Supplemental Information

Return Reference	Explanation
Part X, Line 2:	<p>The filing organization is a subsidiary organization within AdventHealth. The consolidated financial statements of AdventHealth contain the following FIN 48 (ASC 740) footnote: Please note that dollar amounts are in thousands. Healthcare Corporation and its affiliated organizations, other than North American Health Services, Inc. and its subsidiary (NAHS), are exempt from state and federal income taxes. Accordingly, Healthcare Corporation and its tax-exempt affiliates are not subject to federal, state or local income taxes except for any net unrelated business taxable income. NAHS is a wholly owned, for-profit subsidiary of Healthcare Corporation. NAHS and its subsidiary are subject to federal and state income taxes. NAHS files a consolidated federal income tax return and, where appropriate, consolidated state income tax returns. All taxable income was fully offset by net operating loss carryforwards for federal income tax purposes; as such, there is no provision for current federal or state income tax for the years ended December 31, 2018 and 2017. NAHS also has temporary deductible differences of approximately \$53,000 and \$55,700 at December 31, 2018 and 2017, respectively, primarily as a result of net operating loss carryforwards. At December 31, 2018, NAHS had net operating loss carryforwards of approximately \$54,500, expiring beginning in 2022 through 2026. Deferred taxes have been provided for these amounts, resulting in a net deferred tax asset of approximately \$13,400 and \$14,100 at December 31, 2018 and 2017, respectively. NAHS remeasured its deferred tax assets and liabilities based on the rates at which they are expected to reverse in the future, which is generally 21%. A full valuation allowance has been provided at December 31, 2018 and 2017 to offset the deferred tax asset, since Healthcare Corporation has determined that it is more likely than not that the benefit of the net operating loss carryforwards will not be realized in future years. The Income Taxes Topic of the ASC (ASC 740) prescribes the accounting for uncertainty in income tax positions recognized in financial statements. ASC 740 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. There were no material uncertain tax positions as of December 31, 2018 and 2017. On December 22, 2017, the United States enacted tax reform legislation commonly known as the Tax Cuts and Jobs Act (Act), resulting in significant modifications to existing law. Certain provisions will impact tax-exempt organizations, including revisions to taxes on unrelated business activities, excise taxes on compensation of certain employees, and various other provisions. The regulations necessary to implement the law have not yet been promulgated, and the ultimate outcome of these regulations and the impact to the System cannot be determined presently. The System will continue to</p>

Part VI Supplemental Information

Provide the following information.

- 1 Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 6a:	The filing organization operates as a part of Centura Health Corporation (Centura), a joint operating company that integrally manages a number of hospital and other healthcare provider facilities. All hospital organizations within Centura collect, calculate, and report the community benefits they provide to the communities they serve. Centura organizations exist solely to improve and enhance the local communities they serve. Centura has a system-wide community benefits accounting policy that provides guidelines for its health care provider organizations to capture and report the costs of services provided to the underprivileged and to the broader community. Each Centura hospital facility reports their community benefits to their Board of Directors and strives to communicate their community benefits to their local communities. Additionally, the filing organization's most recently conducted community health needs assessment and associated implementation strategy are posted on the filing organization's website.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7:	Portercare Adventist Health System does not use a cost accounting system to determine the cost of charity care. The estimated cost of care is calculated as the ratio of each facility's total expenses to total gross revenue. Worksheet 2 was not used to develop the cost to charge ratio. There are no physician clinics included in subsidized health services.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part II, Community Building Activities:	<p>The costs of community building activities reported on Part II of Schedule H primarily represent the costs associated with providing education for the filing organization's staff physicians and employees. The filing organization's provision of these educational programs/activities to staff physicians and employees provides an opportunity for health care professionals to enhance their skills and expertise and keep up-to-date with the latest advancements in medical procedures and technology. In addition, training opportunities are often provided on-site at the filing organization's hospital facilities, thereby allowing for health care professionals to be more readily available to assist in meeting immediate patient care needs. Education and training provided to each facility's workforce is vital in assisting health care professionals directly involved in patient care with keeping abreast of the latest developments in their respective areas of expertise, learning possible new and innovative ways of delivering care to patients, and understanding the newest technologies available for the treatment of patients.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2:	Portercare Adventist Health System (PAHS) uses the overall cost to gross charge ratio applicable to each facility to determine the costs in Part III Lines 2 and 3. PAHS automatically discounts all self pay patient accounts by 30% and also offers a prompt pay discount. This allowance is not included in the calculation of the cost of bad debts in instances where a patient does not pay his or her bill.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3:	<p>Portercare Adventist Health System does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care. Rationale for Including Certain Bad Debts in Community Benefit: The filing organization is dedicated to the view that medically necessary health care for emergency and non-elective patients should be accessible to all, regardless of age, gender, geographic location, cultural background, physician mobility, or ability to pay. The filing organization treats emergency and non-elective patients regardless of their ability to pay or the availability of third-party coverage. By providing health care to all who require emergency or non-elective care in a non-discriminatory manner, the filing organization is providing health care to the broad community it serves. As a 501(c)(3) hospital organization, the filing organization maintains 24/7 emergency rooms providing care to all whom present. When a patient's arrival and/or admission to a facility begins within the Emergency Department, triage and medical screening are always completed prior to registration staff proceeding with the determination of a patient's source of payment. If the patient requires admission and continued non-elective care, the filing organization provides the necessary care regardless of the patient's ability to pay. The filing organization's operation of 24/7 Emergency Departments that accept all individuals in need of care promotes the health of the community through the provision of care to all whom present. Current Internal Revenue Service guidance that tax-exempt hospitals maintain such emergency rooms was established to ensure that emergency care would be provided to all without discrimination. The treatment of all at the filing organization's Emergency Departments is a community benefit. Under the filing organization's Financial Assistance Policy, every effort is made to obtain a patient's necessary financial information to determine eligibility for financial assistance. However, not all patients will cooperate with such efforts and a financial assistance eligibility determination cannot be made based upon information supplied by the individual. In this case, a patient's portion of a bill that remains unpaid for a certain stipulated time period is wholly or partially classified as bad debt. Bad debts associated with patients who have received care through the filing organization's Emergency Departments should be considered community benefit as charitable hospitals exist to provide such care in pursuit of their purpose of meeting the need for emergency medical care services available to all in the community.</p>

