Return Reference	Explanation
Part II-A, Line 1B	The Hospital belongs to certain organizations that engage in lobbying activities on behalf of their hospital members. Since this is a nonallowable expense, these organizations inform their members the portion of their dues that should be considered applicable to lobbying expenses so that the appropriate adjustment can be made. In an effort to determine which dues include lobbying expenses, the Hospital reviewed the invoices for all dues payments in excess of \$10,000 and scheduled all other payments we were made aware of through various inquiry.

Supplemental Information

Return Reference	Explanation
Part X, Line 2:	The Hospital and the Foundation are exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3). TCH Ventures is a taxable entity under the Internal Revenue Code. At present, the Government of the Cayman Islands has imposed no taxation on income or premiums of Holy Innocents. The Company adheres to the provisions of the Accounting Standards Codification relating to uncertainty in income taxes that requires entities to assess their uncertain tax positions for the likelihood that they would be overturned upon Internal Revenue Service (IRS) examination or upon examination by state taxing authorities. The Company has determined that it does not have any positions at December 31, 2019 and 2018, that it would be unable to substantiate. The Company has filed its tax returns through December 31, 2018. The tax returns for the years ended December 31, 2016, and thereafter are subject to audit by the taxing authorities.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7:	The costing methodology used to complete Line 7 was an overall cost-to-charge ratio computed using the IRS Form 990 Worksheet 2, ratio of patient care cost to charges.
Part I, Ln 7 Col(f):	The bad debt expense included on Form 990, Part IX, Line 25, column (a), but subtracted for purposes of calculating the percentage in this column is \$8,371,079.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part II, Community Building Activities:	<p>In 2019 the Hospital participated in initiatives as defined under Part II, Community Building Activities. Thousands of cumulative hours of workforce development and training were reported on a quarterly basis by Hospital divisions training health professionals through annual and seasonal internships. Hospital employees continued their participation in community coalitions including the United Way of Central Alabama's bold goals, local and regional roundtables on mental health, statewide coalitions to address child hunger, access to care, and numerous child safety-related coalitions. The Hospital hosted statewide and local leadership groups in 2019, (i.e. Leadership Birmingham and Leadership Alabama). Our human resource department continued to participate in job and career fairs and marketing campaigns to recruit a broad spectrum of health professionals. Hospital executives served on a variety of community boards, organizations, and professional organizations at a national, state, and local level.</p>
Part III, Line 2:	<p>Receivables from patients, insurance companies and third-party contractual agencies are stated at net realizable value. The Hospital evaluates the collectability of its patient accounts receivable based on the length of time the receivable is outstanding, historical collection experience, review of large balance accounts and trends in health care insurance programs to estimate the appropriate allowance for doubtful accounts and provision for bad debts. For receivables associated with services provided to patients with third-party insurers, the Hospital estimates contractual allowances based on the terms of third-party insured contracts and estimates an additional allowance for doubtful accounts on patient responsible balances after third-party payments. For receivables associated with self-pay patients, the hospital records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. These allowances are recorded on an estimated basis and adjusted as needed in future periods. Doubtful accounts are written off against the allowance after adequate collection effort is exhausted and recorded as recoveries of bad debts if subsequently collected.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3:	Bad debts attributable to patients eligible for charity care were calculated based on the outstanding patient balance in excess of a reasonable amount the average person could pay without creating a medical hardship. For 2019 this amount is \$25,750, which approximates the income limit for a family of 4 in the federal poverty guidelines. Charity care determinations are based on completing the required application and meeting defined criteria of the hospital. Many times, patients fail to complete paperwork required despite efforts to educate and inform patients of this option. However, based on socio-economic and other known factors, it is highly likely that these patients would meet established charity care criteria if the application process was completed.
Part III, Line 8:	Medicare cost & charges primarily relate to renal (ESRD) and SSI patients covered under Medicare. Given our small Medicare population, the costs/charges could fluctuate significantly year over year based on level of care. These would not be considered a community benefit.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b:	A guarantor will receive four bills before the account is turned over to a collection agency. After 120 days, if there is no attempt to pay - the account will be sent to a collection agency.
Part VI, Line 2:	<p>In 2019, to better support the health of children in its community and to comply with federal regulations, Children's engaged the Public Affairs Research Institute of Alabama (PARCA) to conduct the community health needs assessment (CHNA) designed to identify statewide and local child health concerns for children across the state. The assessment's geographic focus targeted Children's primary service area of Bibb, Blount, Chilton, Jefferson, Shelby, St. Clair, and Walker counties. The assessment also focused on child health needs in Children's secondary service area which encompasses the state of Alabama. Stakeholders from both the primary and secondary service areas were invited to participate in an online survey to identify health needs for children's in Alabama. Responding parties included parents, youth leaders, school nurses, administrators, pediatricians, family practice physicians, community advocates, business leaders, and the community at large. In addition to the online survey tool, face-to-face and telephone interviews were conducted in 2019 with Alabama's public health leaders and community and nonprofit advocates. COA's community health needs assessment findings were released on December 20, 2019.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 3:	Each patient that presents as a self pay patient is directed to a financial counselor. The financial counselor educates patients and their families about government and financial assistance programs and assists with related applications. If a patient is not counseled by a financial counselor on the date of service, statements are sent with the information needed to apply for financial assistance by the business office. In addition, the Financial Assistance Policy is posted on the Hospital's website and there is signage throughout the Hospital informing patients of the availability of a financial assistance program.
Part VI, Line 4:	The Hospital's primary service area is Birmingham / Hoover metropolitan statistical area as defined by the U.S. Office of Management and Budget. The Hospital's secondary service area is defined as the rest of the state, and we care for patients from every county in the state. demographic data including race, gender, and age is captured through the registration process. For 2019, Caucasians, African Americans, Hispanics, and other races accounted for 55%, 36%, 7%, and 2%, respectively, of the patients served while 39%, 35%, and 26% were ages 0-4, 5-12, and 13+ years, respectively. Economic demographic data is not specifically captured. However, in 2019 greater than 60% of the Hospital's patients qualified for governmental means-tested programs such as Medicaid and CHIPS.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 5:	<p>The Hospital is the primary source of pediatric healthcare and pediatric health education in the state of Alabama through its affiliation with the School of Medicine at The University of Alabama at Birmingham, other four-year universities, and most of Alabama's two-year colleges. The Hospital operates an open medical staff, has a board comprised of community members, and operates an open emergency department that treats all emergent patients regardless of their ability to pay. The Hospital operates the only Level 1 pediatric trauma center, pediatric renal care center, pediatric cardiac and transplant unit, and inpatient children's psychiatric units in the state. In addition, the Hospital operates the largest pediatric burn center in the southeast. The Hospital is education and research focused and collaborates with local universities, as well as those throughout the state, to train and educate future healthcare professionals. This is reflected by the fact that approximately 50-60% of the pediatricians practicing in the state of Alabama trained at the Hospital and that the Hospital trained nursing students and allied health professionals from over 50 different colleges and universities during 2019. In addition, the Hospital participates in approximately 939 clinical research studies on an annual basis.</p>

