990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part III, Line 1	SIGN's mission is to build orthopaedic capacity in developing countries by providing ongoing training and education to the local orthopaedic surgeons, which is augmented by providing a sustainable supply of orthopaedic implants designed for use in primitive local hospital conditions. The majority of the implants and instruments provided to programs have been designed and manufactured by SIGN personnel. In-kind donations of products not manufactured by SIGN are distributed to some of the busier programs. According to the World Health Organization, the epidemic of injuries caused by road traffic accidents, work injuries, and conflicts affects 20 to 50 million people every year. Ninety percent of the people injured live in developing countries where access to adequate care is limited. SIGN's mission to build the orthopaedic capacity within these countries will support the local surgeons in providing appropriate and timely care to the injured poor. There are approximately 5,000 surgeons in nearly 300 hospitals in 50 developing nations which have benefited from SIGN training and the provision of implants and instruments. SIGN also responds to disasters in locations where SIGN has existing programs or where SIGN programs need to be developed.