Part III, Line 8:	<p>Costing Methodology: Medicare allowable costs were calculated using a cost-to-charge ratio. Rationale for Including a Medicare Shortfall as Community Benefit: As a 501(c)(3) organization, the filing organization provides emergency and non-elective care to all regardless of ability to pay. All hospital services are provided in a non-discriminatory manner to patients who are covered beneficiaries under the Medicare program. As a public insurance program, Medicare provides a pre-established reimbursement rate/amount to health care providers for the services they provide to patients. In some cases, the reimbursement amount provided to a hospital may exceed its costs of providing a particular service or services to a patient. In other cases, the Medicare reimbursement amount may result in the hospital experiencing a shortfall of reimbursement received over costs incurred. In those cases where an overall shortfall is generated for providing services to all Medicare patients, the shortfall amount should be considered as a benefit to the community. Tax-exempt hospitals are required to accept all Medicare patients regardless of the profitability, or lack thereof, with respect to the services they provide to Medicare patients. The population of individuals covered under the Medicare program is sufficiently large so that the provision of services to the population is a benefit to the community and relieves the burdens of government. In those situations where the provision of services to the total Medicare patient population of a tax-exempt hospital during any year results in a shortfall of reimbursement received over the cost of providing care, the tax-exempt hospital has provided a benefit to a class of persons broad enough to be considered a benefit to the community. Despite a financial shortfall, a tax-exempt hospital must and will continue to accept and care for Medicare patients. Typically, tax-exempt hospitals provide health care services based upon an assessment of the health care needs of their community as opposed to their taxable counterparts where profitability often drives decisions about patient care services that are offered. Patient care provided by tax-exempt hospitals that results in Medicare shortfalls should be considered as providing a benefit to the community and relieving the burdens of government.</p>

Part III, Line 9b:	<p>The hospital filing organization's collection practices are in conformity with the requirements set forth in the 2014 Final Regulations regarding the requirements of Internal Revenue Code Section 501(r)(4) - (r)(6). No extraordinary collection actions (ECA's) are initiated by the hospital filing organization in the 120-day period following the date after the first post-discharge billing statement is sent to the individual (or, if later, the specified deadline given in a written notice of actions that may be taken, as described below). Individuals are provided with at least one written notice (notice of actions that may be taken) and a copy of the filing organization's Plain Language Summary of the Financial Assistance Policy that informs the individual that the hospital filing organization may take actions to report adverse information to credit reporting agencies/bureaus if the individual does not submit a Financial Assistance Application Form (FAA Form) or pay the amount due by a specified deadline. The specified deadline is not earlier than 120 days after the first post-discharge billing statement is sent to the individual and is at least 30 days after the notice is provided. A reasonable attempt is also made to orally notify an individual about the filing organization's Financial Assistance Policy and how the individual may obtain assistance with the Financial Assistance application process. If an individual submits an incomplete FAA Form during the 240-day period following the date on which the first post-discharge billing statement was sent to the individual, the hospital filing organization suspends any reporting to consumer credit reporting agencies/bureaus (or ceases any other ECA's) and provides a written notice to the individual describing what additional information or documentation is needed to complete the FAA Form. This written notice contains contact information including the telephone number and physical location of each hospital facility's office or department that can provide information about the Financial Assistance Policy, as well as contact information of each hospital facility's office or department that can provide assistance with the financial assistance application process or, alternatively, a nonprofit organization or governmental agency that can provide assistance with the financial assistance application process if the hospital facility is unable to do so. If an individual submits a complete FAA Form within a reasonable time-period as set forth in the notice described above, the hospital filing organization will suspend any adverse reporting to consumer credit reporting agencies/bureaus until a financial assistance policy eligibility determination can be made.</p>

Part VI, Line 2:	<p>The hospitals provide several services and resources to the communities they serve beyond the prioritized needs specifically identified in the Community Needs Assessment. They sponsor wellness events such as breast feeding education, asthma screenings, and financially support wellness initiatives of cities and public schools. They also provide transportation for low income patients and housing at no cost or very low cost for the families of low income patients of the hospitals that are far from their residence. They also support, financially and through volunteerism, initiatives such as soup kitchens and Meals on Wheels to provide food and nutrition education to address hunger issues. Hospital staff also volunteer to serve as preceptors for students of local health professional programs and serve on boards of local community organizations that provide social services to populations in need.</p>