COA's community health needs assessment findings were released on December 20, 2019.
Children's Hospital of Alabama	Part V, Section B, Line 11: COA continues to address significant needs identified in the most recent CHNA including nutrition and exercise, pediatric mental and behavioral health, and parent education. In 2019, Children's continued to support the missions of like-minded non-profit organizations focused on nutrition, exercise and fitness including Girls on the Run Birmingham, the YWCA, and the YMCA. COA is also an active participant in several regional and statewide coalitions aimed at improving pediatric nutrition and exercise while working to end child hunger. Partnerships include End Child Hunger in Alabama (ECHA) and Bold Goals of Central Alabama's Health Lifestyles Goal Group. These are organizations that have local collaboratives and strategies to address childhood food insecurity. Children's pediatricians are facilitators of the Girlology and Guyology programs aimed at outfitting young girls and boys with age-appropriate health and body classes to navigate their journeys through adolescence. Efforts will continue to increase coordination and collaboration of messaging, educational resources, public events, and other resources as appropriate. Regarding mental and behavioral health, COA established Psychiatric Intake Response Center (PIRC), located in the Emergency Department at Children's. Children's received an ADMH/HRSA grant to establish telehealth relationships with rural pediatric practices to train pediatricians and their staff on how to diagnose and manage their young patients with behavioral and mental health issues, as well as perform diagnosis and treatment plans. Children's also continued its participation in community-wide roundtables in 2019 on mental health, healthy lifestyles, parent education and healthcare equity.

Form 990, Part VI, Section B, line 15	<p>The Hospital maintains oversight concerning all executive compensation action. This process is led by the Hospital board of trustees compensation committee, which is involved annually, and throughout the year as needed, in providing oversight of all executive compensation. Total compensation (i.e., base salary, incentive compensation, and executive benefits) of officers, key employees, and other vice-presidents is approved by the compensation committee prior to such compensation being paid. The total compensation that is presented for approval is determined by evaluation of market data comparisons on executive total compensation. This independent, objective market data is provided by the hospital's independent executive compensation consulting firm, Sullivan Cotter. All compensation committee proceedings, decisions, and actions are documented in committee minutes that are maintained by the Hospital.</p>
