| Form 990, PART III, LINE 4A-D | 2019 Community Benefit Report Kaiser Foundation Health Plan of Colorado I. Introduction A. About Kaiser Permanente Founded in 1942 to serve employees of Kaiser Industries and opene d to the public in 1945, Kaiser Permanente is recognized as one of Americas leading health care providers and nonprofit health plans. We were created to meet the challenge of provi ding American workers with medical care during the Great Depression and World War II, when most people could not afford to go to a doctor. Since our beginnings, we have been commit ted to helping shape the future of healthcare. Among the innovations Kaiser Permanente has brought to U.S. health care are: * Prepaid health plans, which spread the cost to make it more affordable * A focus on preventing illness and disease as much as on caring for the sick * An organized, coordinated system that puts as many services as possible under one r oof-all connected by an electronic medical record Kaiser Permanente is an integrated healt h care delivery system comprised of Kaiser Foundation Hospitals (KFH), Kaiser Foundation H ealth Plan (KFHP), and physicians in the Permanente Medical Groups. Today we serve more th an 12.2 million members in eight states and the District of Columbia. Our mission is to pr ovide high-quality, affordable health care services and to improve the health of our member s and the communities we serve. Care for members and patients is focused on their Total H ealth and guided by their personal physicians, specialists, and team of caregivers. Our ex pert and caring medical teams are empowered and supported by industry-leading technology a dvances and tools for health promotion, disease prevention, state-of-the-art care delivery, and world-class chronic disease management. Kaiser Permanente is dedicated to care innov ations, clinical research, health education, and the support of community health. B. Kaise r Permanentes Approach to Community Health For 75 years, Kaiser Permanente has been dedica ted to providing high-quality, affordable health ca |

C. Kaiser Permanentes Total Contribution Kaiser Permanente provided \$3.4 billion in community benefits in 2019. The am ounts attributable to Kaiser Foundation Health Plan of Colorado is \$129.4 million as follo ws: * Financial Assistance at cost - \$30.5 million * Medicaid - \$60 million * Costs of oth er means-tested government programs - \$8.1 million * Community health improvement services and community benefit operations - \$5.3 million * Health Professions Education - \$470,000 * Research - \$2.7 million * Cash and in-kind contributions from community benefit - \$22.4 million In addition to our direct spend on community benefits, we also leverage assets from across Kaiser Permanente to help us achieve our mission to improve the health of communities. This "Total Health" strategy includes our widely recognized activities around suppl ier diversity, socially responsible investing and environmental stewardship. II. Ensure He alth Access A. Summary of The Strategy Ensuring access to high quality health care service s for low-income populations within the communities we serve is core to our mission and ta x-exempt status. Access to healthcare for vulnerable low-income populations is routinely i dentified in our Community Health Needs Assessments as one of the top health needs in the communities Kaiser Permanente serves. There are two main access challenges: coverage and c are. Without access to adequate health insurance coverage, people may not receive the comp rehensive and continuous medical care needed to help achieve maximum health outcomes. And without access to convenient and high-quality care by trusted providers, they are less lik ely to get and/or stay healthy. Over time, access chal |

For Kaiser Foundation Health Plan, Inc. and all of its subsidiary health plans, the main way to address health access challenges is by absorbing the cost of the coverage programs described above. In 2019, Ka iser Foundation Health Plan of Colorado spent a total of \$98.5 million on our coverage and care programs (at cost, net of all related revenues). B. Coverage Adequate health coverage e means consistent access to comprehensive and continuous medical and preventative service s for people to get and stay healthy, a much better and thorough alternative to episodic c are at emergency departments. Coverage is good for the patient, good for Kaiser Permanente and good for the US overall because it helps people get and stay healthy and avoid costly hospital services. i. Coverage provided through Medicaid, CHIP and other government programs The Affordable Care Act has had a far-reaching impact on the landscape of government-s ponsored programs, as these options have become a key source of health coverage for a sign ificant portion of the US population. Kaiser Permanente has responded to this challenge by developing organizational strategies to enable low-income individuals to obtain and/or re tain health coverage through Medicaid, CHIP or other government programs, even as their pe rsonal or financial circumstances may be changing. At the end of 2019, Kaiser Foundation H ealth Plan of Colorado was providing coverage to approximately 43,000 people through these government programs. ii. Coverage provided through CHC CHC is a unique approach to caring for low-income uninsured persons in the community. The program provides a premium subsidy for a KFHP off exchange plan to low income individuals and families who are not eligible for other public or privately sponsored coverage. Eligible participants receive a regular KFHP membership card and have access to the same services and providers as other KFHP individual and family plan members. CHC members also receive |