Part VI, Line 3:	<p>The Financial Assistance Policy (FAP), Financial Assistance Application Form (FAA Form), and the Plain Language Summary of the Financial Assistance Policy (PLS) of the filing organization's hospital facilities are transparent and available to all individuals served at any point in the care continuum. The FAP, FAA Form, PLS, and contact information for each hospital facility's financial counselors are prominently and conspicuously posted on each filing organization's hospital facility's website. The websites indicate that a copy of the FAP, FAA Form, and PLS is available and how to obtain such copies in the primary languages of any populations with limited proficiency in English that constitute the lesser of 1,000 individuals or 5% of the members of the community served by each hospital facility (referred to below as LEP defined populations). Signage is displayed in public locations of each filing organization's hospital facility, including at all points of admission and registration and the Emergency Department. The signage contains each hospital facility's website address where the FAP, FAA Form, and PLS can be accessed and the telephone number and physical location that individuals can call or visit to obtain copies of the FAP, FAA Form and PLS or to obtain more information about the hospital facility's FAP, FAA Form and PLS. Paper copies of the hospital facility's FAP, FAA Form and PLS are available upon request and without charge, both in public locations in the hospital facility and by mail. Paper copies are made available in English and in the primary languages of any LEP defined populations. Each of the filing organization's hospital facility's financial counselors seek to provide personal financial counseling to all individuals admitted to the hospital facility who are classified as self-pay during the course of their hospital stay or at time of discharge to explain the FAP and FAA Form and to provide information concerning other sources of assistance that may be available, such as Medicaid. A paper copy of each hospital facility's PLS will be offered to every patient as a part of the intake or discharge process. A conspicuous written notice is included on all billing statements sent to patients that notifies and informs recipients about the availability of financial assistance under the filing organization's financial assistance policy, including the following: 1) the telephone number of the hospital facility's office or department that can provide information about the FAP and the FAA Form; and 2) the website address where copies of the FAP, FAA Form and PLS may be obtained. Reasonable attempts are made to inform individuals about the hospital facility's FAP in all oral communications regarding the amount due for the individual's care. Copies of the PLS are distributed to members of the community in a manner reasonably calculated to reach those members of the community who are most likely to require financial assistance.</p>

Part VI, Line 5:	<p>The provision of community benefit is central to PorterCare Adventist Health System's mission of service and compassion. Restoring and promoting the health and quality of life of those in the communities served by the filing organization is a function of "extending the healing ministry of Christ by caring for those who are ill and by nurturing the health of the people in our communities and embodies the filing organization's commitment to its values and principles. The filing organization commits substantial resources to provide a broad range of services to both the underprivileged as well as the broader community. In addition to the community benefit and community building information provided in Parts I, II and III of this Schedule H, the filing organization captures and reports the benefits provided to its community through faith-based care. Examples of such benefits include the cost associated with chaplaincy care programs and mission peer reviews and mission conferences. During the current year, the filing organization provided \$1,227,269 of benefit with respect to the faith-based and spiritual needs of its communities in conjunction with its operation of community hospitals. The filing organization also provides benefits to each of its community's infrastructure by investing in capital improvements to ensure that facilities and technology provide the best possible care to the community. During the current year, the filing organization expended \$97,295,515 in new capital improvements. As faith-based mission-driven community hospitals, the filing organization is continually involved in monitoring its communities, identifying unmet health care needs and developing solutions and programs to address those needs. In accordance with its conservative approach to fiscal responsibility, surplus funds of the filing organization are continually being invested in resources that improve the availability and quality of delivery of health care services and programs to its communities.</p>

Centura and its affiliated organizations are dedicated to extending the healing ministry of Christ by caring for those who are ill and by nurturing the health of the people in our communities. Specifically, Centura has launched a system-wide strategic plan to improve the quality, consistency, availability, and affordability of health care to communities throughout Colorado. The three main components of this strategy are (1) to continue investing in technology advancements that improve the quality, costs, and coordination of care including the establishment of electronic health records linking our physicians, clinics, hospitals, long-term facilities and home care services; (2) providing wellness care, thereby potentially reducing health care costs by helping patients to maintain good health, growing the level of support and outreach provided to rural communities, and increasing access, affordability and quality of health care; and (3) coordinate and develop systems of care, looking to each facility and entity in Centura to share best practices and improve overall efficiency and communication system-wide from birth to home care.</p>

Schedule H, Part V, Section B, Line 5	In order to assess the needs of the community while conducting its fiscal year 2019 Community Health Needs Assessment (CHNA), the Hospitals received input from community-based organizations focused on health and social determinants of health regarding medically underserved, low-income and minority populations in the service area. Each Hospital conducted three Community Health Needs Assessment Advisory Subcommittee meetings with community-based organizations in their respective communities. Organizations were identified based upon their connection with the community, including those serving people who are medically underserved and at greater risk of poor health and those organizations with influence on overall health in the community. Stakeholders provided input in multiple meetings to rank and prioritize health issues, identify both community assets and gaps, and to identify strategies for the health priorities. Lastly, the Hospitals engaged in the State of Colorado Health Care Policy and Finance Hospital Transformation Program Community and Health Neighborhood Engagement process focusing on the Medicaid population through which both community and Medicaid data were analyzed and focus groups were conducted.

