Schedule H, Part VI, Line 2 Needs assessment	<p>SSM Health (SSMH) participates in Community Benefit according to our vision. Through our participation in the healing ministry of Jesus Christ, communities, especially those that are economically, physically, and socially marginalized, will experience improved health in mind, body, spirit and environment. In the tradition of our founders, the Franciscan Sisters of Mary, caring for those in greatest need remains our organizational priority. Today our System Board monitors Community Benefit efforts, and views achievement of our vision as a primary responsibility. The purpose of SSM's Community Benefit program is to assess and address community health needs. Making our communities healthier in measurable ways is always our goal. To fulfill this commitment, SSM's Community Benefit is divided into two parts: 1) Community Health Needs Assessment (CHNA), and 2) Community Benefit Inventory for Social Accountability (CBISA). The CHNA is an assessment and prioritization of community health needs and the adoption and implementation of strategies to address those needs. A CHNA is conducted every three years by each hospital according to the following steps:</p> <ul style="list-style-type: none"> <li>* Assess and prioritize community health needs. Gather CHNA data from secondary sources, obtain input from stakeholders representing the broad interests of the community through interviews and focus groups, use data to select top health priorities, and complete written CHNA.</li> <li>* Develop, adopt, and implement strategies to address top-health priorities. Establish strategies to address priorities, complete Strategic Implementation Plan, obtain Regional/Divisional Board approval, and integrate strategies into operational plan.</li> <li>* Make CHNA widely available to the public. Publish CHNA and summary document on hospital's website.</li> <li>* Monitor, track, and report progress on top health priorities. Collect data and evaluate progress, report to Regional/Divisional Board every six months and System Board every year, share findings with community stakeholders, and send results to finance for submission to the Internal Revenue Service (IRS).</li> </ul> <p>System Office staff and leaders oversee and monitor SSMH's Community Benefit Program, and ensure reporting is in compliance with IRS regulations. In collaboration with community stakeholders and partner organizations, SSM Health Care Corporation also identifies needs based on assessments and research, and SSMH facilities also involve case managers and care team staff to pinpoint critical health issues in the community. All hospital CHNAs are completed, approved, and integrated into the organization's strategic plan. We continue to monitor and assess the progress of our local efforts in the spirit of caring for others and improving community health.</p>

Community partners that assisted in data collection for community chats included Linwood Elementary School, the Wellness Now Coalition, Reaching Our City, and Men's Zion Group. Community surveys were available online. Each partner utilized social media to publicize the survey to residents of Oklahoma County. Partners assisting in the dissemination of the online survey included Oklahoma City Indian Clinic, Southern Plains Tribal Health Board, Men's Health University, Hispanic Initiative, Crossings Community Center, and the Wellness Now Coalition. INTEGRIS, Mercy Hospital OKC, SSM Health St. Anthony Hospital, OCCHD, OSDH, and UWCO collaborated to gather community input from Oklahoma County residents of all backgrounds, socioeconomic status, and demographics. Additionally, the hospitals provided internal data for analysis and consideration in the CHNA process. In addition to the input from community chats, online surveys and dot voting, the compilation of public health data, state and national data, gave a broader view of the overall health status of the county. By looking at past and present data and identifying trends, strategic development for the Community Health Improvement Plan will be more efficient and ultimately more effective.