| C. Care | To get and/or stay healthy, people need access to high quality care by providers they trus t. This care must include preventative services and required medications so that people can avoid ending up in the emergency room or requiring more extensive services down the line. Kaiser Permanente helps low income populations gain access to this type of care by lever aging the full scope of its integrated delivery system, including not only critical hospit al-based services but also outpatient primary, specialty and pharmacy services. i. Care provided through Medicaid, CHIP and other government programs Kaiser Permanente provides a wide range of health care services to individuals enrolled in Medicaid, CHIP and other government programs, regardless of whether they are assigned to Kaiser Permanente or not. In a ddition to the individuals who received health coverage in 2019 due to Kaiser Permanente's participation in these government programs, Kaiser Foundation Health Plan of Colorado als o subsidized care to people who are enrolled in these programs but not formally assigned to Kaiser Foundation Health Plan. ii. Care subsidized by MFA Medical Financial Assistance p rogram (MFA) helps low-income, uninsured, and underserved patients receive access to care. The program provides temporary financial assistance or free care to patients who receive health care services from our providers, regardless of whether they have health coverage or are uninsured. The MFA program is one of the most generous in the health care industry and is available to those patients in greatest need. Eligibility is based on financial need. In general, patients whose household income is at or below 200 percent, and in some regions up to 400 percent, of the federal poverty guidelines are eligible for the MFA program. Patients who are experiencing high medical expenses as compared to their income may be eligible under high medical expenses criteria, regardless of household income. Care | ovides current, up-to-date and searchable information on community resources; geographical ly based community partner networks of social service organizations; and a technology plat form that allows for two-way referrals between health care providers and social care providers. By linking clinical and social care delivery and building social health networks for our members and the communities we serve, Kaiser Permanente is making a bold move to tran sform health. E. Safety-Net Partnerships Kaiser Permanente is committed to building partne rships with the institutions that serve on the front lines of health care for the uninsure d and underserved, often referred to as the health care "safety net." Through grants, trai ning, and technical assistance, we're working with safety-net hospitals and health centers to help these institutions reach people in our communities who are low-income, uninsured, or under-resourced. Specific example(s) of our efforts in 2019 include: Kaiser Foundation Health Plan of Colorado continued its support of the Safety-Net Specialty Care program which provides consultations and specialty care visits to patients served by the safety-net. In 2019, Kaiser Permanente physician specialists provided 631 electronic consultations and 151 face-to-face visits to patients in need of specialty care. This program provides critical access to care for vulnerable patients that would have nowhere else to go to address their specialty health care needs. Additionally, the consultations provided enable the patients to be cared for in the trusted primary care setting while also supporting the role of safety-net primary care providers. III. Improve Conditions for Health and Equity A. Sum mary of the Strategy Healthy individuals need healthy communities, and healthy communities need healthy people to thrive. At Kaiser Permanente, we are working to improve the condit ions for health and equity in the community by addressing the root causes of health, such as economic opportunity, affordable housing, safe and supp |