Schedule H, Part V, Section B, Line 11	<p>The information provided below explains how each Hospital facility addressed in fiscal year 2019 (year ended June 30, 2019) the significant health needs identified in its fiscal year 2016 Community Health Needs Assessment, and any such needs that were not addressed and the reasons why such needs were not addressed. This is the third-year update for the filing organization's fiscal year 2017-2019 Community Health Implementation Plan. The filing organization developed this Plan and posted it by November 15, 2016 as part of its fiscal year 2016 Community Health Needs Assessment process. The following narrative describes the issues identified in fiscal year 2016 by each Hospital facility and gives an update on the strategies addressing those issues. There is also a description of the identified issues that the facilities are not addressing.</p> <p>Facility 1 - Littleton Adventist Hospital</p> <p>Littleton Adventist Hospital (LAH) initially looked at twenty-one health issues with community stakeholders, including both disease state and health behaviors. Needs included Asthma, Cancer (Breast, Cervical and Colorectal), Diabetes, Heart Disease, Homicide, Infectious Disease (HIV and Chlamydia), Lung Disease, Maternal Infant and Child Health (Infant Mortality, Teen Birth Rate and LBW births), Overweight and Obesity, Oral Health, Prostate Cancer, Substance Abuse, Suicide and Unintentional Injury, Access to Care, and Mental Health. The community narrowed focus by using a form of the Hanlon Method for Prioritizing Health Problems. Each identified need was rated against a) size, b) severity, and c) alignment with LAH and community existing efforts. Total scores were compiled and resulted in the identification of the following prioritized health issues: Mental Health/Suicide Prevention, Healthy Eating and Active Living, and Access to Care. LAH recognizes that focusing on a few health issues leads to greater progress than dispersing efforts across many issues. For each issue, best practices for screening and treatment as well as prevention through environmental and behavioral changes were identified. Mental Health/Suicide Prevention focuses on the screening for mental health issues and suicide risk and referral to resources. Healthy eating and active living are lifestyle issues to address overweight/obesity, diabetes and cardiovascular disease. Access to care was identified as both enrollment into coverage and connection with a medical home. During fiscal year 2019, the following actions were taken with respect to the three prioritized health issues: LAH increased access to care by enrolling 553 people into available health coverage. Additionally, LAH had 5,362 patient encounters supported by Medical Financial Assistance. LAH screened 2,730 community members to assess their Social Determinants of Health and connect them to available resources, including food security resources. Additionally, LAH provided Mental Health First Aid classes to 134 community members and worked with Littleton Public Schools to implement Sources of Strength resiliency programs in all three high schools and three middle schools. Staff provided 2,456 staff hours to address community health needs in partnership with community organizations. During fiscal year 2018, the following actions were taken with respect to the three prioritized health issues: LAH increased access to care by providing oversight and education to Emergency Medical Services personnel; LAH provided \$469,929 toward precepting of health care professionals to improve access to care; and LAH provided Pathways to Health and Wellness programming that reached over 30 community members with the goal of improving the health of each participant's mind, body and spirit. Through healthy eating and active living programming, 593 community members lost 2,827 pounds collectively. LAH also reached 54 community members with Mental Health First Aid training advancing the community's capacity to improve mental health. In fiscal year 2017, LAH's efforts included providing health coaching and health improvement classes to 3,876 people to increase awareness regarding mental and physical wellness. Also, LAH provided resources for the provision of care for over 2,000 medically underserved patients. LAH provided over \$1.8 million dollars in resources to train 1,675 nurses and other health care professionals to address access to care. LAH had 11,910 encounters with Medicaid patients and patients that received financial assistance to address access to care. LAH did not address the following identified health issues of asthma, cancer, diabetes, heart disease, homicide, infectious disease, lung disease, maternal infant and child health, oral health, and substance abuse due to limited resources and the availability of other community organizations to address these needs. In addition, the following health issues/determinants of Colorado's lack of affordable housing, changing the civil commitment statute, education for access to care for undocumented individuals, the effects of marijuana on tourists, the shortage of mental health professionals, changing the bike laws and local ordinances regarding bike friendliness were not addressed due to limited resources and other organizations that address these needs. Facility 2 - Porter Adventist Hospital/Porter Adventist Hospital (PAH) initially looked at twenty-one health issues with community stakeholders, including both disease state and health behaviors. Needs included Asthma, Cancer (Breast, Cervical and Colorectal), Diabetes, Heart Disease, Homicide, Infectious Disease (HIV and Chlamydia), Lung Disease, Maternal Infant and Child Health (Infant Mortality)</p>

