

ACE YOUR NEXT FACILITY RENOVATION.

CHOOSE SAFER, QUIETER, AND FASTER SOLUTIONS FROM MAXXON.

Renovating educational facilities is a complex equation. Speed, safety, and the wellbeing of students and faculty are essential factors. So is achieving durable, long-term results.

Adding Maxxon to your flooring renovation projects checks all the boxes. Our innovative products are specially engineered to fast-track your renovations without compromising quality or enduring excessive disruptions.

Whether timing your projects during vacation breaks or over the academic calendar, Maxxon keeps you on schedule with faster, safer, smarter renovation solutions.

Maxxon Prioritizes Health & Speed Without Sacrificing Performance.

RENOVATE WITH OUR BEST-IN-CLASS SOLUTIONS:

- **FAST-ACTING & FAST-DRYING PRODUCTS:** Keep renovations on track with easy installs and rapid curing times that ensure quick turnarounds.
- **EASY CLEAN UP:** Skip the mechanical cleaning — our products clean up easily with water or soapy water.
- **LOW VOC EMISSIONS:** Preserve indoor air quality with our low VOC products.
- **LOW OR NO DUST PROCESSES:** Keep worksites cleaner and reduce the added step of invasive shotblasting.
- **KEEP THE NOISE DOWN:** Reduce construction noise and minimize disruptions for students, staff, and faculty.
- **MOISTURE MITIGATION:** Protects against common flooring failures and safeguards against mold.
- **LASTING DURABILITY:** Protects your facility investment for years to come.

GRADUATE TO A HIGHER LEVEL OF RENOVATION EXCELLENCE.