Schools are passionate about ensuring tha t all students succeed. They need strong partners to help them address health as part of t heir strategy. That's why Kaiser Permanente created Thriving Schools, our all-in engagemen t to improve health for students, staff, and teachers. Our vision is that every community can count on their school as a champion for good health that enables great learning. Kaise r Permanente Thriving Schools is intentional about coordinating our own knowledge and exis ting work in school health with the good work of others. Through our valued partnerships w ith some of the country's most innovative organizations, we are able to provide concrete resources and pathways to health in schools. To create lasting change, we use our voice to advance local, regional, and national policies and a movement to make healthy schools the norm for everyone. A distinguishing feature of Thriving Schools is our complementary focus: we support students, staff, and teachers, and we address their physical, emotional, and social wellness. This approach builds a culture of wellness across the entire school. Spec ific example(s) of our efforts in 2019 include: Kaiser Foundation Health Plan of Colorado supported the RISE (Resilience in School Environments) initiative, an enterprise-wide effor t with the Alliance for Healthier Generation. RISE is designed to empower schools and districts to create afe and supportive learning environments by cultivating practices that s trengthen the social and emotional health of all students and staff, understand and integr ate social and emotional well-being into all aspects of school life. 11 schools and 1 district were recruited in 2019 to participate in RISE onsite program. This effort, reaching 2,744 students and 320 teachers is designed to address po licies and practices that specifically aim to improve school climate and culture through n orms, values, and expectations for staff and students, ensure teacher and staff learnings translate to improved school climate as teachers model and encourage social emotional lear ning skills with students, build adult capacity for self-care and recognition of the signs of trauma and socio-emotional learning competencies, which are designed to be actively per acticed in the classroom and transferred and taught to students. Kaiser Foundation Health Plan of Colorado partnered with the Cherry Creek School District for the HEARTS program. This effort, reaching 1,780 students, 154 staff, and over 3,000 parents/caregivers, is desi gned to create a more trauma-sensitive, safe, and supportive school environments. Strategi es used to meet this goal include, increasing parent, guardian and youth presence and voice in program implementation; promoting and incorporating teacher and staff self-care and s ocial/emotional wellness professional learning opportunities through capacity building and ongoing consultation; and providing coaching and trainings for leadership, staff teachers, and families to promote awareness and to recognize the signs and symptoms of trauma/adver se childhood experiences. D. Thriving Cities The places where we live, learn, work, and p lay - our cities and towns, our schools, our homes, our neighborhoods - have an enormous i mpact on our health. And how we shape those places, through public policy and the support for healthy environments, has the potential to make real, lasting impacts on our surroundings and our everyday quality of life. Through Kaiser Permanente's ongoing partnerships with community organizations, municipal leaders, and public health champions, we are working to incorporate health, equity and sustainability considerations into public policy and the built environment in ways that influence how neighborhoo |

| E. Economic Opportunity | Inclusive economic growth is critical to both individual and community health. When there is a lack of economic opportunity in communities, the prospects for upward social mobility are diminished, often resulting in poorer health and higher mortality rates for people II ving in those communities. By contrast, economic growth and opportunity provides individual is with jobs, income, a sense of purpose, and opportunities to improve their economic circ umstances overtime. As a large, influential institution in our communities, Kaiser Permane nte recognizes that the way we do business can support economic opportunity in local commu nities through how we hire, purchase, build our facilities and partner with communities. So me ways that we're helping revitalize and grow our communities by strengthening economic opportunity include: * Providing good jobs to individuals facing barriers to employment th rough high-impact hiring and workforce pipeline efforts. * Pursuing a social impact invest ment strategy to support impact investments aimed at addressing key social issues that have a significant impact on health. * Purchasing goods and services from local minority-and women-owned businesses and encouraging good employment practices by our vendor partners. * Building new facilities with an emphasis on positive local community impact, including lo cal construction hiring, local and diverse purchasing, healthy and sustainable design feat ures, neighborhood revitalization, and deep community engagement. Specific examples of our efforts in 2019 include: Kaiser Foundation Health Plan of Colorado created the Kaiser Per manente Diversity Scholarship Program as a community outreach effort to financially support t minority students pursuing an education for any health career. The objectives are to add ress the shortage of diverse health care and public health professionals. | E. Economic Opportunity | in health or sustain health improvements achieved in a medical setting. With homelessness affecting more than 550,000 people every day throughout our country, the need for safe, st able and affordable housing has never been greater. Kaiser Permanente understands the conn ection between housing and health. Our impact investments aim to create more affordable ho using, reduce the displacement of lower-and middle-income households, and end homelessness by ensuring access to supportive housing. Specific example(s) of our efforts in 2019 incl ude: Kaiser Foundation Health Plan of Colorado partnered with Community Solutions and the Colorado Division of Housing to launch a statewide leadership team to 'clear the pathaddre ss community barriers to end homelessness. Community Solutions is Kaiser Permanente's nati onal partner for ending veteran and chronic homelessness in Kaiser Permanente communities. Community Solutions is a nonprofit that leads Built for Zero, a movement of more than 80 cities and counties using data to radically change how they work and the impact they can a chieve; and proving that it is possible to make homelessness rare and brief. In order to p ropel this movement to end homelessness up and over a tipping point, Community Solutions w orks with communities to solve the most persistent challenges that stand in the way. This partnership will form a team that includes 20 key stakeholders from federal and state gove rnment agencies, nonprofit service providers, policy advocacy organizations, and health systems. The team has set an aim of ending homelessness, within two years, for three Colorad o communities. G. Environmental Stewardship We believe it is our obligation as a health care provider to minimize our environmental impact. We embed efforts to be environmentally r esponsible throughout our organization - in how we power our facilities, purchase food and medical supplies and equipment, manage waste, and invest in our communities. We also prio ritize partnerships with others to develop policies a |

