Pt V, Line 4	<p>PCUL is a not-for-profit corporation under the laws of the State of Florida and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Code provides for taxation of unrelated business income under certain circumstances. PCUL believes that it has no liability for taxes with respect to unrelated business income. However, such status is subject to final determinations upon examination of the related income tax returns by the appropriate taxing authorities. A component of this standard prescribes a recognition and measurement threshold of uncertain tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. PCUL's policy is to recognize interest and penalties associated with tax positions under this standard as a component of tax expense, and none were recognized since there was no material impact of the application of this standard for the years ended December 31, 2019 and 2018. The information returns of PCUL are generally open for examination for three years following the date filed.</p>

Return Reference	Explanation
Pt I Line 2	The Low-Income Home Energy Assistance Program, through a network of local governments and nonprofit agencies, assists low-income households in meeting the costs of home heating and cooling. The majority of the funds are used for utility payment assistance. This is a federally funded program administered by Florida Department of Economic Opportunity. To be eligible for the Low-Income Home Energy Assistance Program, the household income may not exceed 150% of the national poverty level. If the household's income is greater than this amount, the applicant may still be eligible because some types of income are not counted. The applicant must apply for assistance with the Pinellas County Urban League, Inc. local LIHEAP provider. Proof of household income is required. When applying for assistance, one must provide proof, such as a utility bill and that he/she is responsible for all or part of the energy costs for the household. The Weatherization Assistance Program enables low-income families to reduce their energy bills by making their homes more energy efficient. One of the primary factors affecting eligibility is income. Clients are eligible for weatherization if their income falls below the 200% poverty level. In addition to income, preference is given to people over 60 years of age, families with one or more members with a disability, and families with children.
