WHY SELF-STORAGE COMPANIES CHOOSE STEALTH FOR SECURITY NEEDS:

- High-tech IP surveillance systems that are monitored in real time
- Average 500+ arrests per year
- Combination of technology with human intelligence to detect and help prevent criminal activity in real time
- Ability to see live crimes in progress often results in quicker police response times
- Real-time "Talk Down" solution acts as an immediate audio deterrent
- Interaction and information sharing with authorities to build relationships with local police departments
- Video review service provides an easy and cost-effective way for property managers to investigate and document incidents (ex. claims, lawsuits, vendor management)
- High-risk sites can receive 24/7 monitoring, including weekends & holidays
- Customizable security service protocols & operational reporting
- Recurring diagnostic checks on equipment to maintain health of hardware and camera network
- Packaged value-added services custom-built with internal programming department to support core services

MANAGE RISK AND MITIGATE LIABILITIES

Security is essential at self-storage properties and can often make or break a potential customer's decision when selecting a facility. Stealth Monitoring's proactive video surveillance doesn't just help protect your self-storage property, it drives up fill rates and controls operating costs. It's a critical service when you're also protecting your customers' possessions and need to limit exposure to premises liability.

STEALTH PROVIDES THESE BENEFITS:

- Watch for live **BREAK-INS** and property damage
- Monitor for people trying to live in storage units and relay information to management
- Eliminate costly and inefficient drive-by patrol services
- Lessen your liability by increasing security around office areas, glass windows, storage units and access gates

*Choose an industry leader with nearly
50,000 watched cameras every night*

Leaders in Remote Video Monitoring & IP Security Solutions

THE STEALTH ADVANTAGE

Real-time Health Checks & 24-hour IT Support

Recurring diagnostic checks on equipment and site inspections

Site Analysis & System Design

Consultation and customized solutions to enhance security measures

High-Definition Surveillance

In-house software development and installation team work together to provide top-quality products and technical support

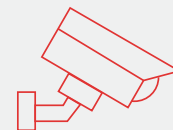

Operational Management Tools

Customized service protocols to meet client-specific requirements

Video Analysis

Proactive video investigation team performs video reviews for security and operation events

Live Remote Video Monitoring

Customized monitoring solutions: live video monitoring, analytic event-based monitoring and video guard tours

SERVING CUSTOMERS ACROSS NORTH AMERICA