Specific example(s) of our efforts in 2019 include: Kaiser Permanente finalized an agreement for a major renewable energy purchase, enabling us to achieve our goal of becoming carbon neutral in 2020. Kaiser Permanente dedicated 20% of overall spending on products to items that met our Environmentally Preferable Purchasing standards and dedicated 42% of spending on food to items produced I ocally or from farms and producers that use sustainable practices, including using antibio tics responsibly. Kaiser Foundation Health Plan of Colorado dedicated 17% of its overall spending on products to items that met Kaiser Permanentes Environmentally Preferable Purcha sing standards; hosted solar photovoltaic panels at seven of its facilities; and responsibly reused, recycled or composted over 607 tons of materials. |

| IV. Advance the Future of Community Health | A. Summary of the Strategy Kaiser Permanente works in partnership with our communities, us ing our collective knowledge to identify and implement creative solutions to difficult com munity health problems by: * Inspiring young people to pursue careers in health care * Con ducting research to identify and eliminate disparities in care * Advancing health innovati on and achieving greater and more equitable health outcomes In 2019, Kaiser Foundation Heal th Plan of Colorado spent a total of \$3.2 million on programs to advance the future of co mmunity health (at cost, net of all related revenues). This included \$470,000 in health pr ofessionals education and \$2.7 million in research. B. Health Professionals Education Our Graduate Medical Education (GME) program provides training and education for medical resid ents and interns in the interest of educating the next generation of physicians. The natio nally acclaimed program attracts some of the top medical school graduates in the United St ates and serves as a national model by exposing future health care providers to an integra ted health care delivery system. Residents are offered the opportunity to serve a large, c ulturally diverse patient base in a setting with sophisticated technology and information systems, established clinical guidelines and an emphasis on preventive and primary care. In 2019, Kaiser Foundation Health Plan of Colorado supported interns and residents through the GME program. The majority of medical residents are studying within the primary care me dicine areas of family practice, internal medicine, ob/gyn, pediatrics, preventive medicine, and psychiatry. In addition to GME, we provide a range of training and education progra ms for nurse practitioners, nurses, radiology and sonography technicians, physical therapi sts, post-graduate psychology and social work students, pharmacists, and other non-physici an health professionals. Kaiser Permanente is uniquely positioned to do research due to its rich, longitudinal, electronic clinical databases that capture virtually comple te health care delivery, payment, decision-making and behavioral data in detail to support primary, secondary and tertiary clinical care across inpatient, outpatient and emergency department settings for its geographically and demographically diverse members. In 2019, K aiser Foundation Health Plan of Colorado engaged in over 300 active studies including over 100 clinical trials and published approximately 160 journal articles. Kaiser Foundation H ealth Plan of Colorado's research center, the Institute for Health Research (IHR) was esta blished in 1992 and is an integrated department that conducts, publishes, and disseminates epidemiologic, behavioral, health services, implementation and clinical research. The IHR also hosts a clinical trials program, and a robust community evaluation team. The IHR has a specific focus on conducting research that can be translated into clinical practice, he alth promotion, and policies to influence the health of individuals and populations. Inves tigators undertake research in a number of areas, including cancer, vaccine safety and adh erence, behavioral health, opioid addiction, multimorbidity and complex care, as well as n on-medical determinants of care. Individuals prescribed high-dose opioid therapy are at in creased risk for opioid overdose. Although new practice guidelines have led to substantial reductions in opioid prescribing across the United States, significant decreases in pharm aceutical opioid overdose have not been documented. A study published in 2019 in JAMA Netw ork Open by a team of researchers from Kaiser Foundation Health Plan of Colorado followed 15,000 patients receiving long-term opioid therapy. They found that attempts to taper or d iscontinue opioid therapy to reduce the risk of overdose may lead patients to be exposed t o variability in dosing. This variability may in turn |