Cardiovascular disease was identified as screening and treatment for cardiovascular disease. This, however, morphed over time to focus on prevention of cardiovascular disease through healthy eating and active living. During fiscal year 2019, the following actions were taken with respect to the five prioritized health issues: PAH addressed oral health needs through a partnership with Kids In Need of Dentistry to provide 14,000 lower income children with oral health services. PAH enrolled 553 people into available health coverage. Additionally, PAH had 5,238 patient encounters supported by Medical Financial Assistance. Schedule H, Part V, Section B, Line 11 (continued)	<p>During fiscal year 2018, PAH addressed oral health needs through a partnership with Kids In Need of Dentistry. With a local parish, PAH provided healthy meals to families in need over the holidays. PAH contributed \$16,668 to Kids Alive to support mental health needs of children of parents diagnosed with cancer. PAH did not specifically address heart disease; rather, PAH focused efforts toward prevention of heart disease through healthy eating and active living efforts. During fiscal year 2017, PAH addressed obesity/diabetes and behavioral health by providing health coaching, health improvement classes and wellness initiatives to 3,876 people to increase awareness regarding mental and physical wellness. PAH also allocated resources to provide dental services to 14,335 kids in need of such services. PAH staff also trained 238 nurses. PAH had 18,074 encounters with Medicaid patients and patients that received financial assistance to address access to care. PAH did not address the following identified health issues due to limited resources and the availability of other community organizations to address such needs: asthma, cancer, diabetes, homicide, infectious disease, lung disease, maternal infant and child health, and substance abuse. In addition, the following health issues/determinants of education with respect to accessing care for undocumented individuals, the lack of farmer's markets not accepting WIC benefits, the effects of marijuana on tourists, Colorado's lack of affordable housing, and changing the civil commitment statute were not addressed due to limited resources and other organizations that address these needs.</p> <p>Facility 3 - Parker Adventist Hospital Parker Adventist Hospital (PRK) initially looked at twenty-one health issues with community stakeholders, including both disease state and health behaviors. Needs included Asthma, Cancer (Breast, Cervical and Colorectal), Diabetes, Heart Disease, Homicide, Infectious Disease (HIV and Chlamydia), Lung Disease, Maternal Infant and Child Health (Infant Mortality, Teen Birth Rate and LBW births), Overweight and Obesity, Oral Health, Prostate Cancer, Substance Abuse, Suicide and Unintentional Injury, Access to Care, Mental Health, and Equestrian Safety. The community narrowed focus by using a form of the Hanlon Method for Prioritizing Health Problems. Each identified need was rated against a) size, b) severity, and c) alignment with PRK and community existing efforts. Total scores were compiled and resulted in the identification of the following prioritized health issues: Mental Health/Suicide Prevention, Healthy Eating and Active Living, Access to Care and Equestrian Safety. PRK recognizes that focusing on a few health issues leads to greater progress than dispersing efforts across many issues. For each issue, best practices for screening and treatment as well as prevention through environmental and behavioral changes were identified. Healthy eating and active living are lifestyle issues to address overweight/obesity, diabetes and cardiovascular disease. Access to care was identified as both enrollment into coverage and connection with a medical home. Equestrian safety is a focus on injury prevention through promotion of the use of helmets. During fiscal year 2019, the following actions were taken with respect to the four prioritized health issues: PRK increased access to care by enrolling 505 people into available health coverage. Additionally, PRK had 6,367 patient encounters supported by Medical Financial Assistance. PRK partnered with Let's Talk Colorado to reduce stigma associated with mental health. This campaign achieved 45,744,882 impressions throughout the Metro Denver Region, which includes the PRK Service Area. PRK provided Mental Health First Aid classes to 40 community members and partnered with Douglas County Mental Health Alliance to develop a Universal Shared Agreement which manages behavioral health care in the community by helping people get the right care at the right time. PRK reached 215 community members with evidence-based healthy eating and active living programming, resulting in the loss of 505 pounds. PRK associates provided 1,164 staff hours to address community health needs through direct support and partnerships with community organizations and coalitions. PRK did not specifically address Equestrian Safety during this year, recognizing that addressing Behavioral Health, Healthy Eating and Active Living and Access to Care would have a greater health impact on a larger number of people. During fiscal year 2018, PRK took the following actions with respect to its prioritized health issues: PRK increased access to care by providing oversight and education to Emergency Medical Services personnel; and PRK conducted Pathways to Health and Wellness programming that reached over 30 community members with the objective of improving the health of mind, body and spirit. Through healthy eating and active living programming, 339 community members lost 1,368 pounds collectively. PRK reached 54 community members with Mental Health First Aid training to help advance the community's capacity to improve mental health. PRK donated helmets and education to 92 community members to prevent head injuries through equestrian safety. In fiscal year 2017, PRK provided health coaching, health improvement classes and wellness initiatives to 5,386 people to increase awareness regarding mental and physical wellness. PRK also provided resources for the provision of care for over 2,000 medically underserved patients. In addition, PRK provided \$480,752 in resources to train nurses and other health care professionals to address the demands for health care services in the community. PRK provided fitted helmets and education to community members to promote equestrian safety. PRK also had 10,785 encounters with Medicaid p</p>

The community narrowed focus by using a form of the Hanlon Method for Prioritizing Health Problems. Each identified need was rated against a) size, b) severity, and c) alignment with AAH and community existing efforts. Total scores were compiled and resulted in the identification of the following prioritized health issues: Behavioral Health, Healthy Eating and Active Living and Access to Care. AAH recognizes that focusing on a few health issues leads to greater progress than dispersing efforts across many issues. For each issue, best practices for screening and treatment as well as prevention through environmental and behavioral changes were identified. Behavioral Health includes both mental health and substance abuse. Healthy eating and active living are lifestyle issues to address overweight/obesity, diabetes and cardiovascular disease. Access to care was identified as both enrollment into coverage and connection with a medical home. During fiscal year 2019, the following actions were taken with respect to the three prioritized health issues: AAH enrolled 1,397 people into available health coverage. Additionally, AAH had 4,457 patient encounters supported by Medical Financial Assistance. AAH partnered with Let's Talk Colorado to reduce stigma associated with behavioral health. Schedule H, Part V, Section B, Line 11 (continued)	<p>Staff provided 1,239 staff hours to address community health needs in partnership with community organizations. AAH established an electronic referral system to the Nurse Family Partnership Program to support lower income first time mothers to support their babies, prenatal through two years of age, including breastfeeding and nutrition support services. During fiscal year 2018, the following actions were taken with respect to the three prioritized health issues: AAH enrolled 1,051 people into available health coverage; AAH partnered with a local Federally Qualified Health Center to invest in technology to enable physicians across the community to provide a system of care for 51,667 lower income community members; AAH supported the overall health and well-being of 47 new mothers through the Creation Health Program; and AAH staff provided 91 hours to address community health needs in partnership with community organizations. During fiscal year 2017, AAH identified and improved access to behavioral health, healthy eating/active living (HEAL)/obesity reduction and prevention and access to care. AAH implemented efforts to address access to health services, diabetes, obesity, mental health, substance abuse and access to care as priority health needs. These efforts included providing \$187,084 in resources to assist clinics in increasing access to care for medically underserved community members, including behavioral health services. AAH also provided resources to educate 1,562 families and to educate 157 mothers of newborns regarding healthy eating and active living to address issues related to diabetes and obesity. Additionally, AAH dedicated 43,122 staff hours to training nurses, radiologists, pharmacists and other health care professionals to support availability and access to health care services. AAH also had 8,521 encounters with Medicaid patients and patients that received financial assistance. AAH did not address the identified health issues of asthma, cancer, diabetes, heart disease, homicide, infectious disease, lung disease, maternal infant and child health, and oral health due to limited resources and other organizations that address these needs. Part IV Supplemental Information. Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Return Reference	Explanation
Part I, Line 2:	Grants are generally made only to related organizations that are exempt from federal income tax under IRC Section 501(c)(3), or to other local charitable community organizations, or to other 501(c)(3) organizations that are a part of the group exemption ruling issued to the General Conference of Seventh-Day Adventists. Accordingly, the filing organization has not established specific procedures for monitoring the use of grant funds in the United States as the filing organization does not have a grant making program that would necessitate such procedures.

