Part I	I, Line 6a	The filing organization was a wholly owned subsidiary of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) during its current tax year. During the current year, AHSSHC served as a parent organization to 24 tax-exempt 501(c)(3) hospital organizations and a number of other health care facilities that operated in 10 states within the U.S. The system of organizations under the control and ownership of AHSSHC is known as "AdventHealth" All hospital organizations within AdventHealth collect, calculate, and report the community benefits they provide to the communities they serve. AdventHealth organizations exist solely to improve and enhance the local communities they serve. AdventHealth has a system-wide community benefits accounting policy that provides guidelines for its health care provider organizations to capture and report the costs of services provided to the underprivileged and to the broader community Each AdventHealth hospital facility reports their community benefits to their Board of Directors and strives to communicate their community benefits to their local communities. Additionally, the filing organization's most recently conducted community health needs assessment and associated implementation strategy can be accessed on the filing organization's website.						
Part I	I, Line 7	The amounts of costs reported in the table in line 7 of Part I of Schedule H were determined by utilizing a cost-to-charge ratio derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges, contained in the Schedule H instructions

	apply for financial assistance by completing a Financial Assistance Application Form (FAA Form) If an individual does not submit a complete FAA Form within 240 days after the first post-discharge billing statement is sent to the individual, an individual may be considered for presumptive eligibility based upon a scoring tool that is designed to classify patients into groups of varying economic means. The scoring tool uses algorithms that incorporate data from credit bureaus, demographic databases, and hospital specific data to infer and classify patients into respective economic means categories. Individuals who earn a

Revenue Service guidance that tax-exempt hospitals maintain such emergency rooms was established to ensure that emergency care would be provided to all without discrimination. The treatment of all at the filing organization's Emergency Department is a community benefit. Under the filing organization's Financial Assistance Policy, every effort is made to obtain a patient's necessary financial information to determine eligibility for financial assistance. However, not all patients will cooperate with such efforts and a financial assistance eligibility determination cannot be made based upon information supplied by the individual. In this case, a patient's portion of a bill that remains unpaid for a certain stipulated time period is wholly or partially classified as bad debt. Bad debts associated with patients who have received care through the filing organization's Emergency Department should be considered community benefit as charitable hospitals exist to provide such care in pursuit of their purpose of meeting the need for emergency medical care services available to all in the community.

compassion Restoring and promoting the health and quality of life of those in the communities served by the filing organization is a function of "extending the healing ministry of Christ and embodies the filing organization's commitment to its values and principles. The filing organization commits substantial resources to provide a broad range of services to both the underprivileged as well as the broader community. In addition to the community benefit and community building information provided in Parts I, II and III of this Schedule H, the Hospital captures and reports the benefits provided to its community through faith-based care. Examples of such benefits include the cost associated with chaplaincy care programs and mission peer reviews and mission conferences. During the current year, the Hospital provided \$331,525 of benefit with respect to the faith-based and spiritual needs of the community in conjunction with its operation of a community hospital. The filing organization also provides benefits to its community's infrastructure by investing in capital improvements to ensure that facilities and technology provide the best possible care to the community. During the current year, the filing organization expended

Part VI. Line 6 Florida Hospital Waterman is a part of a faith-based healthcare system of organizations whose parent is Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) The system is known as AdventHealth AHSSHC is an organization exempt from federal income tax under IRC Section 501(c)(3) AHSSHC and its subsidiary organizations operate 44 hospitals throughout the U.S., primarily in the Southeastern portion of the U.S. AHSSHC and its subsidiaries also operate 11 nursing home facilities and other ancillary health care provider facilities, such as ambulatory surgery centers and diagnostic imaging centers As the parent organization of AdventHealth, AHSSHC provides executive leadership and other professional support services to its subsidiary organizations. Professional support services include among others IT, corporate compliance, legal, reimbursement, risk management, and tax as well as treasury functions Certain support services, such as human resources, payroll, A/P, and supply chain management are provided pursuant to a shared services model by AHSSHC to its subsidiary organizations. The provision of these executive and support services on a centralized basis by AHSSHC provides an appropriate balance between providing each AdventHealth subsidiary hospital organization with missiondriven consistent leadership and support while allowing the hospital organization to focus its resources on meeting the specific health care needs of the community it serves. The reader of this Form 990 should keep in mind that this reporting entity may differ in certain areas from that of a stand-alone hospital organization due to its inclusion in a larger system of healthcare organizations. As a part of a system of hospital and other health care organizations, the filing organization benefits from reduced costs due to system efficiencies, such as large group purchasing discounts, and the availability of internal resources such as internal legal counsel. Each AdventHealth subsidiary pays a management fee to AHSSHC for the internal services provided by AHSSHC. As a result, management fee expense reported by an AdventHealth

