

Perq

Increase your benefits list without increasing your budget

About Perq

Perq is the MBTA transit program that turns you into a commuting hero by saving your employees (and your company) money. It's an easy way to increase your benefits without increasing your budget.

Employers enrolling in Perq access tax-advantaged transit benefits and benefit from savings on payroll taxes and reduced transit expenses and stress among their employees.

The program allows employers to make bulk purchases of monthly subway, commuter rail, bus, and ferry passes on behalf of their employees. Employees can then pay for those passes with pre-tax dollars. Companies also can choose to further subsidize the cost of those passes to earn even more employee appreciation.

Program benefits

Perq provides employers savings on payroll taxes and extra flexibility in considering transportation investments such as company shuttles or parking leases.

Companies who offer Perq can proudly add transit solutions to their list of employee benefits—which can help with finding and keeping talent in a tight job market. This benefit works for every employee, from salaried executives to hourly shift workers. It can even help your company save money on parking expenses while reducing your carbon footprint.

Employees who use Perq cards—which function just like regular MBTA monthly pass cards—get the benefit of tax-free transit costs and the convenience of cards that are purchased through their employers and delivered to them automatically by those employers. This means employees no longer need to stand in line at a station to purchase their monthly passes.

Getting Perq for your company

Signing up for Perq takes just three simple steps:

1. Gather basic info, including your company's Federal Tax ID number, W-9, and full address.
2. Go to perq.mbta.com to fill out a simple [registration form](#).
3. With the help of an MBTA Perq advisor, get your employees the benefits of Perq within 2-3 business days.
