Life is busy. And sometimes even a little stressful. But no worries—our free, confidential Employee Assistance Program (EAP), administered by Workplace Options, is here to help with any issue, **BIG** or **SMALL**.

With just a click or call, you can get instant help for everyday needs, like finding adult care for your loved ones or balancing the family budget. And if life really gets you down, the program offers counseling with experienced professionals (confidential, of course).

Just visit **www.achievesolutionsglobal.net** (company code: automation) or call **1.855.897.4044**. You may notice that this website and phone number are new for our EAP. While our EAP is now available to Rockwell Automation employees globally, the U.S. network of EAP providers hasn't changed. Workplace Options, in partnership with ValueOptions, offers the same services we've had in the past.

You don't need to memorize the EAP website or phone number to take advantage of this free 24-hour resource. Keep this wallet card nearby so you can find the EAP contact information exactly when you need it. We've even included one for a family member, too!

We provide this brief overview for employees and prospective employees. However, this overview is not intended to be a complete explanation of the various plans. Detailed descriptions of individual plans and policies are found in the respective Summary Plan Descriptions. The Company hopes to continue these plans indefinitely, but reserves the right to amend, suspend, or terminate plans in whole or in part at any time. Further, this overview does not create nor imply a contract of employment.

March 2014

Workplace Options is your employee and family assistance service, available 24 hours a day, 7 days a week, 365 days a year.