lorida Hospital Waterman, Inc	Part V, Section B, Line 5 In 2016, Florida Hospital Waterman, Inc d/b/a AdventHealth Waterman (the Hospital) was one of eight hospitals in the Central Florida Region of AdventHealth. The eight hospitals are in the Central Florida counties of Lake, Orange, Osceola, and Seminole. The Hospital is located in Lake County and its primary service area encompasses the northern part of Lake County and reaches into far northwest Orange County. The Central Florida Region conducted its 2016 Community Health Needs. Assessment (CHNA) in two parts a regional health needs assessment for four counties in Central Florida (Lake, Orange, Osceola and Seminole) and a separate health needs assessment focused on each of the eight hospitalsThe 2016 CHNA conducted for the Hospital was built on input from people representing the broad and local community, as well as low-income, minority and other medically underserved populations. This input was solicited throughout 2016, and was gathered and considered in multiple way as described below. The Hospital had a Community Health Needs Assessment Committee (CHNAC) that included representatives from the Hospital and community with a special focus on underserved populations within the Hospital's community/service area. The following organizations participated in the Hospital's CHNAC and specifically represented low-income, minority and other medically underserved populations. Having access to care is important for promoting and maintaining health, preventing and managing disease, reducing unnecessary disability and premature death, and achie ving health equity for all Based on the findings from the 2016 Community Health Needs Ass essment, AdventHealth Waterman chose to address this need to better eliminate health dispairties and increase the quality and years of healthy life for all in Lake County. The inability to access quality healthcare contributes to varying social determinants, high cost of care and lack of/no insurance coverage 2018 Update AdventHealth Waterman worked to help uninsured community residents and patients find regular sources of health care, and acces s care at the most appropriate level. The hospital operates a free family primary care hea Ith clinic which accepts and treats qualified patients based on their zip code and income less than 150 percent of federal poverty level. In 2018, the clinic provided scheduling as sistance and no-cost medical care to 2.050 patients and transitioned 16 percent of the Emergency Department (ED) lowincome patients (with non-acute or chronic health issues) to the Primary Health Clinic for postdischarge follow-up. In 2018, there was a focus on meeting the social service needs of patients by assisting with identification and enrollment with social service providers. The clinic's numbers continue to remain consistent, even with the loss of some providers in 2017. The clinic continues to see increasingly more complex patients that require more time per visit. The clinic is currently researching chronic car e management coding to capture time more accurately for these complex patients. In additio n, patients (from the hospital and/or the Family Health Clinic) who did not have a regular primary care provider were referred to a nearby Community Health Center (FOHC) Community Health Centers accept uninsured patients on a sliding fee scale basis as well as patients covered by insurance, Medicaid, and Medicare AdventHealth Waterman regularly participate s in a community health improvement planning focus group. This multidisciplinary focus group includes multiple community organizations with a similar goal of identifying key barriers and improving community access to health care The focus group works to understand comm unity priorities, raise awareness, and join action teams to implement strategies. The comm unity health improvement process looks beyond the performance of individual organizations serving specific segments of our community and concentrates on the activities and contributions of many organizations or community members on the overall

