JA Academy is a program whose vision is to re-engineer high school education to be more relevant, experiential and authentically connected to life beyond the classroom walls, in order to prepare today's students for the demands of tomorrow's economy. The JA Academy operates at the High School level within the Public School System. The JA Academy's school-within-a-school creates a rigorous standards-based high learning environment that integrates real-world connectivity through case study methodology, project-based learning and real-world experiences. The Academy provides four years of education through a lens that engages students and prepares them for success. It is integrated learning through dynamic case studies, collaboration with peers, and access to industries to gain exposure and build the skills needed to go as far as one can dream. The vision of 3DE goes beyond one classroom, one school or a school system. 3DE is designed to deliver a scalable model that re-engineers the framework of public education, in a way that not only affects individual students and educators, but impacts the entire school system. In order to inspire and empower students to thrive, we strive to achieve three key elements: 1. Informed and aspirational students 2. Experienced and empowered students 3. Systemic innovations in education. The school-within-a-school model functions as a catalyst for transformation throughout the broader school and school system, in order to drive better outcomes for all students. Total Students served was 752 and 225,600 contact hours. part x question 2 ASC 740 (FIN 48) footnote	<p>The Organization accounts for its uncertain tax positions in accordance with Accounting Standards Codification ("ASC") Topic 740-10, Income Taxes. ASC Topic 740-10 clarifies the accounting for uncertainty in income taxes and sets a consistent framework for preparers to use to determine the appropriate level of tax reserve to maintain for uncertain tax positions. The guidance uses a two-step approach wherein a tax benefit is recognized if a position is more-likely-than-not to be sustained. The amount of benefit is then measured to be the highest tax benefit which is greater than 50% likely to be realized. The organization does not believe there are any material uncertain tax positions and, accordingly, it will not recognize any liability for unrecognized tax benefits.</p>
