990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
part iii, section a, line 2	The costing methodology used to determine payer costs is the ANDI methodology, which uses a facility-wide ratio of cost to charges as described in the NCHA Community Benefits Guidelines
part iii, section a, line 3	The estimate for bad debt expenses attributable to patients eligible under the Financial Assistance policy was calculated by applying the cost-to-charge ratio for the year to the gross bad debt charges attributable to uninsured patients during the year While the costs of bad debts are present for essentially every business organization, few other than hospitals are expected to continue to provide services to those with means who have previously failed to pay Continuation of service to patients with the means to pay but who have failed to do so is a further community benefit related to the organization's mission Therefore, we believe that the cost of bad debts should be considered a community benefit

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section A, Line 4	Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.
Part III, Section A, Line 8	UNC Rockingham provides services to patients regardless of ability to pay. As a result, the Hospital has incurred losses by serving Medicare patients. The unreimbursed services the Hospital provides to the community should be considered a community benefit since the healthcare needs of the community would otherwise be unmet.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section A, Line 9b	UNC Rockingham does not subject any patients to a collection agency who has qualified for financial assistance guidelines
Part VI, Line 2	UNC Rockingham completes an annual Community Benefits report

Rockingham County covers 572 square miles in the upper piedmont triad region of North Carolina and shares a state line with Virginia. Rockingham County has the lowest physician/patient ratios in the state with only 47 providers for every 10,000 residents. The North Carolina average is 76 primary care providers for every 10,000 residents. Around 16 percent of residents are uninsured compared to 15 percent at the state level.
