line<br>12c Conflict<br>of interest<br>policy | Our organization monitors and reviews proposed and current transactions for conflicts of interest in a variety of ways. At the governing board level, we have board members complete an initial (upon appointment) and annual conflict of interest questionnaire to disclose a ctual or potential conflicts. Board members are required to update their disclosure as needed in between questionnaires. All disclosures are reviewed by the Organizational Integrit. In a disclosure is viewed as an actual or potential conflict, an action is recommended to the Compliance Committee of the Carillon Clinic Board and implemented as approved. Actions can include recusal in discussion/voting at board meetings, I imitation/termination of the transaction, removal from board appointment or other appropri ate controls. In addition, at any time, board members are encouraged to disclose any potential conflicts as they arise at a board meeting and to recuse themselves as deemed appropriate. The same process takes place as described above for key employees (upon hire and annually thereafter), including all Officers, members of the management team, physicians/mid-level practitioners, pharmacists and key supply chain buyers. After review and further discussion as needed, action may be required to manage an actual conflict or to reduce the appearance of such as approved by Organizational Integrity & Compliance Office and other key management team members. As needed, the governing board leaders are notified of any conflicts which may impact board proceedings. |

| Form 990, Part VI, Line 15a Process to establish compensation of top management official | The organization has a single member, Carilion Clinic, a charitable tax-exempt organizatio in which serves as the parent company of the Carilion Clinic integrated health care deliver y system. Executive compensation is reviewed annually by the Carilion Clinic Board of Dire cross Compensation Committee. This Committee is made up of Board Members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. With respect to Carilion Clinic, the Compensation Committee reviews the compensation of the Board of Governors annually, which includes the President and Chief Executive Officer, the Executive Vice Presidents (Chief Financial Officer, Chief Medical Officer, Chief Operating Officer, Chief Administrative Officer and Chief Legal Officer), and select Senior Vice Presidents who are the physician Chairs of the Clinical Departments. For the fiscal year covered by this return, the Compensation Committee also used the same process to review the compensation of other Disqualified Individuals, including the Hospital Vice Presidents. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive ledgers, which includes Vice Presidents, Senior Vice Presidents, Executive Vice Presidents, and the CEO, as well as the compensation philosophy for employed physicians. Some officers of the organization who are not compensated in their capacity as an officer but rather in their role as employee in a position not mentioned above are not subject to Committee review. This review included review of a comprehensive report from an independent, outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Compensation compensation and each element thereof, including base salary, bonus, 'at-risk' and other cash compensation, and benefits, including deferred and retirement benefits.
