

TIME-LAPSE

MANAGE PROJECTS AND MARKET YOUR BUSINESS
 One low monthly fee with no upfront equipment costs

Stealth Monitoring is North America's Leader in Proactive Remote Video Monitoring. We Use the Latest Technology and Highly Skilled Video Analysts to Monitor Commercial Properties for Unusual Activity

Stealth Time-Lapse Camera Benefits:

Strategic Camera Placement

Document Job Progress

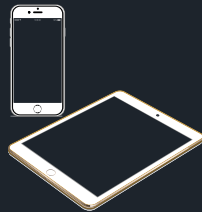

Showcase Your Projects

Monitor Job Progress Online

Connect with Clients

View Site on Mobile Devices

Stealth makes it easy to seamlessly view the scope of your entire construction project from beginning to end, check your site in real time, share your progress with stakeholders and market your capabilities to important influencers.

Cameras are mounted on neighboring buildings or other vantage points to obtain the best aerial shot of your project.

Time-lapse cameras are a great way to document and monitor the progress of your job.

Video can be created at any time, day or night, so you can view every detail of your project and document each step to make sure you stay on time and on budget.

Time-lapse videos are an excellent marketing tool for construction companies and property management firms to showcase their projects.

Videos are a visually engaging way to connect with clients and other interested parties.

Time-lapse photography can be shared across websites and social media channels.

Stealth's inclusive monthly service provides many added value benefits:

- Cameras are serviced to ensure top video quality
- Custom-branded time lapse video produced and delivered upon project completion
- Custom-branded web link can be viewed live for duration of project
- Daylight snapshot taken every 10 minutes, edited and saved to Stealth server

View every detail of your construction project and document every step for better decision-making capabilities.

Video can be created at any time day or night for effective project management.

Keep stakeholders informed of the progress on construction projects.