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Part I, Line 1a	<p>As discussed in Part VI, Section B, Line 15, the filing organization's top management officials are compensated by Centura Health Corporation (CHC). All officers and key employees are compensated by CHC, who manages the daily activities of PorterCare Adventist Health System under a joint operating agreement dated December 8, 1995 between Adventist Health System Sunbelt Healthcare Corp. and Catholic Health Initiatives. As such, their salaries are paid to them by CHC, a related organization, for services rendered in their capacity as key employees or officers of PAHS. All of their reportable compensation is disclosed on Form 990, Schedule J, Part II, row (ii) and Form 990, Part VII, column (e) as compensation from related organizations. Travel for companions: CHC provides reimbursement for spousal travel when certain of its executives attend conferences sponsored by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC). AHSSHC is the tax-exempt top-tier parent of PorterCare Adventist Health System (PAHS). All spousal travel costs reimbursed to the executive are considered taxable compensation to the executive. Tax Indemnification and gross-up payments: CHC has a system-wide policy addressing gross-up payments provided in connection with employer-provided benefits/other taxable items. Under the policy, certain taxable business-related reimbursements (i.e. taxable business-related moving expenses) provided to any employee may be grossed-up upon approval by the filing organization's CEO and CFO. Discretionary spending account: A cash discretionary spending account was provided in the current year to eligible executives in the form of a car allowance of \$750 per month to help offset business travel expense. Other discretionary spending accounts may be provided in connection with attendance at conferences but typically do not exceed \$300 per participant. Taxable travel and other spending accounts are considered taxable compensation to the executive. Housing allowance or residence for personal use: CHC has a Corporate Executive Policy that addresses assistance to executives who have been relocated by the company during the year. Relocation assistance is administered per CHC policy by an external relocation company. Any taxable reimbursements made to executives in connection with relocation assistance are treated as wages to the executive and are subject to all payroll withholding and reporting requirements.</p>

