The screenshot shows the Autodesk web interface. At the top, the 'AUTODESK' logo is on the left, and a search bar with a magnifying glass icon is on the right, marked with a red '1'. Below the logo is a navigation bar with links: 'Account', 'Home', 'Products and Services' (marked with a red '2'), 'User Management', 'Billing and Orders', 'Reporting', 'Support', and 'Settings'. The 'Products and Services' section is active, showing a sub-navigation bar with 'All Products and Services', 'Product Updates' (underlined and marked with a red '2'), 'Custom Install', 'Trials', and 'Hubs'. Below this, the 'Product Updates' section is displayed, with tabs for 'All' and 'Libraries'. A search bar is present, containing the text 'Residential' (marked with a red '3') and a 'Filter' button. To the right of the search bar is a 'Release date' dropdown menu set to 'Past 3 months'. Below the search bar, a dropdown menu shows two options: 'US English Residential Content Pack for Revit 2026' (marked with a red '2') and 'US English Residential Content Pack for Revit LT 2026'. Below this, a table lists the content packs. The table has columns for 'Type', 'Size', and 'Release date'. The first row is for 'US English Residential Content Pack for Revit 2026' (marked with a red '2'), with a 'Download' button (marked with a red '4') and a chevron icon. The second row is for 'US English Residential Content Pack for Revit LT 2026', also with a 'Download' button and a chevron icon. The table also includes checkboxes for each row.