compared to the state overall. There is a strong community concern about the impact of obesity on both children and adults of all ethnicities. Obesity is a major health issue, contributing to several diseases, specifically increased risk of certain types of cancer, high blood pressure, coronary artery disease, type 2 dia betes, and stroke. It also has a significant increase in early mortality and economic cost s Based on the findings from the 2016 Community Health Needs Assessment, AdventHealth Wat erman chose to address this need through the reduction of associated health risks and mort ality. The fundamental cause of obesity is an imbalance between calories consumed and calo ries expended, although, other contributing factors can include poverty, limited/no access to healthy foods, and lack of exercise 2018 Update AdventHealth Waterman offered creative programs to get people moving The hospital hosted two walking activity events in 2018, including a "Walk to the Moon" challenge with 466 participants walking to achieve enough miles to make it to the moon, and a Geo Cache a scavenger hunt in which clues where provided to all 372 participants who walked and searched to find the Geo Cache and learn about h ealthy lifestyle habits. Both programs resulted in a 100 percent completion rate and prese nted an increased understanding of practicing a healthy lifestyle to obtain and maintain a healthy weight. The hospital modified a program to engage local physicians to refer obese children and families to the CREATION Health program to increase attendance in the CREATI ON Health Bible School We boosted attendance from 70 children in 2017 to 128 in 2018. The program included healthy snacks, exercise, and health education relating to nutrition and fitness. The hospital conducted 1,101 community health risk assessments (HRA's) which included BMI calculations to assess one's risk for disease related to obesity. Participants were educated on healthy eating and exercise habits and offered resources available in the community and through the hospital (Continued)

Heart disease and other cardiovascular diseases are among the most wild despread and costly health problems. Improving cardiovascular health improves quality of 1 ife and results in the reduction of deaths from heart disease. Based on the findings from the 2016 Community Health Needs Assessment, AdventHealth Waterman chose to address this ne ed to reduce the burden of cardiovascular disease and eliminate disparities associated with heart disease and stroke. About half of all Americans have at least one risk factors for heart disease, including, but, not limited to high blood pressure, high cholesterol, and smoking. Heart disease is one of the top five causes of death in Lake County and is higher than the Healthy People 2020 goal. 2018 Update. People diagnosed with diabetes experience sign ificant health concerns because the disease itself has proven to be the catalyst for other health problems such as lower-limb amputation, blindness, cardiovascular disease, and kid ney failure. Based on the findings from the 2016 Community Health Needs Assessment, Advent Health Waterman chose to address this need by reducing the number of new cases by early diagnosis and prevention awareness and education Underlying causes of diabetes vary by type, although certain risk factors for developing diabetes at a later age include being overw eight or obese, leading a sedentary lifestyle, and genetics Diabetes is one of the leading causes of death in Lake County, and the percentage of adults with diagnosed diabetes in Lake County is higher than the Healthy People 2020 goal 2018 Update AdventHealth Waterman provided 281 glucose screenings to the community meeting the 2018 goal One hundred percent of people with elevated glucose levels were referred to a physician and/or diabetes edu cation class People without medical insurance were referred to the nearby Community Healt h Center (FOHC) that sees uninsured patients on a sliding fee scale basis. Offered in the Conry CREATION Health Center, the AdventHealth Waterman Diabetes Self-Management class edu cated participants on how to manage diabetes with everyday strategies focused on nutrition, exercise, and disease management. Thirteen community classes were completed with a total of 212 participants, exceeding the 2018 goal AdventHealth Waterman also hosted 32 Diabet es Support Groups with 125 attendees for anyone diagnosed with pre-diabetes or diabetes. A ttendees were educated on the disease, self-management strategies, and engaged in open dis cussion. Both the class and the support group were taught/led by a Certified Diabetes Educ ator, and attendees reported an increased understanding of how to more effectively manage blood sugars, medications, exercise, meals, and sick days AdventHealth Waterman, in conjunction with the Lake County Department of Health, launched a new community service program in August 2017 to help expectant mothers manage gestational diabetes. More than 13 percent of expectant moms in Lake County will develop gestational diabetes, which can jeopardize the health of baby and mom and increase the likelihood of complications during delivery. The clinic provided 50 education classes in 2018 and testing supplies to 58 newly diagnose d moms while also offering ongoing monitoring for the term of the pregnancy. The

The data shows cancer is one of the top five causes of death in Lake County Colon and cervical screenings are lower in the county than the Healt hy People 2020 goal and certain minority had higher noncompliance rates 2018 Update Adven tHealth Waterman provided education on and screenings for cervical and colon cancer to inc rease awareness of the benefits of early detection and screening/prevention. In collaboration with the annual flu shot drive, 44 participants were screened by

a registered nurse, and of those, two were identified as overdue for a colonoscopy and scheduled appointments with a gastroenterologist The hospital conducted community outreach events at a food and pe rsonal care item distribution center and a low-income, primarily Spanish speaking housing community The purpose of these events was to educate women in our community about HPV, ce rvical

