990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I Line 3c	Potomac Valley Hospital PVH uses 200 Federal Poverty Guideline to determine free care eligibility PVH offers a Prompt - Pay Discount Program - patients who have no third party coverage uninsured or uninsurable may be eligible for a 20 self-pay discount while patients who have a guarantor balance may be eligible for a 20 discount To be eligible for either discount the patient/guarantor must meet certain requirements
Part I Line 6a	Potomac Valley Hospital community benefit numbers are reported in total with the other hospitals within West Virginia United Health System The 2017 amounts can be found at the following web address http://wvmedicine.org/about/community-benefit/

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I Line 7	Column f - Total community benefit expense for 2017 is 5,070,395 and is 20.75% of total net expenses. To calculate net expense, bad debt of 1,278,190 was deducted from total expenses of 24,438,171 as shown in Part IX line 25 of the core Form 990.
Part I Line 7	Worksheet 2 from the IRS Schedule H instructions was used to derive the Cost-to-charge ratio, which was used to calculate Charity Care, Unreimbursed Medicaid and other means-tested government programs at cost. To calculate the Medicare allowable cost shown in Part III question 8, we used the allowable costs from the Medicare Cost report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part II	For 2017, PVH employees spent work time volunteering for the Mineral County United Way Day of Caring
Part III Line 2	Bad Debt Expense at Cost on Line 2 was calculated by multiplying bad debt expense of 1,278,190 by our cost-to-charge ratio of 66.03 for a total of 843,990 less DSH allocations to self-pay patient accounts of 624,316 for a total of 219,673

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III Line 3	Estimated bad debt attributable to patients eligible for charity care on Line 3 was calculated by pulling all outstanding patient balances of 5,000 or greater from our patient accounting system. That report totaled 15,313, which was then multiplied by the cost-to-charge ratio of 66.03 for a total of 10,111.
Part III Line 3	We feel that at a minimum, the estimated bad debt attributable to patients eligible for charity care of 10,111 should be considered community benefit due to the fact that anyone with outstanding balances of 5,000 or greater in our demographic usually qualifies as catastrophic if the patient completes the application process. In our Charity Care Policy, we define catastrophic care as any illness or injury that will likely require continuous or frequent treatment for more than one year and would have qualified for charity care if paperwork was completed.

Form and Line Reference	Explanation
Part III Line 4	<p>Potomac Valleys financial statements are prepared on a consolidated basis as a member of WV United Health System WVUHS The footnote for Accounts Receivable is as follows Patient accounts receivable are reported at net realizable value Accounts are written off when they are determined to be uncollectible based upon managements assessment of individual accounts In evaluating the collectability of patient accounts receivable, the System analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts For receivables associated with services provided to patients who have third-party coverage, the System analyzes contractual amounts due and provides an allowance for doubtful accounts and a provision for bad debts, if necessary For receivables associated with self-pay patients, which includes both patients without insurance and insured patients with deductible and copayment balances, the System records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts The Systems allowance for doubtful accounts for self-pay patients increased to 60 of self-pay accounts receivable at December 31, 2017, from 57 of self-pay accounts receivable at December 31, 2016 In addition, the Systems self-pay write-offs net of recoveries increased to approximately 61,142,000 in 2017, from approximately 51,775,000 in 2016, which is the result of a slightly higher payor mix percentage of individuals without insurance and a slightly higher exposure to self-pay balances from high deductible third-party insurance plans The System does not maintain a material allowance for doubtful accounts from third-party payors, nor does it have a history of significant write-offs from third-party payors The System grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements, primarily with Medicare, Medicaid, and various commercial insurance companies The System maintains allowances for potential credit losses and such losses have historically been within managements expectations The mix of receivables at December 31, 2017 and 2016 from patients and third-party payors is as follows For 2017, Medicare 29, Medicaid 14, Blue Cross 21, Commercial/HMO/Other 32, Patients 4, Total 100 For 2016, Medicare 31, Medicaid 14, Blue Cross 21, Commercial/HMO/Other 30, Patients 4, Total 100</p>
Part III Line 4	<p>For receivables associated with self-pay patients, which includes both patients without insurance and insured patients with deductible and copayment balances, the System records a significant provision for bad debt in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts</p>
