

Perq

Adding value to your commute

About Perq

When you live in Greater Boston, getting to work can be a challenge. The MBTA makes things a little easier with Perq, the monthly pass program that lets you get your pass directly through your employer, at tax-advantaged rates.

Here's how Perq works:

STEP 1

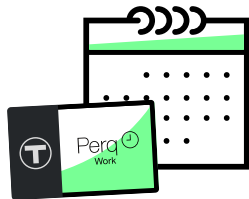

Find out if your employer offers Perq—and if not, send them to mbta.com/perq to sign up.

STEP 2

Let your employer know that you'd like to participate. They'll need to know what kind of pass you need, based on whether you commute by bus, subway, train, or ferry.

STEP 3

Pay what you'd ordinarily pay for a monthly pass, only using pre-tax dollars for a net savings. (And some employers even subsidize the cost of the cards, so you should ask yours.)

STEP 4

Use your Perq card just as you would on your daily commute—and during your off hours too. Enjoy knowing that you just added value to your commute without changing your route or your schedule.

Time is money.
Save a little of both. Use Perq.