Return Reference	Explanation
Part I, Lines 4a-b	<p>Line 4a: During 2018, Michael Goebel received severance payments in the amount of \$205,488. Pursuant to the AHSSHC Corporate Executive Policy governing executive severance, severance agreements for executives operating at the Vice President level and above are entered into upon eligibility to facilitate the transition to subsequent employment following an involuntary separation from employment with AdventHealth. Line 4b: As discussed in Line 1 above, the organization's top management officials' compensation is paid by Centura Health Corporation (CHC). All officers and key employees are compensated by CHC, who manages the daily activities of PorterCare Adventist Health System (PAHS). As such, their salaries and all associated benefits are paid to them by CHC for services rendered in their capacity as key employees or officers of PAHS. All of their reportable compensation is disclosed on Form 990, Schedule J, Part II, row (ii) and Form 990, Part VII, column (e) as compensation from related organizations. Senior executives on the filing organization's management team that hold the position of Senior Vice-President or Hospital CEO are eligible to participate in the CHC EXECU-FLEX Benefit Plan (the Plan). In recognition of the contribution that each executive makes to the success of CHC, CHC provides for participation in the Plan to the eligible executives. The purpose of the Plan is to offer an opportunity to elect from among a variety of supplemental benefits to individually tailor a benefits program appropriate to each executive's needs. The executive is provided with a Flex allowance equivalent to 10% of base salary to purchase selected benefits and to contribute into a deferred non-qualified supplemental executive retirement plan. The Plan provides for a five-year cliff-vesting schedule with respect to amounts accumulated in the executive's deferred compensation account. CHC contributes into these deferred compensation accounts semi-annually and amounts are subject to a substantial risk of forfeiture with active participation required at time of vesting. In addition, CHC provides a Pension Restoration Benefit (PRB) to restore qualified plan contributions lost on income in excess of the current federal maximum allowable compensation to a qualified plan. The PRB provides contributions by restoring the amount that would have been contributed to the executive's retirement savings plan for compensation in excess of the legislative limits. Benefit amounts are added to the participant's flex allowance each year based on their total compensation from the prior year. The following received contributions to a non-qualified plan for the calendar year 2018: CY Employer CY Employer CY SERP CY PRB SERP Contr. PRB Contr. Distrib. Haffner, L. Houmann, and P. Rathbun, are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of a healthcare system known as AdventHealth. Key Employee M. Goebel and Former Key Employee S. Huenergardt were also compensated by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) for a portion of the current year. AdventHealth is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In recognition of the contribution that each executive makes to the success of AdventHealth, AdventHealth provides to eligible executives participation in the AdventHealth Executive FLEX Benefit Program (the Plan). The purpose of the Plan is to offer eligible executives an opportunity to elect from among a variety of supplemental benefits, including a split dollar life insurance policy and long-term care insurance, to individually tailor a benefits program appropriate to each executive's needs. The Plan provides eligible participants a pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits. The pre-determined benefits allowance credit percentage is approved by the AHSSHC Board Compensation Committee, an independent committee of the Board of Directors of AHSSHC. Any funds that remain after the cost of mandatory and elective benefits are subtracted from the annual pre-determined benefits allowance are contributed, at the employee's option, to either an IRC 457(f) deferred compensation account or to an IRC 457(b) eligible deferred compensation plan. Upon attainment of age 65, all previous 457(f) deferred amounts are paid immediately to the participant and any future employer contributions are made quarterly from the Plan directly to the participant. The Plan documents define an employee who is eligible to participate in the Plan to generally include the Chief Executive Officers of AdventHealth entities and Vice Presidents of all AdventHealth entities whose base salary is at least \$250,000. The Plan provides for a class year vesting schedule (2 years for each class year) with respect to amounts accumulated in the executive's 457(f) deferred compensation account. Distributions could also be made from the executive's 457(f) deferred compensation account upon attainment of age 65 or upon an involuntary separation. The account is forfeited by the executive upon a voluntary separation. In addition to the Plan, AdventHealth has instituted a defined benefit, non-tax-qualified deferred compensation plan for certain executives who have provided lengthy service to AdventHealth and/or to other Seventh-day Adventist Church hospitals or health care institutions. Participation in the plan is offered to AdventHealth executives on a pro-rata schedule beginning with 20 years of service as an employee of AdventHealth and/or another hospital or health care institution controlled by the Seventh-day Adventist Church and who satisfy certain other qualifying criteria. This supplemental executive retirement plan (SERP) was designed to provide eligible executives with the economic equivalent of an annual income beginning at normal retirement age equal to 60% of the average of the participant's three, five or seven highest years of base salary from AdventHealth active employment inclusive of income from all other Seventh-day Adventist Church healthcare employer-financed retirement income sources and investment income earned on those contributions through social security normal retirement age as defined in the plan. The number of years included in highest average compensation is determined by the individual's year of entry to the SERP and by the individual's year of entry to the AdventHealth Executive FLEX Benefit Program. Additionally, AdventHealth has adopted a Senior Executive Death Benefit (SEDB) Plan in recognition of the considerable age and service requirements in the SERP. The SEDB Plan provides a benefit in an amount equal to the amount the executive's benefit would have been under the SERP Plan assuming that, on the date of the executive's death (and not before), the executive satisfied the last of the eligibility requirements of the SERP Plan with present value recognizing an early benefit commencement. An eligible executive becomes a participant in the SEDB Plan if the executive dies prior to termination of employment, provided the executive has not satisfied all of the eligibility requirements of SERP as of the executive's date of death but would have satisfied all of those requirements within five (5) years following death had the executive lived and continued employment. The SEDB Plan was reviewed and approved by the AHSSHC Board Compensation Committee, an independent body of the AHSSHC Board of Directors. Form 990, Part VI, Section A, line 1	Pursuant to Article IV of the Bylaws of Portercare Adventist Health System, the Board of Trustees may, by resolution or resolutions passed by a majority of the Trustees thereof, appoint an Executive Committee or such other Committees for any purpose and delegate to such committees any of the powers and authority of the Board of Trustees as is permitted by law. Colorado law precludes a committee of the Board from (I) authorizing distributions; (II) approving or proposing to the member actions that Articles 121-137 of Title 7 of the Colorado revised statutes require to be approved by the member; (III) amending the corporation's amended and restated Articles of Incorporation; (IV) adopting, amending or repealing the Bylaws; (V) approving a plan of merger not requiring approval of the member; or (VI) approving a sale, lease, exchange or other disposition of all, or substantially all, of its property, with or without good will, other than in the usual and regular course of business subject to approval of the member. Such Committees shall have the power to act only in intervals between meetings of the Board of Trustees and shall, at all times, be subject to the control of the Board of Trustees. The Board of Trustees, or if the Board does not act, the Committees, shall establish rules and regulations for meetings and shall meet at such times as are deemed necessary, provided that a reasonable notice of all meetings shall be given to Committee members. No act of a Committee shall be valid unless approved by the vote or written consent of a majority of its members. Committees shall keep regular minutes of proceedings and report the same to the Board from time to time as the Board may require.

