TIDY LESS, LIVE MORE

On the outside, you hold it all together: the job, the people, and other demands of busy life. But on the inside—that is, inside your front door—lurks a mess that persists. Piles return, space vanishes, weekends disappear to cleaning. Despite storage systems and cleaning hacks, you're caught in a cycle of maintenance, guilt, and frustration. The truth is, clutter isn't the real problem. It's a symptom of something deeper: a conflicted identity. *Tidy Less, Live More* introduces a new way forward—an identity-based approach to decluttering and organizing. While most home-organizing books will tell you how to physically clean a room, *Tidy Less, Live More* addresses the root cause of clutter.

- AN IDENTITY-BASED APPROACH TO DECLUTTERING AND ORGANIZING.

"What a helpful book for reframing clutter that also offers effective strategies to internally change so our external spaces can be changed too. Recommended!" —5 star *NetGalley* review

AER DOGS

This is the story of a small team of Irish trailblazers who made low-cost air travel available to billions of people across the world.

It is a story that traces its roots back to Tony Ryan, the aviation pioneer behind leasing giant GPA and Ryanair.

But it is the story of what happened next.

It is the story of Irelandia, a groundbreaking aviation investment company led by Ryan's son, Declan Ryan, a company that took Ryanair's low cost DNA global through a string of airlines: Allegiant, Tiger Airways, Viva Aerobus and Viva Air.

It is a story of the ultra-competitive world of aviation, a world where fortunes can be gained and lost.

THE ART OF NEGOTIATION

Anyone can learn to become a good negotiator. Let me show you how. I became a professional negotiator at the age of 23, and within just 12 months, I was single-handedly negotiating \$1,000,000 deals. Being a negotiator has been such an empowering experience, and I've been able to transfer my professional skills into my personal life. Whether it's buying a home, budgeting for a wedding, or even buying a car, we all need to negotiate. In this book, I'll share insider tips, as well as teach you how to master the fundamentals, set clear objectives, overcome obstacles (i.e. turn 'no' into 'yes') and build long-term relationships, whether you are negotiating for yourself, or on behalf of your business.

BECOMING SOUL

This story starts with the premise that we are not our bodies. We are our souls. Our consciousness live on when we leave the earth through death. We continue to develop our souls during each lifetime we visit the earth and then go back to being only consciousness. In choosing a new lifetime each soul knows there are natural earth stages we each must endure to develop new earth lessons. There are seven stages that we pass through to arrive back to this eternal sacredness of ourselves. In each of us lies a quest to find our own soul's purpose, and to find our way home by becoming soul again through Silence, Hope, Suffering, Loss, Survival, Believe, Heaven.

ABOUT THE AUTHOR

El Alma

El Alma is an Australian award-winning author and semi-retired counsellor. She has worked in relationships, trauma, loss and grief, and later in intellectual disabilities. She believes people move through recurring stages in life—silence, hope, suffering, loss, and survival. After her daughter's passing, she came to believe in eternal life and embraced two further stages: belief and heaven. She teaches that while people may close their souls, living in survival mode can lead to disease of body and mind.