cancer, risk reduction, screening/early detection and to provide these women with g ynecologic cancer prevention resources A total of 74 providers were educated on cancer na vigation services to ensure easier access, resources, survivorship care plan dissemination, and patient education. Hospital and community stakeholders used the following criteria to narrow the larger list to the priority ar eas noted above 1 How acute is the need? (based on data and community concern)2 What is the trend? Is the need getting worse? 3 Does the Hospital provide services that relate to the priority? 4 Is someone else or multiple groups in the community already working on this issue? 5. If the Hospital were to address this issue, are there opportunities to work with community partners? Based on this prioritization process, the Hospital did not choose the following community issues The 2016 Community Health Needs Assessment also identified the following community health issues that AdventHealth Waterman will not address. The list below includes these issues and an explanation of why the hospital is not addressing the m 1 Mental Illness/Depression Other local organizations such as Lifestream Behavioral H ealth are already working to address mental illness/depression. We are committed to working to improving the health and wellness of our communities, and fully support local governm ent and wellness coalitions in their efforts to positively impact these issues 2 Poor Acc ess to Food/Nutrition A large portion of the county has a modified retail food environmental index score below 15 (low access, poor access, or no access to healthy retail food out lets) Additionally, the entire county is without a census tract with a score over 30, which would indicate high access 3 Substance Abuse Addiction is understood to be a compone nt of poor mental health. Local behavioral health partners such as Lifestream Behavioral H ealth is in a better position to address substance abuse. We are committed to working to i improve the health and wellness of our communities, and fully support local government and wellness coalitions in their efforts to positively impact these issues 4 Poor Birth Outco mes While this issue appears to be an issue for Lake County, especially among black resid ents, other local organizations such as the Lake County Department of health are already w orking to address poor birth outcomes Additionally, when compared to other nearby communities, the Florida Hospital Waterman community has overall lower birth rates 5 Poverty Fl orida Hospital Waterman is already working with community partners such as local food bank s and in many community outreach projects to help support and care for the underserved in our community 6. Asthma. While we have the means to treat the symptoms of asthma, the exact cause of asthma is unknown. Explanation

The filing organization is a part of the system of healthcare organizations known as AdventHealth Members of the filing organization's executive management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of AdventHealth AHSSHC is exempt from federal income tax under IRC Section 501(c)(3) The filing organization of AdventHealth AHSSHC for the callow and longity and l

