PART I, LINE 7G	The organization reports subsidized health services for certain clinics The subsidy reported is equal to the amount of operating loss less the provision for uncollectible accounts The clinics for which the organization subsidizes meet certain criteria as set forth by the IRS including services for seniors, neonatal services, women's services and psychiatric services

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART III, LINES 2,3,4	<p>On the basis of historical experience, a significant portion of the organization's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the organization records a provision for uncollectible accounts related to uninsured patients in the period the services are provided. This provision for uncollectible accounts is presented on the statement of operations as a component of net patient revenue. The cost of bad debt is estimated using a cost to charge ratio. The amount of bad debt attributable to patients eligible for charity is estimated to be 10%, or a relatively small number. Patients have many chances to learn about financial assistance, and the assumption is made that qualifying patients will act upon the receipt of such information. The organization follows the VHA/Catholic Health Association's guide for planning and reporting community benefits. As such, the organization does not report bad debt from the treatment of patients as a community benefit. See footnote 1, page 11, in the audited financial statements which describes bad debt.</p>
PART III, LINE 8	<p>THE ORGANIZATION FOLLOWS THE VHA/CATHOLIC HEALTH ASSOCIATION'S GUIDE FOR PLANNING AND REPORTING COMMUNITY BENEFITS. AS SUCH, THE ORGANIZATION DOES NOT REPORT SHORTFALLS FROM THE TREATMENT OF MEDICARE PATIENTS AS A COMMUNITY BENEFIT. THE INFORMATION ON THE PROFITABILITY OF MEDICARE WAS DERIVED FROM THE 2018 MEDICARE COST REPORT AS REQUIRED IN THE FORM 990 INSTRUCTIONS.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
PART III, LINE 9B	The organization's collection (bad debt) policy specifically addresses that collection agencies are required to analyze the patient's ability to pay. In the event that charity is identified, collection efforts are suspended and the account is written off to charity on a timely basis.
PART VI, LINE 2	The organization assesses needs in a variety of ways. With respect to practitioner recruitment for development of new health care services, the organization may perform internal assessments of the need for such providers and/or services or engage external consultants to assess those needs. Additionally, the organization is advised of community needs by its community-based board of directors, medical staff, local government and local nonprofit organizations. The organization also identifies the need for new services or shortcomings in existing community health resources by analyzing utilization patterns in its service offerings, I e patients presenting to the emergency room for services no longer provided elsewhere. The Pat Walker Center for Seniors is an example where the organization has responded to the needs of the aging patient population. This patient population became underserved when other local providers elected to discontinue or limit services to patients with Medicare.