<p>Form 990, Part VI, Section B, line 12c</p>	<p>Portercare Adventist Health System has adopted Centura Health's Conflict of Interest Policy: 1. Conflict of Interest Policy: 1.1 Consistent with Centura integrity standards, it is policy that each board of trustee member, corporate officer, and key employee act at all times in a manner that is consistent with Centura's mission and values-based service to the community and exercise care that he or she does not have any personal interest which might conflict with or appear to conflict with the interest of Centura or which might influence their judgment or actions in performing their duties. 1.1.1 In connection with an actual or possible transaction or arrangement involving Centura, any board member, corporate officer, or key employee who has a direct or indirect financial interest must disclose and be given the opportunity to share all material facts with the board considering the proposed transaction or arrangement. 1.1.2 Board members, corporate officers, and key employees are also required to disclose any possible conflicts on an annual basis through the conflict of interest questionnaire. 2. Procedure for disclosing and reviewing transactions or arrangements of potential conflict of interests: 2.1 Board members, corporate officers, and key employees that have a financial interest in any actual or possible transaction involving Centura are required to disclose the financial interest. 2.1.1 In order to determine if a conflict of interest exists, the individual who is considered to have a financial interest may make a presentation at the board or board committee meeting. After such presentation, the individual shall leave the meeting for discussion and a vote on the issue. 2.1.2 After exercising due diligence, the board or board committee shall determine whether Centura can obtain a more advantageous transaction with reasonable efforts from another person or entity. If a more advantageous transaction is not reasonably attainable, the board or board committee shall determine by a majority vote of the disinterested members whether the transaction is in Centura's best interest and is fair. 3. Procedure for disclosing and reviewing other potential conflicts of interest: 3.1 Board members, corporate officers, and key employees shall also disclose in advance to Centura leaders any non-transactional actions or relationships that have the potential to create a conflict of interest. 3.1.1 The board or board committee shall carefully review and scrutinize any potential conflict of interest. By a majority vote of the disinterested members, the board shall take whatever action is deemed appropriate with respect to the board member, corporate officer, or key employee under the circumstances, including possible corrective action, in order to best protect the interests of Centura. 3.1.2 On an annual basis, board members, corporate officers, and key employees will also be sent an email requesting they complete the board member and corporate officer conflict of in</p>

Form 990, Part VI, Section B, line 15	<p>The organization's top management officials' compensation is paid by Centura Health Corporation. All officers and key employees are compensated by Centura Health Corporation, who manages the daily activities of PorterCare Adventist Health System under a joint operating agreement dated December 8, 1995 between Adventist Health System Sunbelt Healthcare Corp. and Catholic Health Initiatives. As such, their salaries are paid to them by Centura Health Corporation, a related organization, for services rendered in their capacity as key employees or officers of PAHS. All of their reportable compensation is disclosed on Form 990, Schedule J, Part II, row (ii) and Form 990, Part VII, column (e) as compensation from related organizations. External consultants are engaged to provide market-based compensation studies to make recommendations to Centura Health Corporation's (CHC) Compensation Committee regarding the compensation of the filing organization's CEO and CFO. The Compensation Committee is appointed by the Board of Trustees of CHC. The Board of Trustees may remove at any time, with or without cause, any member of the Compensation Committee; provided the filing organization's members, PorterCare Adventist Health System (PAHS) and Catholic Health Initiatives Colorado (CHIC), shall have exclusive authority to appoint or remove, with or without cause, any member it or they appoint to the Compensation Committee. The consultant's recommendations are presented to and deliberated by CHC's Compensation Committee. The Compensation Committee relies upon all available comparable compensation data in finalizing its decision concerning compensation for its senior executive positions. The Compensation Committee deliberations and decisions are documented appropriately. CHC's Human Resources department performs an annual analysis of the market to determine compensation ranges for the remainder of CHC's Executives which are reviewed and approved by CHC's senior leadership.</p>

Form 990, Part VI, Section C, line 19	<p>The organization's governing documents are available on the Colorado Secretary of State's website. The filing organization is a part of the system of healthcare organizations known as AdventHealth. The audited consolidated financial statements of AdventHealth and of the AdventHealth "Obligated Group" are filed annually with the Municipal Securities Rulemaking Board (MSRB). The "Obligated Group" is a group of AHSSHC subsidiaries that are jointly and severally liable under a Master Trust Indenture that secures debt primarily issued on a tax-exempt basis. Unaudited quarterly financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP) are also filed with MSRB for AdventHealth on a consolidated basis and for the grouping of AdventHealth subsidiaries comprising the "Obligated Group". The filing organization does not generally make its conflict of interest policy available to the public.</p>

Return Reference	Explanation
Form 990, Part VI, Line 16B, Joint Venture Policy:	Portercare Adventist Health System has not formally adopted a written policy or written procedure regarding joint ventures. Practices are in place that require the filing organization to perform an analysis and evaluation of its participation in every joint venture in which the filing organization will have an ownership interest. The internal review and analysis ensures that the filing organization will not become a participant in any joint ventures that could potentially threaten the tax-exempt status of the filing organization.

Return Reference	Explanation
Part V, Line 1a-1b	<p>Pursuant to an Affiliation Agreement between Adventist Health System Sunbelt Healthcare Corporation and Catholic Health Initiatives, PorterCare Adventist Health System (the filing organization) is managed by Centura Health Corporation (CHC), a joint operating company. CHC is a Colorado, not-for-profit corporation that is exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). CHC has established a shared service center to centralize the Accounts Payable (A/P) functions. The facts and circumstances support a position that CHC, as a payor on behalf of its managed organizations in a shared service environment, will have sufficient management and oversight in connection with the managed organizations' payments to meet the standard set forth in Treas. Reg. Section 1.6041-1(e). CHC will not merely be making payments at the direction of its managed organizations. Accordingly, CHC is considered the payor subject to the information reporting requirements of Section 6041. The filing organization has entered "0" in Part V, Line 1a because the filing organization no longer issues Form 1099 returns, rather, all such returns are filed by and under the name and EIN of CHC as the payor subject to the information reporting requirements of Section 6041.</p>
