A COMPLETE SECURITY SOLUTION FOR SUPERIOR PROPERTY PROTECTION AND SAVINGS

Stealth Monitoring backs its powerful live monitoring and top-quality IP cameras and network with a multi-level Total Service offering. In addition to monitoring your property, we also monitor your entire surveillance data network, including cameras and DVRs. We can take immediate action when we see a property threat or detect a network problem.

Customer Service: Stealth's proprietary camera statistics software constantly checks cameras and equipment to ensure they're working and operating correctly. It can detect problems related to power, internet, wireless, and camera outages.

Control Center Support: Trained operators watch cameras and evaluate activity. They can identify when systems are down and perform basic troubleshooting 24/7.

Advanced Customer Support: Stealth analysts conduct video research, study significant video analytic data and respond to customer investigation requests. Our technical support team is on call 24 hours a day to respond to customer emergencies.

Detect

Trained operators can detect unusual activity on your property.

Respond

Operators can send audio warnings to on-site speakers and call police.

Update

Property owners and managers are notified when there is a property incident or technical issue.
