	allowances for bad debts are approximately \$74.5 million and \$73.2 million as of September 30, 2018 and

2017, respectively

Total and Line Reference	Explanation
Part III, Line 8	The shortfall of Medicare revenue to Medicare was calculated according to the cost to charge ratio Allowable costs of care should be considered community benefit because in the area served by VMC, there are no other providers available to provide the required services. Therefore, the care would become a government obligation and is treated as a community benefit provided by VMC.
Part III, Line 9b	Recommended patient accounts will continue to go through the accounts receivable billing cycle as normal When the account reaches the customer service/collections manager, financial counseling supervisor or patient accounts supervisor, based on the information given, a decision will be made whether to proceed with collection or refer the account for approval of charity care. The process will occur as follows I Financial counselors will try to locate third party payors. If not eligible for any third party coverage (including charities), they may, based upon the financial information received, recommend the patient for charity care. II Patient counselors will review for any third party payors and verify employment and assets. A charity care application will need to be completed along with tax return, pay stubs, social security award letter and other financial information as may be required III. The patient accounts supervisor, financial counseling supervisor or customer service/collections manager, based upon account balance and the information given, will make a decision whether to proceed with collection or refer the patient account for approval for charity care. Form 990, Part III, Line 4a	Overview of University Health Systems of Eastern Carolina. Our mission at VH is to improve the health and well-being of eastern North Carolina. Our mission, vision and values continue to lead us on a voyage to excellence. Because the people we take care of our neighbors, friends and family deserve the best. VH is a North Carolina non-profit corporation with headquarters in Greenville, North Carolina. VH and its affiliates operate an integrated he alth care delivery system that serves a total market of approximately 1.4 million people in 29 contiguous counties in eastern North Carolina. The Health System includes hospitals, physician practices, outpatient services, long-term care, home health, hospice, and welline ss services. The Health System's owned hospitals are Vidant Medical Center ("VMC"), which is a tertiary care hospital and an academic medical center, and seven other acute care hospitals. Vidant Roanoke-Chowan Hospital, Vidant Edgecombe Hospital, Vidant Chowan Hospital, Vidant Bertie Hospital, Vidant Duplin Hospital, Vidant Beaufort Hospital, and The Outer Bainks Hospital. VMC serves as the teaching hospital for the Brody School of Medicine, East Carolina Schools of Nursing and Allied Health and Pitt Community College. The system also serves as a regional referral center for eastern North Carolina. The System's eight owned a cute care hospitals are licensed to operate 1483 beds. Each hospital is licensed by the Di vision of Facility Services of the North Carolina Department of Health and Human Services and approved as a provider by the Medicare and Medicaid programs. VH and its hospitals and affiliate organizations provide services to patients without regard to their ability to pay In fiscal year 2018 VH's combined patient care statistics were inpatient admissions, 64,333, inpatient days of care, 354,964, surgeries, 46,815, births, 5,632, and Outpatient visits, 347,761. Our System's workforce included 11,552 employees. Each of VH's hospitals operates an emergency room, which is open 24 hours a day VMC

As a non-profit organization, VH reinvests all excess of revenues over expenses in program s, services, and facilities that provide access to patient care and health services to the citizens of Eastern Carolina Overview of Vidant Health Community Benefit Programs 1. Eas tern North Carolina is comprised of 1.4 million people living in 14,000 square miles. Boun daries are from I-95 East to the coast, and from the Virginia line up to and including Ons low County. The area is largely rural and largely poor, with higher than state or national average rates for poverty and uninsured. Health status indicators show increased incidence of disease in the region, especially cancer, heart disease and stroke. VH determines pri orities for target populations by working in concert with medical and community agency par thers in ongoing assessment of the most pressing health care needs. Many efforts over the past decade have focused on diabetes, pediatric asthma, school health, injury prevention, access to care, nutrition enhancement, physical activities and chronic disease screenings. Also, special programs to manage the care of Medicaid enrollees, address access to both medical care and medications for the uninsured, and coordination of services for children with obesity have been undertaken. The populations that are served by addressing these issu es are largely the poor, the underserved, and minorities. Determination of specific popula tions to address occurs when partners such as the North Carolina Department of Health and Human Services, local health departments, county coalitions, task forces, and physicians i dentify a quantifiable need, and community partners are engaged to work together with the health system. 2. Funding for community health programs is obtained from both the operating funds of VH entities and external grant-awarding organi

Grant funds are utilized to demonstrate the Effectiveness of a proposed community program, measure the outcomes achieved, and garner long-term sustainability from either the health system, other community agencies or as a collaborative program. Many community health programs are collaborative in nature with local service agencies, and often a portion of the grant funds are used to support resources or Services in these a gencies. 3 Community health priorities are determined following the completion of a Community Health Needs Assessment every three years. The Community Health Needs Assessment includes input from community members received through community surveys and focus group discu ssions, as well as a review of secondary health data. Community alliances, partners and or ganizations, including local health departments, participate in this review. A list of the most pressing health issues are compiled for each community and then prioritized following an assessment of current health resources to address the identified health issues. Estab lished resources/coalitions and new partnerships are formed to address the identified heal th priorities. 4 Community health priorities are also established in response to a compel ling need identified by health practitioners or community groups. VH is fortunate to have a strong collaborative partnership with East Carolina University, and works closely with the schools within the Health Sciences Division, especially the Brody School of Medicine. B SOM is an active participant in almost every community health initiative, supporting the r esearch and evaluation of these programs, and contributes to programs for the under and un insured in multiple ways. ECU and other educational institutions whose students matriculate through VH facilities also provide opportunities for colla

Form 990, Part III, Line 4a	5 Provided below are a few highlights of the community benefit and education activities. Form 990, Schedule H, Part VI, Line 5 5a Community Health Improvement Services. Community health improvement services are programs and services that meet an identified need and are offered to the community at little or no charge. VH hospitals sponsor programs that improve access to health care for the underserved and enhance the identification and management of chronic diseases, such as cancer, diabetes and heart disease. Here are a few examples of these programs. Medical assistance programs for uninsured patients. Support for Community Coalitions focused on Health. Support of local Federally Qualified Health Center. Support for Healthy Neighbors faith health partnership. Support for school health partnerships 5b. Health Professionals Education. Preparing future health care professionals is important to us. Our hospitals provide clinical settings for students of health professions, such as future physicians, nurses and other allied health professionals. We also support students through deferred forgivable loans and internships including resident training, nursing clinic sites, allied health professionals, and financial support of nursing programs 5c. Research. East Carolina University (ECU) conducts research to evaluate new treatments and protocols. These studies help health professionals everywhere provide quality care to patients. VH supports this through various means including supporting the Institutional Review Board at ECU and providing study sites. 5d. Financial and In-Kind Contributions. VH donates money and inkind services to community groups and activities that share our mission of improving health. They include Meals on Wheels, American Red Cross blood drives, medical supplies to emergency medical services, and free medications to qualifying patients VH hospitals are key partners in fundraising for organizations such as the United Way, American Heart Association, Juvenile Diabetes Association and the American Can
