Form and Line Reference	Explanation
part i, line 7, column(f):	The bad debt expense included on Form 990, Part IX, Line 25(a) but subtracted for purposes of calculating the percentages in this column, is \$12,002,596.
part iii, section a, line 2:	The costing methodology used to determine payer costs is the ANDI methodology, which uses a facility-wide ratio of cost to charges as described in the NCHA Community Benefits Guidelines.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section A, Line 3:	The estimate for bad debt expenses attributable to patients eligible under the Financial Assistance policy was calculated by applying the cost-to-charge ratio for the year to the gross bad debt charges attributable to uninsured patients during the year. While the costs of bad debts are present for essentially every business organization, few other than hospitals are expected to continue to provide services to those with means who have previously failed to pay. Continuation of service to patients with the means to pay but who have failed to do so is a further community benefit related to the organization's mission. Therefore, we believe that the cost of bad debts should be considered a community benefit.
Part III, Section A, Line 4:	Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section A, Line 8:	UNC Rockingham provides services to patients regardless of ability to pay. As a result, the Hospital has incurred losses by serving Medicare patients. The unreimbursed services the Hospital provides to the community should be considered a community benefit since the healthcare needs of the community would otherwise be unmet.
Part III, Section A, Line 9b:	UNC Rockingham does not subject any patients to a collection agency who has qualified for financial assistance guidelines.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 2:	UNC Rockingham addresses the community's emergency health needs by providing around-the-clock emergency services and they are also heavily involved in community activities. The initial CHNA will identify opportunitites and challenges for the Organization to further assess the health needs of the community.
Part VI, Line 3:	UNC Rockingham displays information regarding the availability of financial assistance and charity care in its Emergency room, registration areas in the Hospital and clinics and the patient services department. A link is also provided on UNC Rockingham's website to the availability of financial assistance and its charity care policy, along with an on-line application.

Form and Line Reference	Explanation
part v, section b, line 11:	<p>The Hospital has identified the following three health priorities: Mental Health/Substance Abuse: Opioids Mental health affects people from all walks of life and all age groups. Mental health includes one's emotional, psychological and social well-being. It affects how a person thinks, feels and acts. It also helps determine how one handles stress, relates to others and makes choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood. There are many factors that contribute to mental health issues, including: biological factors, life experiences and family history of mental health problems. Opioids are used to reduce or relieve pain and are highly addictive. Due to decades of prescribing more opioids at higher doses, North Carolina is experiencing an opioid epidemic. More North Carolinians die from opioid overdoses than motor vehicle crashes. Drug overdose deaths and opioid-involved deaths continue to increase in the United States. Deaths from drug overdose are up among men and women, all races and adults of nearly all ages. In North Carolina, five people die from opioid overdoses every day. Physical Activity and Nutrition: Diabetes Being physically active can improve your health today, tomorrow and in the future. However, most people do not do enough physical activity. People of all shapes, sizes and abilities can benefit from being physically active. The more a person does, the greater the health benefits and the better one will feel. Physical activity can not only help individuals with their health and wellness goals, it can also help reduce the risk of chronic diseases including diabetes. Social Determinants of Health: Education The level of educational attainment is increasingly being recognized as an important social determinant of health. Education can increase the capacity for better decision making regarding one's health and can also increase social and personal resources that are vital to mental health. UNC Rockingham Health Care's strategic plan to address the identified health priorities the following: Responsibility and participation in Rockingham County Opioid Task Force and Post Overdose Response Team (PORT) Program. Collaboration with local agencies on the following healthy initiatives: Eat Fresh Initiative, NC-100 POD Initiative, Behavioral Health Map/Website, Research Initiatives to Implement in At-Risk Area, MDPP/DPP, Diabetes Self-Management Program and Chronic Disease Self- Managing. Collaboration with local agencies on the following educational initiatives and activities: KidsReady Initiative, Build Effective Partnerships, Increase community awareness and support, Engage families and community members in the creation and implementation of the initiative, and Rockingham County Tutoring Initiative. The remaining top health issues that UNC Rockingham Health Care (UNCR) will not be addressing include the following: Cancer, Heart Disease/Hypertension/Stroke, Crime/Victim Advocacy, Services</p>