Schedule J (Form 990) 2018

Isalary and benefit cost of those executives on the payroll of AHSSHC. At the direction of AHSSHC, and in accordance with the reserved powers in the filing organization's governing documents, the executive team listed on Part VII provides services to the filing organization. First-class or charter travel. Pursuant to the AdventHealth system-wide general policy regarding business travel, no reimbursement will be provided for any additional cost incurred with respect to first-class or Icharter air travel beyond the cost of a regular coach airfare. As a means of providing additional business travel reimbursement for those members of the AHSSHC senior executive management team that travel frequently on behalf of AdventHealth, a special annual travel allowance is provided for those executives. As AdventHealth operates 44 hospitals in 9 states, the senior leadership of AHSSHC travel extensively and often visit multiple hospital locations in different states as a part of a single business trip. The special travel allowance can provide reimbursements to the executive for such items as the purchase of air travel upgrade coupons, to cover the cost differential between coach and first-class travel, or to cover the cost of a charter flight. The special travel allowance benefit was originally authorized by and codified into a policy by the AHSSHC Board Compensation Committee (the Committee), an independent body of the AHSSHC Board of Directors, who also approves the annual cap on the amount of the allowance. The special travel allowance has an annual cap of \$24,000 for members of the Leadership. Executive Team (AdventHealth Cabinet 12 members) and \$15,000 for AdventHealth Corporate Office Senior Vice Presidents, Regional CEO's and Division Chief Officers (generally 20-30 individual executives) The Regional CEO for AdventHealth is a member of the Board of Directors of the filing organization. The Regional CEO is considered a common law employee of and is on the payroll of AHSSHC. While the special travel allowance benefit is an AHSSHC compensation policy and practice, the cost of providing this benefit is allocated to and reimbursed in part by the filing organization Accordingly, the filing organization has checked the box in Schedule J. Part I, line 1a for first-class or charter travel since it has partially paid for the cost of providing this benefit. Those executives who receive the special Itravel allowance are responsible for tracking the expenses reimbursable under the special travel allowance and must submit such expenses on their accountable plan expense report. Any taxable reimbursements made to executives under the special travel allowance arrangement are treated as taxable compensation to the executive Travel for companions AHSSHC has a Corporate Executive Policy that provides a benefit to allow for a traveling AHSSHC executive to have his or her spouse accompany the executive on certain business trips each year. Typically, reimbursement is only provided to certain executive leaders and is usually limited to one business trip per year beyond the annual AdventHealth President's Council business meeting and other meetings where the spouse is specifically invited. The AHSSHC Corporate Executive Spousal Travel Policy was originally approved and reviewed by the AHSSHC Board Compensation Committee, an independent body of the AHSSHC Board of Directors All spousal travel costs reimbursed to the executive are considered taxable compensation to the executive Tax Indemnification and gross-up payments AdventHealth has a system-wide policy addressing gross-up payments provided in connection with employer-provided benefits/other taxable Items Under the policy, certain taxable business-related reimbursements (i.e. taxable business-related moving expenses, taxable items provided in connection with employment) provided to any employee may be grossed-up at a 25% rate upon approval by the filing organization's CEO and CFO. Additionally, employees at the Director level and above are eligible for gross-up payments on gifts received for board of director services. Discretionary spending account. A nominal discretionary spending amount was provided in the current year to all eligible executives who attend the annual AdventHealth President's Council business meeting (\$500 per executive) or the annual AdventHealth CFO Conference or CMO/CNO business meeting (\$300 per executive). Other discretionary spending accounts may be provided in connection with other AdventHealth sponsored conferences but typically do not exceed \$200 per participant. The payment provided to each executive was considered taxable compensation to the executive Housing allowance or residence for personal use AHSSHC has a Corporate Executive Policy that addresses assistance to executives who have been relocated by the company during the year. Relocation assistance provided to executives may include relocation allowances to assist with duplicate housing expenses. Relocation assistance is administered per AHSSHC policy by an external relocation company. Any taxable reimbursements made to executives in connection with relocation assistance are treated as wages to the executive and are subject to all payroll withholding and reporting requirements

Part I, Line 3	The individual who serves as the CEO of the filing organization is appointed and compensated by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) Compensation and benefits provided to this individual are determined pursuant to policies, procedures, and processes of AHSSHC that are designed to ensure compliance with the intermediate sanctions laws as set forth in IRC Section 4958. AHSSHC has taken steps to ensure that processes are in place to satisfy the rebuttable presumption of reasonableness standard as set forth in Treasury Regulation 53 4958-6 with respect to its active executive-level positions. The AHSSHC Board Compensation Committee (the Committee) serves as the governing body for all executive compensation matters. The Committee is composed of certain members of the Board of Directors (the Board) of AHSSHC. Voting members of the Committee include only individuals who serve on the Board as independent representatives of the community, who hold no employment positions with AHSSHC and who do not have relationships with any of the individuals whose compensation is under their review that impacts their best independent judgment as fiduciaries of AHSSHC. The Committee's role is to review and approve all components of the executive compensation plan of AHSSHC as an independent governing body with respect to executive compensation, it should be noted that the Committee will often confer in executive sessions on matters of compensation policy and policy changes. In such executive sessions, no members of management of AHSSHC are present. The Committee is advised by an independent third-party compensation advisor. This advisor prepares all the benchmark studies for the Committee Compensation levels are benchmarked with a national peer group of other not-for-profit healthcare systems and hospitals of similar size and complexity to AdventHealth and each of its affiliated entities. Part I, Line 4b	As discussed in Line 1a above, executives on the filing organization's management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of a healthcare system known as AdventHealth. In recognition of the contribution that each executive makes to the success of AdventHealth, AdventHealth provides to eligible executives participation in the AdventHealth Executive FLEX Benefit Program (the Plan). The purpose of the Plan is to offer eligible executives an opportunity to elect from among a variety of supplemental benefits, including a split dollar life insurance policy and long-term care insurance, to individually tailor a benefits program appropriate to each executive's needs. The Plan provides eligible participants a pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits. The pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits are subtracted from the annual pre-determined benefits allowance are contributed.
