WHY CANNABIS INDUSTRY COMPANIES TRUST STEALTH FOR SECURITY NEEDS

- Can perform Health Canada approved installs
- Average 500+ arrests per year
- Data is available 24/7
- High-tech IP surveillance systems that are monitored in real time
- Combination of technology with human intelligence to detect and help prevent criminal activity in real time
- Ability to see crimes in progress often results in quicker police response times
- Real-time "Talk Down" solution acts as an immediate audio deterrent
- Interaction and information sharing with authorities to build relationships with local police departments
- Video review service provides an easy and cost-effective way for companies to investigate and document incidents (ex. claims, lawsuits, vendor management)
- High-risk sites can receive 24/7 monitoring, including weekends & holidays
- Recurring diagnostic checks on equipment to maintain health of hardware and camera network
- Packaged value-added services custom-built with internal programming department to support core services

MANAGE RISK AND MITIGATE LIABILITIES

There is a great need for video surveillance in the marijuana industry. Not only do most jurisdictions require it, it is critical in helping to protect against theft in such a cash-heavy industry. Whether you run a small retail dispensary, multi-store company, wholesale distributor, or are a licensed producer, Stealth can custom design a solution that will keep your investment safe and compliant with the government-mandated regulations.

STEALTH PROVIDES THESE BENEFITS:

- Works with industry leaders & compliance experts
- Streamlined access management & security protocols for people & vehicles
- Customizable service protocols & operational reporting
- A team of operators watch your cameras remotely, no matter where your property is located
- Cost-effective way to manage building activity and reduce the risk of unauthorized access
- Video review to investigate any issues and verify compliance
- Monitoring to ensure safety procedures are being followed

Leaders in Remote Video Monitoring & IP Security Solutions

THE STEALTH ADVANTAGE

Real-time Health Checks & 24-hour IT Support

Recurring diagnostic checks on equipment and site inspections

Site Analysis & System Design

Consultation and customized solutions to enhance security measures

High-Definition Surveillance

In-house software development and installation team work together to provide top-quality products and technical support

Operational Management Tools

Customized service protocols to meet client-specific requirements

Video Analysis

Proactive video investigation team performs video reviews for security and operation events

Live Remote Video Monitoring

Customized monitoring solutions: live video monitoring, analytic event-based monitoring and video guard tours

SERVING CUSTOMERS ACROSS NORTH AMERICA

Technological advancements with the internet and sensory responses have allowed Stealth to revolutionize the security industry. From how security is managed to how security duties can be performed, Stealth presents you with an all-in-one security solution that uses remote video monitoring capabilities to provide a wide range of services.
