Media Collection

Alcove is your choice for the most contemporary room style. Movable storage beneath bed and adjustable shelves let you save space and gain flexibility.

Alcove

Room Solutions

RT LONDON®

Alcove

features

- Clean lines and metal accents combine to create a contemporary aesthetic.
- Flexibility with movable shelves. The integrated holes contribute to its modern design and are functional - allowing the metal shelves to be repositioned anywhere along the headboard, footboard or wing panels.
- Space saving solutions. Stacking drawers tuck beneath bed or can be stacked 5-high to maximize floor space.
- Integrated work space. Desk height aligns with fixed shelf on storage hutch to create additional work space. Tackboard is available.

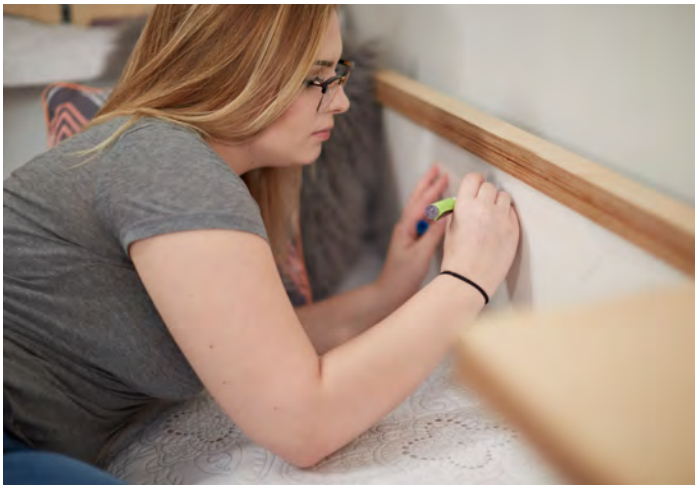
Evolve helps students balance their social and academic needs by providing adaptive, modular pieces that can move with the individual student as their priorities shift throughout the semester.

Evolve
Room Solutions

RT LONDON®

Evolve



features

- Constructed using an exposed multi-ply core with maple or oak veneer.
- Laminate available on worksurface top and 3-drawer chest.
- Height adjustable bed; 7 bed deck heights on the single bed and 19 bed deck heights on the studio bed.
- Deck: spring or 3-piece wood.
- Double sided pin channel to allow the worksurface and cubbies to be placed on either side of the headboard and footboard.
- Choose from Metal, Veneer, Whiteboard and Enhanced Stabilzer Rails.
- 3-drawer chest includes integral pulls and gives students ample storage room. The 3-drawer chest also allows for a stacking wardrobe with an integrated safety clip at rear.
- Evolve consists of innovative furniture pieces that serve multiple functions, are easy to move and reconfigure, gives ample storage and offers students a variety of places to study.
- Adjustable worksurface provides multiple heights and allows a student to move around their room for the best experience. It can also be used as additional wardrobe storage.
- Optional hanging bar and pencil tray can be added to the worksurface for a fully functional unit.
- Additional modular pieces such as the cubbies, storage cart and tray give the student not only more storage, but also more versatility in their space.
- Tackable panels add privacy and personalization to the Evolve bed system.
- Lounge chair and stool add a comfortable place to relax while keeping the same aesthetics of the bed furniture.

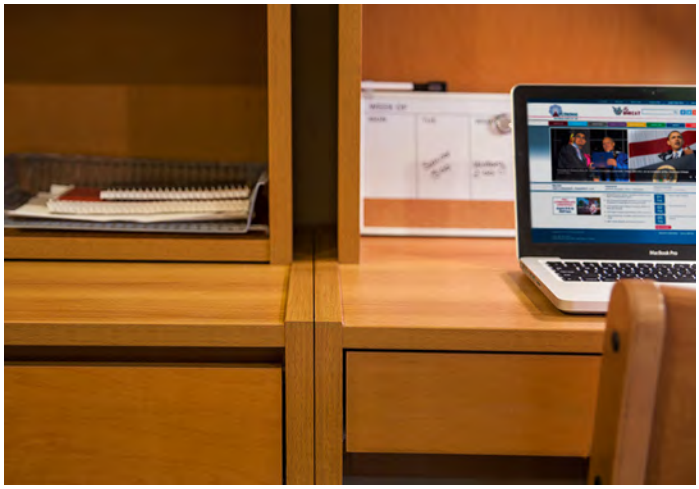
Modular, flexible, strong. With over 50 configurations, MFS sets up just the way you want it and rearranges easily without tools. With unmatched durability, MFS is solid construction built to be climbed on.

