<p>Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote</p>	<p>Effective January 1, 2018 Cottage adopted the new revenue standard using the modified retrospective method The most significant impact of adopting the new standard is to the presentation of our consolidated income statements, where we no longer present the "Provision for doubtful accounts" as a separate line item and our "Revenues" are presented net of estimated implicit price concession revenue deductions We also have eliminated the related presentation of "allowances for doubtful accounts" on our consolidated balance sheets as a result of the adoption of the new standard The Hospital's revenues generally relate to contracts with patients in which the performance obligations are to provide health care services to the patients Revenues are recorded during the period the Hospital's obligations to provide health care services are satisfied The Hospital's performance obligations for inpatient services are generally satisfied over periods that average approximately a few days, and revenues are recognized based on charges incurred in relation to total expected charges The Hospital's performance obligations for outpatient services are generally satisfied over a period of less than one day The contractual relationships with patients, in most cases, also involve a third-party payer (Medicare, Medicaid, managed care health plans and commercial insurance companies) and the transaction prices for the services provided are dependent upon the terms provided by (Medicare and Medicaid) or negotiated with (managed care health plans and commercial insurance companies) the third-party payers The payment arrangements with third-party payers for the services we provide to the related patients typically specify payments at amounts less than our standard charges Medicare generally pays for inpatient and outpatient services at prospectively determined rates based on clinical, diagnostic and other factors Services provided to patients having Medicaid coverage are generally paid at prospectively determined rates per discharge, per identified service or per covered member Agreements with commercial insurance carriers, managed care and preferred provider organizations generally provide for payments based upon predetermined rates per diagnosis, per diem rates or discounted fee-for-service rates Management continually reviews the contractual estimation process to consider and incorporate updates to laws and regulations and the frequent changes in managed care contractual terms resulting from contract renegotiations and renewals Revenues are based upon the estimated amounts Cottage expects to be entitled to receive from patients and third-party payers Estimates of contractual allowances under managed care and commercial insurance plans are based upon the payment terms specified in the related contractual agreements Revenues related to uninsured patients and uninsured copayment and deductible amounts for patients who have health care coverage may have discounts applied (uninsured discounts and contractual discounts) Cottage also records estimated implicit price concessions (based primarily on historical collection experience) related to uninsured accounts to record selfpay revenues at the estimated amounts expected to be collected</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	The shortfall from total costs for Medicare patients is a significant loss to the hospital. The Hospital is providing care to patients whose insurance (Medicare) does not cover the entire cost of their care. This provides significant aid to the elderly in the community. Some of these elderly people would qualify under FAP guidelines for financial assistance under any other Payer program. The dollars reported are taken from the 2018 Medicare Cost Report and are derived following their guidelines of allowable and non-allowable costs.
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	Cottage Health's Financial Assistance Policy (FAP), which includes actions Cottage Health may take in the event of non-payment and applies to the largest number of Cottage Health's patients, states that Cottage Health will not engage in Extraordinary Collection Activities (ECAs) (defined in the policy) for a period of at least 150 days following the date of the first post-discharge billing statement, nor will Cottage Health engage in ECAs before making a reasonable effort to determine whether a patient is eligible for financial assistance pursuant to Cottage Health's FAP. The FAP further states that, at least 30 days prior to engaging in any ECAs, Cottage Health will (a) provide written notice to patients regarding the availability of financial assistance, the specific ECAs Cottage Health intends to take in the event of non-payment, and a deadline after which Cottage Health may initiate ECAs, (b) provide to patients a written plain language summary of Cottage Health's FAP, and (c) make reasonable efforts to orally notify patients about Cottage Health's FAP and how the patient can obtain assistance with the financial assistance application. The FAP further states that, if Cottage Health receives a complete financial assistance application during the Application Period (as defined in the FAP), Cottage Health will suspend ECAs and process the patient's application, and if Cottage Health receives an incomplete financial assistance application during the Application Period, Cottage Health will suspend ECAs and provide a reasonable opportunity for the patient to submit a complete financial assistance application. ECAs are defined as (a) actions requiring a legal or judicial process, and (b) reporting adverse information to credit reporting agencies or credit bureaus. Cottage Health's FAP further states that Cottage Health may employ reasonable collection efforts to obtain payment from patients, other than ECAs, including issuing statements, making telephone calls, and sending e-mail messages.

Schedule H, Part VI, Line 5 Promotion of community health	<p>The Board of Directors is made up of prominent community members who volunteer their time to ensure that the Goleta Community has access to high-quality, affordable healthcare. The Board of Directors is actively involved in the Hospital's strategic decisions and takes its commitment to the Community very seriously. The Board approves of an annual financial budget and reviews a long-term financial plan to guarantee the Hospital will continue to offer hospital services to the Community for years to come. The Board also approves of annual top goals that are consistent with the mission, vision and values of the Hospital. The financial forethought of the Board of Directors resulted in surplus funds that were used to rebuild the facility. Because of Board foresight, construction was complete and in 2016 Goleta Valley Cottage Hospital moved into its new hospital which complies with the unfunded mandate of the State of California's Senate Bill 1953 (SB1953), requiring all hospitals to retrofit or rebuild in order to withstand a major earthquake. The Hospital used this opportunity to live the core value of excellence by ensuring that the new facility met the current and future healthcare needs of the Community. Goleta Valley Cottage Hospital works cooperatively with the open medical staff to improve healthcare in the community. The Hospital is exploring how to better align with physicians in order to provide the highest quality of care.</p>