MFS
MFS Renew

Room Solutions

MFS



MFS and MFS Renew

Both MFS and MFS Renew offer the same features and benefits and are interchangeable with each other. The only difference is the removal of the decorative solid wood corner joint to create the MFS Renew furniture pieces. This results in a more streamlined aesthetic and a lower price option.

features

- Laminate work surface with 3mm edge band.
- Solid construction. Designed to be climbed on, rearranged and stand up to student use year after year.
- Furniture components are 1" hardwood veneer plywood with 3/4" back panel using glue and dowel construction with reinforced cleats for long-lasting durability.
- Dovetail drawer box construction with removable drawer front, waterproof vinyl bottom and open to 3/4 of their depth.
- Built-in flexibility. Modular components stack and can be rearranged to create unique room configurations.
- Simple. Designed to be simple to rearrange so it can be done quickly, easily and safely - without tools.
- Versatile. Beds can be placed on the floor, bunked or stacked on furniture to create trundled or lofted layouts.

This versatile line provides different looks through choice of pulls and exposed or concealed fasteners. RH Series offers all the options, looks and convenience you'll ever need.

RH Series

Room Solutions

RT LONDON®

RH Series

features

- Constructed using hardwood veneer plywood panels.
- Glue and dowel or dry-fit construction method. The "dry-fit" construction method uses exposed metal-to-metal fasteners and allows components to be easily replaced in the field without having to invest in an entirely new unit.
- Aesthetic choices. Solid hardwood drawer fronts feature two integral pull choices or an aluminum bar pull for a more contemporary look.
- Dovetail or dowel drawer box construction with removable drawer front, waterproof vinyl bottom and open to 3/4 of their depth.
- Expansive line of desk and storage pieces with a streamlined look to blend with any of our Bed Solutions.

beds & accessories

Our beds are well designed with simple adjustments, flexible features and long-term sustainability. They coordinate seamlessly with any of our Room Solutions products, offering many choices of design and features.

Statement of Line

Breton

Essix

Evolve

Griffin

Maxwell

Solo

Tool-Free

The modified mortise and tenon construction of this bed solution, combined with the durability of solid wood posts with integrated pins and rails offers you the best of both worlds.

Breton

Room Solutions

RT LONDON®

Breton

features

- Solid hardwood post and rails.
- Headrails attach to the posts with a modified mortise and tenon joint, then glued, screwed and secured by the pin channel.
- Height adjustable. Patented one-piece pin channel provides eight different bed deck heights with tool-free adjustment.
- One-piece metal side rail for strength and finished look.
- Beds can bunk and loft without tools. Integrated wood pegs in each post means there is no loose hardware to manage.
- Loft kit stabilizer bar includes an integrated locking device to ensure safe, secure application.
- Guard rails are available and recommended for use in bunked and lofted positions.

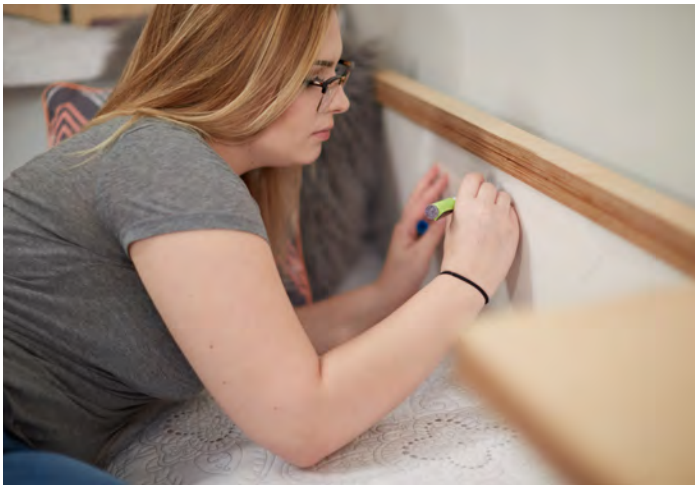
Evolve helps students balance their social and academic needs by providing adaptive, modular pieces that can move with the individual student as their priorities shift throughout the semester.

Evolve
Room Solutions

RT LONDON®

Evolve



features

- Constructed using an exposed multi-ply core with maple or oak veneer.
- Laminate available on worksurface top and 3-drawer chest.
- Height adjustable bed; 7 bed deck heights on the single bed and 19 bed deck heights on the studio bed.
- Deck: spring or 3-piece wood.
- Double sided pin channel to allow the worksurface and cubbies to be placed on either side of the headboard and footboard.
- Choose from Metal, Veneer, Whiteboard and Enhanced Stabilzer Rails.
- 3-drawer chest includes integral pulls and gives students ample storage room. The 3-drawer chest also allows for a stacking wardrobe with an integrated safety clip at rear.
- Evolve consists of innovative furniture pieces that serve multiple functions, are easy to move and reconfigure, gives ample storage and offers students a variety of places to study.
- Adjustable worksurface provides multiple heights and allows a student to move around their room for the best experience. It can also be used as additional wardrobe storage.
- Optional hanging bar and pencil tray can be added to the worksurface for a fully functional unit.
- Additional modular pieces such as the cubbies, storage cart and tray give the student not only more storage, but also more versatility in their space.
- Tackable panels add privacy and personalization to the Evolve bed system.
- Lounge chair and stool add a comfortable place to relax while keeping the same aesthetics of the bed furniture.

Fabric & Custom Finish Options

If our standard surface materials don't offer what you are looking for, we've made it easy to customize a solution.

CSM Fabrics

Customer Specified Material. Still looking for the perfect fabric? We've made graded in easy. Simply let your sales representative or Customer Service know what fabric you would like on your furniture and we will grade it in. Pricing will vary depending on the fabric cost. Once fabric is approved, we handle procuring the necessary yardage for your furniture. CSM fabrics are applied across the roll, unless otherwise specified.

COM Fabrics

Customer's Own Material. Contact Customer Service to arrange your own fabric on our lounge and seating products. We can provide you with the yardage that is required and you have fabric shipped directly to one of our manufacturing plants. We ask that a sample be sent to us so we can make sure it will work on our lounge or seating products. Once the fabric has been approved, we will notify you that we can proceed with accepting your fabric and producing your order. For COM pricing, use the Price Grade 1 upgrade. COM fabrics are applied across the roll, unless otherwise specified.

CAL 133

California Technical Bulletin 133. CAL133 is a standard for public buildings or public assembly areas that have areas containing 10 or more pieces of seating. Most of our products can be modified to comply with CAL 133 requirements. Contact Customer Service for pricing and approved CAL133 products.

Custom Finishes

Our standard wood and laminate finishes offer a wide variety, however we offer custom finishes to meet the design needs of our customers. Contact Customer Service to discuss our custom finish capabilities.

Additional information regarding CSM & COM Fabrics

Fabrics are applied across the roll [warp horizontal or railroaded are other commonly used terms] unless otherwise specified. Upholstering furniture across the roll allows no seams on sofa backs, settee backs and other larger pieces. Fabric direction varies on samples from textile companies. We encourage you to contact the textile manufacturer for clarification to ensure your furniture gets upholstered how you intended.

Please note, additional yardage may be required based on fabric repeat, pattern, width of role and upholstery direction. Once fabric is selected, Customer Service can determine if additional yardage will be required.
